SEEDS AND PLANTS 1901
From THE CALLA GREENHOUSES
CALLA, OHIO.
HOW TO ORDER.

MUCH TROUBLE, DELAY, AND DISAPPOINTMENT MAY BE AVOIDED BY OBSERVING THE FOLLOWING INSTRUCTIONS.

YOUR NAME. We ask a special favor that you write your name plainly as possible. Most people write their order's plain enough, but when they come to sign their name and address (the most important part) they write it carelessly. It may be plain enough to them, but in such cases those not familiar with the name cannot read it. This one item alone causes more annoyance and delay than all others combined. Again we say please write your name plainly as possible.

USE OUR ORDER SHEET. Please use our enclosed order sheet as it will ensure the more correct filling of your order. Fill out all blanks, especially your name and address and state how you wish your goods sent, whether by mail or express. Write the name of only one item on each line and mark the catalogue price in proper column opposite the name.

SEED & PLANT Orders Separate

Keep Seed and Plant orders separate. Our Seed and Plants are in separate departments under the supervision of different persons. It will therefore facilitate the filling of orders by keeping them separate. If you do not wish to order Seeds and Plants at the same time, tear order sheet apart and retain part for future use.

ORDER EARLY. It would be a great accommodation to us if more of our customers would send their orders early before the rush of the busy season. If you should postpone ordering until seeds are wanted, you can rely on getting them promptly. Don't go to the nearest grocery store and buy old seed that you know from experience are liable to disappoint you.

CORRESPONDENCE. Don't mix your order and correspondence together. If you wish to write us concerning the order, write on back of order or on separate sheet. Many mistakes are made or plants omitted from order by mixing the order and correspondence together.

SIZE OF ORDER. We cannot accept orders for plants for less than 25 cents. As the trouble and expense of packing and mailing one or two plants would cost us more than the plants are worth. This restriction, however, does not apply to seed orders.

WHEN TO ORDER. We are frequently asked when is the best time to order plants. Our answer is when you can best care for them. We are shipping plants almost every day throughout the year. The bulk of our trade, however, is during March, April, and May. Persons ordering seeds and plants together may have ordered seed and plants and both will arrive. In such cases it is best to state when ordering that you will notify us when to send the plants.

SEEDS AND PLANTS BY MAIL.

All seeds and plants offered in this catalogue, unless otherwise stated, will be carefully packed and forwarded by mail, postage paid by us, to any post-office in the United States, and guaranteed to reach you in good condition. No matter where you live whether in Maine or Florida, Oregon or Texas we will deliver them to your nearest post-office.

SEEDS BY EXPRESS. Persons ordering seeds in large quantities to be forwarded by express or freight may deduct 8 cents per pint, 15 cents per quart, and 10 cents per pound from catalogue price. Where the order is large and distance not too great, this is always the cheapest way to order. We do not pay Express charges.

PLANTS BY EXPRESS. Many prefer to have their plants forwarded by express, as we can usually send larger plants, and the soil being left on the roots they always reach you in good growing condition. The extra size and condition of the express charges. We do not prepay express charges, but always add liberally of choice grass plants, which in many instances will more than pay the charges.

SPECIAL EXPRESS RATES. All express companies now carry seeds and plants at a reduction of 20 per cent. from regular merchandise rates.

OUR GUARANTEE. We guarantee all Seeds and Plants to be first class, true and pure. In so far that should any prove otherwise, we will refill the order or refund the price paid. We, however, will in no case be held responsible for more than first cost of the goods. We guarantee all plants to reach you in a fresh growing condition; but here our responsibility ceases, as we cannot be held responsible for plants dying through careless treatment.

O. O. D. Please don't order Plants and Seeds sent Collect on Delivery. There is no advantage to you as return charges on the money must be paid by you, which is an unnecessary expense and rates is almost as much as the charges on the goods.

TERMS.

REMITTANCES. All orders must be accompanied with cash. We keep no book account with our customers, and will in no case fill orders where there are no remittances.

HOW TO SEND MONEY. All money should be sent by Postal Money Order, Bank Draft, Express Order, or by Registered Letters. If sent by any of the above ways it is at our risk, but if sent in an ordinary letter we will not be responsible in case of loss. We consider Postal Money Order the safest and most convenient, and the cost is so trifling.

STAMPS. Please don't send Postage Stamps, as they so frequently become a damp in transit and stick together causing much annoyance and frequently the entire destruction of the stamps.

ADDRESS.

L. Templin & Sons, Calla, Ohio.

MISTAKES. As we sometimes receive more than a thousand orders per day mistakes in filling them will sometimes occur. We always hold ourselves in readiness to rectify all errors. If you should fail to receive your goods in a reasonable time, or should any thing be missing, then write us and be sure and state the exact date you wrote your order, or the number of order, or both, the name and address, whether by Money Order, Registered Letter or Bank Draft, &c. If you send a Money Order give the number, date and amount.

Keep a record here of when you sent your order, amount, etc.

Exact date you mailed your order Kind of remittance sent, Money Order, Bank Draft, or Registered Letter.

Amount of your remittance.
INTRODUCTORY.

In submitting our annual Seed and Plant Catalogue for the coming season, we wish first of all to thank our many friends and patrons for their very liberal patronage, and for the many kind words spoken here and there in our behalf, all of which have aided materially in the remarkable increase of trade which we are pleased to report. One of the most pleasant tasks we are called upon to perform during the entire year, is writing these few lines of greeting to our many thousands of friends and patrons, among whom we recognize hundreds of tried and true friends of many years standing. It would be a pleasure indeed to meet each one personally and talk over our varied experiences, pleasures and disappointments; it is always more agreeable to deal with personal acquaintances. Under existing circumstances, and at the request of many of our patrons, we feel that we are justified in presenting herewith portraits of the late founder, and present proprietors of "The Calia Greenhouses."

We shall endeavor in the future as in the past, to execute all orders entrusted to us in such a manner as to merit a continuance of your patronage. In the rush of filling thousands of orders, errors will sometimes occur, and clerks are not always as careful as they should be. Should any former patron be dissatisfied with the manner in which their order was filled, we will consider it a favor if you will state your grievance frankly; we are in the business to stay, and cannot afford to leave errors go uncorrected. Our motto has always been

"A Pleased Customer is the best Advertisement."

To strangers who may receive a copy of this catalogue, we kindly ask a careful examination; true, it is a very small affair compared with some others that you will receive, but please bear in mind that the size and style of the catalogue is not always an indication as to the quality of the goods offered therein. A packet of seeds, a Geranium or Rose ordered from these gorgeous Catalogues at a fabulous price, will not be a whit better than the same variety ordered from this little catalogue. You have no doubt ere this, by colored plates and wonderful descriptions been induced to pay exorbitant prices for some Novelties, which proved to be a sad disappointment. In our opinion the catalogue contains faithful illustrations and truthful descriptions of only such varieties as will give satisfaction, and that can be sold at reasonable prices, is by far the most interesting.

Our Facilies. We now have one of the largest and best equipped establishments in the United States that is devoted exclusively to growing Plants for the Retail Mail Trade. The large establishments, as a rule, issue Wholesale Catalogues and dispose of the greater part of their stock to the trade, making the Retail Mail Trade a secondary matter. Our stock is grown exclusively for the Retail Mail Trade.

Our Prices. We wish to call special attention to our prices. After all, the price is the most interesting feature of any catalogue. Other catalogues will warn you to beware of cheap catalogues. We give a few reasons on next page why we can and do sell our goods cheaper than any other dealers, and at the same time have a reasonable profit. We do not hesitate to guarantee our goods equal in every respect to similar goods sent out by other responsible houses. We do not claim our goods better than all others, such claims are silly; as stated before, we are in the business to stay, and our future trade depends altogether on the kind of goods we send out.

Vegetable Seed Department. Pardon us if we betray a feeling of pride in the remarkable growth of our Seed Trade. Only a few years ago a pound or so of each variety was sufficient to supply the demand. The demand has increased so rapidly, that this has become a very important branch of our business; instead of ordering a pound or so of each variety, we now contract with growers all over the country and in Europe to grow our seeds for us by the tons. We believe this remarkable increase is due to the quality of the seeds we handle, to our reasonable prices, to the quantity of seed contained in each packet, as stated in catalogue, and especially to our system of testing our seeds and stamping result of test, together with date on each packet, so that the purchaser will know the age and quality of the seeds they are purchasing.

Names Wanted. Kindly send us the names of your friends and neighbors who buy Seeds and Plants.
Choice Vegetable Seed Novelties.

The following four pages will be found to contain a few of the most desirable new varieties of Vegetable Seeds. In most instances we give the introducer's descriptions. We procure them all from reliable sources, and we do not hesitate to recommend them to our patrons, believing they will prove satisfactory.

CRIMSON GLOBE BEET.
(Introduced By Peter Henderson and Co.)

"This is a most valuable introduction. We have it in our trial grounds for several seasons, and believe it will be quite distinct, and we are thoroughly convinced of its value either for private use or as a market sort."

The root is not large, averaging about three inches in diameter, but is of very handsome shape, being quite round, with a clean smooth surface and small tap-root. The leaves are quite small with slender stems. There is no variety where richness of color in both top and root is so beautifully combined as in this sort, making it just as valuable for ornamental purposes as for table use. Its size is convenient for bunching, which with its attractive top, will make a fine appearance for market use." Price, 1-2 oz. pkt. 10 cents; ounce 20 cents; 1-4 pound 45 cents.

The DIRIGO BEET.

JONES Stringless Wax Bean.
A White Seeded Variety With Round, Stringless Pods.

CRIMSON GLOBE BEET.

This splendid new Bean is the result of crossing a white seeded sort with the famous stringless Yosemite. The cross brought out two very valuable qualities. One is that this new variety is entirely without string, and the other is its beautiful white dry beans. The New Jones Stringless Wax is very hardy, wonderfully productive, and not liable to rust. The pods are uniformly handsome, round, fleshy, well filled and well shaped. No Wax-sort has a prettier pod and none excels it in quality.

The dry white beans grade as No. 1 Medium, but have one special advantage, viz: They are at least two weeks earlier than any strain of Medium, Navy or Marrowfat. In case the beans are not all used in the green state, they are equally valuable in the dry state. Price, 2 oz. packet 10 cents; 20 cts. per 1-2 pint; 20 cents per pint.

NEW GIANT GREEN POD STRINGLESS VALENTINE BEAN.

The Round Pod Valentine Bean has long been one of the most popular with market gardeners, but outside of improving slightly the existing type, nothing has been achieved to better it materially. Now, however, a new variety is offered possessing all the merits of the old and in addition the following points which greatly enhance its value. It is ready for the market with a more prolific crop of pods two weeks earlier. The pods are one-third larger, averaging five to six inches in length. They are always absolutely stringless, round, full, fleshy and very crisp. You will make no mistake by ordering this variety. Price, 2 oz. pkt. 10 cents; 1-2 pint 20 cents; pint 30 cents.

NEW ASPARAGUS,
IVORY.

An entirely new and distinct variety introduced from Europe, which we believe will become very popular on account of its ivory white, tender shoots, which remain white and tender even after harvesting high above the ground. Asparagus is one of the most delicious of all vegetables, and this new variety which comes to us highly recommended will doubtless prove to be a valuable acquisition. Try it. 1-4 ounce packet, 10 cents.

"Your seeds and plants have always been what you recommend them. I have several catalogues to select from, but I prefer yours." Mrs. M. Cox, Bradford, Pa.

"Your dealings with us have always been perfectly satisfactory. When we want plants we always patronize your firm." Mrs. W. C. Barth, Corona, California.
NEW CABBAGE, Earliest White

Giant.

This new German sort is said to be the earliest of the large round Cabbages, producing its first heads in early in July. The heads of this variety are fine ribbed and of exceedingly fine flavor. This sort comes to us so highly recommended by the best authorities that we concluded to offer it to our customers for trial, for while we already have some excellent early cabbages the heads of these are rather small, and if this kind should prove superior it will fill a long felt want and prove a money-maker for our market gardeners and a very desirable sort for the home garden. Price, 1-8 oz. pkt. 10 cents; 1-2 oz. pkt. 25 cents; oz. 45 cents.

Early Spring
Cabbage...

Introduced by Peter Henderson & Co., who claim it to be “The only Extra Early, Round Flat-Headed Cabbage in the World.” “Coming in with the Wakefield, and yielding one-third more than any other Early Cabbage,” the shape that is so popular in all the markets.

“There is another Cabbage we know of having as solid a heart. Heads firmly at an early stage of growth. Leaves quite small, so that it may be planted closely. Of finest quality; unsurpassed for private or market gardens.” 1-8 oz. pkt. 10 cents; 1-2 oz. pkt. 20 cents; oz. 35 cents.

THE FAMOUS
Danish Ball-Head.

GERMAN EXPORT or SOLID EMPEROR.

The Danish and Holland Cabbage, which is being sold under various names, has become exceedingly popular. Owing to the extreme hardness of the heads it is without exception the best shipper and winter keeper grown. The weight of a head when trimmed ready for market is fully one-fourth more than any other variety of similar size. It is a reliable head if planted in strong soil. Large quantities of this variety are imported annually and sell in our markets at much higher prices than our American varieties. It has been found that by using the best imported seed it can be grown equally well here. We offer the genuine Danish Ball-Head, our seed being grown for us by one of the most reliable growers in Denmark. Price, 1-6 oz. pkt. 5 cents; oz. 20 cents; 1-4 lb. 75 cents; lb. $2.75.

New Rose-Ribbed, or Golden Rose
Self-Blanching Celery.

This superb Celery, when ready for the table, is of a beautiful, light golden-yellow color, very distinctly streaked with pink. It is a sport of the Golden Self-Blanching and possesses all the good points of its parent. It stands unrivaled among Celeries in points of quality and beauty. It is unequalled in flavor by any other variety grown; until it is the most beautiful and appetizing vegetable that can be selected to grace a dinner table. It is easily grown and may be blanched by a single light hilling; and it is a splendid keeper. The individual stalks are thick and stocky and of perfect texture as to brittleness. There can be no mistake made in planting this handsome and altogether excellent Celery, especially for home use for a choice market. Price, 1-8 oz. pkt. 10 cents; 1-2 oz. 25 cents; oz.
Early Cyclone Cucumber.
The Earliest White Spine Cucumber in the World.

This valuable novelty originated by Mr. C. P. Coy of Nebraska, probably the largest and most experienced grower of Cucumbers in the world. We give the introducer's description: "It is not only the earliest Cucumber grown, but is of the popular 'White Spine' type. "A well known gardener says, "It is the finest I ever saw, there were so many leaves and so close together as to completely shade the fruit, and at almost any place in a foot's length you could count from 10 to 15 Cucumbers, 3 to 4 in a bunch, something I never saw before only in pictures." The accompanying illustration is from a photograph and gives a correct idea of the fruit.

Price, 1-4 ounce 10 cents; ounce 20 cents; 1-4 pound 75 cents.

New Wonderful Lettuce.

The largest heading Lettuce we have ever seen, having been grown to six pounds in weight, the average size, however, with ordinary culture, is from two to three pounds. The heart is very solid, of pale green color, very tender, very crisp, and without the slightest trace of the bitterness found in the majority of Lettuces. As an example of its "standing" properties, perfect Lettuces were cut from the same bed for upwards of seven weeks during the past hot and dry season. Price, 1-4 oz. pkt., 5 cts.; oz. 15 cts.

CRISP-AS-ICE LETTUCE.

A beautiful new Lettuce of the Cabbage type. The solid heads are of immense size, and so brittle and tender as to account for the name bestowed upon the variety. The leaves are thick and glossy and somewhat curled, of a green color, variegated bronze. The heads have a rich creamy-yellow heart. This Lettuce cannot be overpraised for home use in spring and summer, but it is rather too brittle for market. It must have plenty of room in the row on account of its size. One of the best head Lettuces ever grown, either for sowing early in hot-beds for transplanting or for sowing in the open ground. 1-4 oz. 10 cts.; oz. 25 cts.

NEW TRIUMPH WATERMELON.

This new Melon has created quite a furor among Southern shippers on account of the very high prices realized by the few who have grown them. Triumph is a cross between Duke Jones and Kohl Gem, having the handsome dark green color of the former and the fine shipping qualities of the latter, but infinitely superior in flavor and grows much larger than either. Mr. D. H. Gilbert, a large Florida grower, gathered from half an acre 823 melons, weighing over 48 lbs. each, with no small melons on the vines. 5 cts. per 1-4 oz. packet.
Extra Early Long Keeper

...Australian Brown Onion...

Is of medium size, wonderfully solid and most attractive for a market, both as to form and appearance. This variety was engraved from a photograph. They are extremely early in ripening and never make any stamnacks or scissions. Every seed seems to produce a good plant and the bulb begins to form very quickly, when the plant is not over three inches high. Planted with the Red Weatherfield it proves to be nearly four weeks earlier and ripens off more uniformly. It has the reputation of keeping indefinitely, and we think from its firmness and hardness that it will keep in good condition longer than any other Onion known. 

So widely contrasted from any other Onion is its color that it will be noticed on the market, and when once bought the purchaser will be likely to return and call again for "those beautiful brown Onions," price, 1-4 ounce packet, 5 cents; ounce, 15 cents; 1-4 pound 50 cents.

Prosperity, or Gradus Pea.

A Long Step Towards Prosperity In The Pea World.

This new extra early, dwarf growing Pea is a great advancement. It combines the finest quality with extreme earliness and is very productive. The smooth varieties of extra early Peas have heretofore filled their place in a way, as they could be planted very early, while the wrinkled sorts could not be planted until milder weather, but there has been the need of an "extra early" which would always have the sweetness and fine flavor of the wrinkled varieties. "Gradus" therefore fills the want; and is the first extra early wrinkled Pea. It is very hardy and can be planted fully as early as the smooth Peas. Grows vigorous and healthy; vines two and one-half feet high and is as prolific, bearing pods fully as large and uniform, containing from 8 to 10 large peas. The color of the shell of peas is a beautiful light green, which color they remain after being cooked; the quality and flavor is delicious, and the peas remain tender and sweet for a long time. Price, two ounce packet, 10 cents; one-half pint 20 cents; pint 30 cents.

Extra Early SURPRISE Pea.

This valuable extra early wrinkled Pea was introduced last season by Mr. Gregory of Marblehead, Mass. We give his description as follows: "The new Pea, which we named and introduced, is the earliest of all the wrinkled sorts. If grown side by side with the very earliest of the hard sorts, it will be found to be even earlier than many of them, including Alaska. The vines grow 20 to 24 inches high, and there is no need of staking. They are loaded with well filled pods, not as large as the American Wonder, but far more numerous, and are ready for market several days before it. Though fully as productive as the earliest hard sorts, it has the deliciousness which belongs only to the wrinkled varieties." Price, 10 cents per packet; 20 cents per one-half pint; 30 cents per pint.

NEW PEAS, IMPROVED PRIDE OF THE MARKET.

Here we have an improved strain of the popular Pride of the Market. It is of compact habit, about 20 inches high, requiring no support. The pods mature at the same time as the seeds, and are uniformly large and well filled with large peas of the finest quality. Price, 5 cents per pt; 25 cents per pint.

NEW ZIMPFER PARSNIP.

The original seed of this variety, like that of very many other good things now commonly cultivated, was brought here by German gardeners from the Fatherland. Mr. Zimpher, a market gardener, has grown this selected strain of seed for many years for his use only, always selecting the most perfect roots in all points for this purpose until it is the purest stock and grows the handsomest Long White Parsnip of the many stocks we have ever tested. It is a splendid variety for market, especially where the roots are sold in bunches, being of much more desirable shape than any of the Hollow Crown or Cup varieties. It is sweet, smooth and very white. Price, 10 cents per quarter ounce packet.

LIVINGSTON'S THANKSGIVING PUMPKIN.

A valuable new Pumpkin in the style of the old Chase Pumpkin but having flesh fully twice as thick. "We have had specimens weighing fifty-five pounds and having only one and one-fourth ounces of seed in them, the flesh being in some places six inches thick." The flesh is orange in color, of fine grain, sweet, and has the delicious flavor essential to the making of first-class pumpkin pies. The same origin is from the custom of having pumpkin pies on Thanksgiving. Price, 1-4 ounce pkt, 5 cents; ounce 15 cents.

Big Tom Field Pumpkin.

This grand new Pumpkin, the seed of which was offered the first last season, is the result of many careful selections from the old Golden and Michigan Mammoth Pumpkins. So carefully has the selection been made that the Big Toms will run uniformly to more than twice the size and weight. The skin and flesh are of a deep, rich orange color, of excellent flavor for pies, etc., cooking soft and tender. For table use and stock feeding no more profitable or better variety can be grown. It is enormously productive, over twenty tons being produced on an acre. They are very uniform in size and oblong in shape. Give this new variety a trial. Pkt. 10 cents; oz. 20 cents; 1-4 lb. 40 cents.
NEW WATERMELON, KLECKLEY SWEET.

Large, oblong Melon, 20 inches in length by 10 to 12 inches in diameter, somewhat tapering at the ends. The skin is dark green, flesh bright scarlet, ripening close to the skin, the rind being only about one-half inch in thickness. Seeds white, lying close to the rind, leaving a large solid heart that does not crack open when ripe. The scarlet flesh is sweet and juicy and is of such texture that it leaves no strings or pulp whatever in eating. The only drawback to this melon is that it is too tender to stand shipping, the rind being so brittle that it often crumbles into pieces. The unanimous verdict is that it is the finest of all Watermelons for home use. Price, 1-4 oz. pkt. 5 cents; oz. 15 cents; 1-4 lb. 30 cents.

...New White "ICICLE" Radish...

An entirely distinct new variety, producing long, slender, pure white, transparent Radishes from which it derives the name. Much earlier than any other long White variety, while the roots continue brittle, crisp and mild for a long time. From one planting of seed tender Radishes may be had for the table for a longer period than from any other variety. Burpee says: "We can recommend the new 'Icicle' Radish as being quite equal, or even superior to the finest long scarlet varieties." Roots about four inches long and a half inch in diameter. A desirable variety for the home garden, and market gardeners will find it a money maker. Price, 1-6 ounce packet, 10 cents; ounce, 25 cents.

..New Leafless Radish...

This extra early Radish is remarkable for the small size of its leaves; the roots grow so quickly that they are practically in advance of the leaves, and for this reason is called leafless. The roots are almost large enough for pulling before there is a top to pull by, its peculiar crimped roots being "few and far between." These handsome little Radishes are of a beautiful bright color, and the crisp, tender flesh is excellent. Try it if you want something odd. It is a shy seeder and we can offer it only in small quantities. Price, 5 cents per packet; 1-2 ounce 15 cents; ounce 25 cents.

New Triumph Radish.

This dainty little Radish comes from Holland. It is beautiful and odd, and when mixed in a bunch with scarlet and white varieties makes a pleasing contrast. The pure white skin is distinctly striped and dotted with bright scarlet, and are strikingly handsome. It is a splendid forcing variety, globe-shaped, extremely early, having small tops and maturing quickly. It is quite productive and is very popular with garden culture. Its novel appearance will attract attention everywhere. Sold in packets only. 10 cts. per 1-8 ounce pkt.

NEW WINTER SQUASH,
COLD BRONZE.

This fine new Squash comes from Mr. Gregory the originator of Hubbard and several other popular varieties. In shape it resembles Boston Marrow. In size 8 to 10 pounds. Color, dark grayish green with bronze on a grayish back. The melon is quite firm and can be eaten when half ripe, the rind is not quite thin enough to make it susceptible to any disease. It is a wonderful table melon and very productive. Price, 1-2 ounce packet, 10 cts.; ounce 20 cents; 1-4 pound 50 cents.
Livingston's New Magnus Tomato.

This very distinct and most promising new variety, of the color of Beauty and Acme, is the latest addition by Livingston to the Tomato family. It is thicker, heavier and more solid than either Acme or Beauty, making it easily the most handsome sort in Cultivation. It is unsurpassed in quality, and in the production of fine, large fruits. While perfectly adapted to main crop planting, yet it matures so quickly that it will take first rank for early market. The form is perfect, uniform, large and attractive. Flesh is very firm. It is a robust grower with short joints, setting its fruit clusters closer together than most varieties, and is therefore a heavy cropper. The fruits are very deep from stem to blossom end, many of them being almost globular. It ripens evenly, does not crack about the stem, and the flavor is most delectable. The originators say: "We have tested it for several years for staking up in the open field, as well as for forcing in the greenhouse and under glass, and find it entirely unequalled for such purposes. Price, per pkt. of 100 seeds 5 cts.; oz. 35 cts.

New Yellow Prince Tomato.

A fine new yellow Tomato of dwarf, compact, upright growth, as early as Dwarf Champion; of large size, smooth and solid, flavor very desirable. On account of its dwarf, compact habit, it can be planted much closer than any other varieties. Price, 5 cents per packet of 100 seeds.

THE "ENORMOUS" TOMATO.

This wonderful new Tomato was introduced two years ago. The name "Enormous" was selected on account of its enormous size. It is truly enormous in size and the peer of other varieties in every respect. It is not early but one of the best main crop Tomatoes ever put on the market. Price, 5 cts. per pkt. of 100 seeds.

Burpee's "Combination Tomato."

A splendid sort for home use, market or canning. Of vigorous growth, the vines are yet very short and fruitful. In color the skin is of the brightest shining scarlet; size medium to large, round, smooth and free from cracks. An average specimen measures from 3 to 4 inches across and about 2 inches thick. Flesh solid, seed cells small, flavor fine, quite sweet. They have fine keeping qualities, as very few have rotted after standing nearly four weeks. Pkt. 100 seeds, 5c.

NEW HARDY WINTER SPINACH.

This will prove to be a valuable sort to all lovers of this delicious vegetable, either for Spring or Fall planting. The habit of plant is somewhat like Victoria, growing close down to the ground. This habit makes it valuable for spring planting as it retains moisture around the plant quite effectually, a valuable quality during the hot days of early June, enabling the plant to grow to its full size before running to seed, or getting burned out by the sun. It is also quite hardy, as the heaviest snow gives it ample protection, thus ensuring an early start and a good crop in the Spring. The color of the plant is quite attractive, not so dark as Victoria nor so light as Thicks Leaves; it is very short stemmed, so that it may be planted quite closely. Price, 5 cents per pkt.; 15 cents per ounce.

NEW WISCONSIN GOLDEN SALSIFY.

It was originated by a gentleman living in Southern Wisconsin. When prepared for the table, this variety has a quality which for delicious flavor, extreme richness and tenderness, has been approached by neither of the old varieties. Its habit of growth is unlike the other varieties, the leaves are dark green in color, finely crimped and curled, and the roots have a slightly yellowish tinge. Price, 10 cents per quarter ounce.
New Giant Pansy,  
"MASTERPIECE."

This strain really represents the highest perfection in Giant Pansies, and for this reason has been called "masterpiece." It might be called a Double Pansy, although the number of petals are the same as in other Pansies, but they are crimped and curled in such a fashion that the flowers appear double. The flowers are of enormous size, often three inches in diameter, and the rich coloring, variations and combinations are odd and striking. The growth and habit of the plant is strong, bushy and compact, retaining a healthy condition well into the hot, dry summer months when other Pansies perish. Well worthy a place in every garden. Price, 100 seeds, 20 cents.

CANDYTUFT,  
"QUEEN OF ITALY."

This new Candytuft is probably the most beautiful of all. The plants form dwarf, compact bunches which are covered with very large pink blooms. It is one of the best of plants for borders and carpet beds on account of its habit, beautiful color, and freedom of bloom. Packet of 100 seeds 5 cents.

Large Flowering Morning Glory,  
"ROCHESTER."

This grand new Morning Glory is remarkable for the large size and new color of the flower. Vines strong and growing quickly twelve to twenty feet high with magnificent foliage, leaves measuring from eight to ten inches across, and remaining on the vine close to the ground during the entire summer. Flowers four to five inches across, deep violet blue in the throat, blend out to an azure blue, bordered with a wide white band around the edge. The flowers form in clusters of from three to five, from the ground to the top of the vines. It is a rapid grower, with magnificent foliage and large handsome flowers. Pkt. 10c.

Ruffled and Frilled Japanese Morning Glories.

A most remarkable and beautiful new class of the new popular Japanese Imperial Morning Glory, "The Perfection of all Morning Glories." Immense flowers sometimes as large as saucers, all wavy, ruffled, folded and frilled from throat to margin like crumpled violet, giving them somewhat the appearance of an immense double flower. Choice mixed varieties, including a great variety of colors and forms. 10 cts. pkt. of 25 seed.

New Emperor Salpiglossis.

Ease of culture is the first quality that commends the Salpiglossis to all amateur gardeners. It thrives in any good garden soil and in almost any situation, though like other flowers it responds readily to good treatment. The New Emperor strain is a very great improvement on the older type in his increased size of flowers, their improved shape and larger variety of colors, and more than all else in their singularly beautiful veining of gold. These are the only flowers to our knowledge, that show a glint of gold in their coloring. Price, per packet of 150 seeds, 5 cents.

Moss Verbena.

This new Verbena produces a mass of fine, moss-like foliage, and as the branches spread out over the ground in all directions a lovely carpet of mossy green is formed, above which are borne the delicate clusters of purple-blue blossoms in the wildest profusion. The effect is most charming. It is more hardy and robust than most Verbenas, and blooms in a very short time. Very beautiful. Pkt. 10 cts.

New Eschscholtzia.  
"THE GOLDEN WEST."

(California Poppy.) The flowers of this grand new variety measure from 3 to 5 inches in diameter, and have large, overlapping petals, often daintily waved at the edges. They are of various forms, some flat, some cup-shaped; others deep with flaring edge; color light canary yellow with orange blotch at base. Pkt. of 200 seeds, 5c.
GREATEST NOVELTY OF THE YEAR.

ACALYPHA SANDERI. “CHENILLE PLANT.”

Also called “Dewey’s Pride,” “Bloody Cats Tail,” “Love Hangs Bleeding,” &c. This is a recent valuable introduction from the Philippine Islands that is the talk of the hour. It is so unique and odd and yet so beautiful, so brilliant in color and startling in effect, that everybody who sees it wants it. As a decorative plant in any situation it is unsurpassed; whether it be upon the dining table, in the window, in the conservatory, church, or house, it amply fulfills every requirement. It is of the easiest possible culture, being a wonderfully rampant grower and a very profuse and continuous bloom. Its marvelous flowers consist of beautiful, fluffy pendulous tail-like blossoms from twenty to twenty-five inches long, of a soft, glowing crimson-scarlet, which gracefully trail and droop amid the bright green foliage with a delightful effect. It blooms unceasingly the whole year through and with only ordinary care. Its beauty is of too peculiar a style to be adequately described. Must be seen to be appreciated. Price, 20 cents each.

PINK ABUTILON.

Enfanta Eulalia. Unquestionably the most beautiful Abutilon in cultivation; of upright compact habit. Flowers unusually large, opening out wide with elegantly cupped petals. Color, clear, delicate salmon-pink bloom pink. Entirely distinct in form and color. Some florists are sending out an inferior pink variety under the above name. The genuine Enfants are always scarce. We have a nice stock this season. Price, 15 cents each; 2 for 25 cents.

New Dwarf Variegated Abutilon.

Savottai. A valuable new variety of dwarf, compact habit. Flowers deep green with a broad, variegated, creamy white border: many of the trays before all pure white, others white with small green blotch in the centre. A rare and beautiful variety. Price, 15 cents.

ASPARAGUS PRENGERI.

Unquestionably the most popular new plant introduced in many years. Probably no plant ever grew so rapidly into public favor because none embrace so many valuable qualities. It is especially useful to grow as a pot plants in cases, window-boxes or suspended baskets. A vigorous grower the whole year round, producing sprays four or five feet long, of fresh bright green, featherly foliage. Useful for bouquets, wreaths or sprays, remaining perfect for weeks after cutting. Admirably adapted for home culture, withstanding the dry atmosphere and growing freely with ordinary care.

The accompanying illustration is from a photograph of a specimen plant now growing in our houses, and will give an idea of its graceful drooping habit. This plant is the means of selling hundreds of small plants almost everybody who sees it wants one like it. We have grown thousands of them and offer extra strong young plants at 10 cts. each; 3 for 25 cents. Large 3-inch pot plants, 25 cents.

ASPARAGUS PLUMOSUS NANUS.

(Fern Fern.)

A grand decorative pot plant with bright green, very fine, gracefully arched, plume-like foliage. The fronds or plumes are twelve to fifteen inches in width. It is of easy culture, succeeding under almost any conditions. It is a great extent taking the place of Smilax for decorative purposes; its foliage being finer than the finest fern and lasting for weeks after being cut. It is impossible to describe its grace and beauty; must be seen to be appreciated. Price, strong 3-inch pot plants, 25 cents each; 2-inch pot size, nice plants, 15 cents.

AN EXTRAORDINARY OFFER

A LARGE BED OF FINE EVER-BLOOMING ROSES FOR $1.00.

In order to introduce our Beautiful Roses in every locality, we make the following extraordinary offer: For One Dollar, we will forward by mail, postpaid, to any office in the United States, OUR SAMPLE COLLECTION TWENTY FIVE BEAUTIFUL EVER-BLOOMING ROSES, in twenty five named varieties. IN ORDERING PLEASE ASK FOR OUR "SAMPLE ROSE COLLECTION."

25 Beautiful Ever-Blooming Roses For Only $1.00.

6 Collections carefully packed and sent by express, $5.00.
New Pink Hibiscus,

"PEACHBLOWS."

This is one of the finest free flowering plant novelties offered in recent years. It is a sport from the double red Hibiscus, Rosso-Sinensis; the flowers are double and from four to five inches in diameter, of a charming, rich clear pink color; with a small deep crimson centre; an entirely new and most beautiful shade: it blooms continuously even on small plants during the entire summer and fall months; may be easily wintered in greenhouse or dwelling. Large plants two or three years old, make a magnificent show. It will give great satisfaction to all who grow it, either in pots or plants out in the garden. It is a good winter bloomer in the greenhouse or sunny window. We offer 3 sizes.

Price, extra strong plants, 15 cents each: 2 for 25 cents.
Large two-year-old plants, well branched, 35 cents.

HIBISCUS,
SOUTHERN BEAUTY.

We give the introducer's description: "This is the plant which we formerly catalogued under the fanciful but meaningless name of "World's Fair Beauty" (the name under which it came to us.) It so impressed us with its exquisite beauty and unusually that we decided to rechristen it with a name worthy of it. In the open ground it will grow to the height of 8 or 10 feet, if allowed to do so, but it is better to keep it pinched back to a height of 4 or 5 feet. Every limb and twig is clothed with deeply 5-lobed leaves, the segments toothed and crimson-margined. In late summer and fall (until checked by frost) it covers itself with extremely handsome and very striking flowers, in color deep crimson, shading deeper in the throat, which is almost black, and velvety. As a pot plant it commences to bloom while very small, and we have had them in thumb-pots carrying flowers larger than the plants themselves. May be wintered in a pit or cellar.

Price, nice plants, 15 cents. Seeds, 10 cents per packet.

New Giant Browalla.

A most valuable addition to our list of summer blooming plants. Most people are familiar with the old form of Browalla, and would scarcely recognize this grand new variety as of the same plant. The flowers are indigo blue, fully two inches across, and cover the plant when in bloom. Invaluable for summer beds of flowers or for pot plants in the winter for greenhouse and window garden.

Price, only 10 cents each.

Giant Heliotrope, Piccola.

A fine new Heliotrope of unusually vigorous habit, and producing immense masses of flowers, well above the foliage. The habit of the plant is compact and husky, and the flower heads are borne well above the foliage. The color is a bright rose violet, with distinct white eye.

Price, 15 cents.
NEW EVERBEARING
American Wonder Lemon.

Probably no plant has been introduced in recent years that has attracted more attention, and that has more real merit than the American Wonder Lemon. Think of a tree only two or three years old, bearing mammoth fruit 6 to 8 inches in diameter, and weighing 2½ to 3 pounds. In addition to its fruit bearing qualities, it makes a very handsome specimen plant for house culture; the dark green foliage is large and handsome, and the pure waxy-white flowers with yellow stamens are nearly as large as the tuberoses and fragrant as orange blossoms, which they closely resemble. The leaves are broad, for such a large fruit, and are full of rich acid juice, equal in quantity to a half dozen or more ordinary lemons. It is of very easy culture, flowering and fruiting with ordinary culture. We are offering the genuine American Wonder Lemon, having purchased our stock direct from the originator, who still owns the original tree which now contains more than a dozen lemons, averaging fully two pounds in weight. We guarantee every tree sold by us to produce the same large fruit, no budding or grafting necessary. If you want something really fine, and which your neighbors will not have, order the American Wonder Lemon, Price, each 5 to 8 inch pot plants, well rooted, only 20 cents. Large, two-year-old plants, bearing size, 75 cents.

Cyperus Alternifolia Variegata.

(Variegated Umbrella Grass.)

Here we have a beautifully variegated form of the well known Cyperus. It is not new, but always scarce. It differs from the common variety in having the foliage irregularly striped with white; some leaves being pure snow white, others plain green, and others beautifully striped, all on the same plant. Price, 15 cents.

Ophiopogon Jaburan.

A most beautiful and desirable half hardy, heraceous perennial from Japan, the source of so many of our most valuable plants. Its deep violet blue flowers are freely produced on dense spikes, somewhat in the style of Grape Hyacinth, and are followed by clusters of deep blue berries about the size of Currants, and remaining in perfection a long time. Its broad, grass-like leaves are irregularly striped with green and creamy-white, and droop gracefully over the edge of the pot. It is a most beautiful and useful plant for baskets, vases, window-boxes, etc.; its showy spikes of blue flowers making an excellent contrast. This is not exactly a new plant, but is very rare, and being of the easiest culture, it is well worth a place in every collection. Price, strong plants, 20 cents each.

NEW BEDDING AGERATUM,
STELLA GURNEY.

This variety originated with Mr. James Gurney, Supt. of Tower Grove Park, St. Louis, Missouri, where it has been used extensively for bedding the past summer, and is undoubtedly the finest Ageratum yet introduced, being of dwarf, compact, even habit, color a fine deep blue and literally a sheet of bloom the entire season; finely adapted for winter blooming in the window garden or conservatory. Price only 10 cents each.
New Double Flowering Hydrangea.

In this new Hydrangea we have one of the most distinct and attractive novelties to be found. It is of remarkably free flowering habit, producing large clusters of flowers on small two-inch pot plants. The flowers are perfectly double, light pink in color when first opening, coming darker as they increase in age. The most interesting and attractive feature, however, is the perfect, double little florets that are produced around the original flower, in what might be termed "Old Hawk and Chickens" style. The accompanying illustration which was drawn from a cluster of flowers which we grew and sent to the artist, will give an idea of its peculiar and interesting habit. If you want something distinct and attractive that your neighbor does not possess, order one of these New Double Hydrangeas. 25 cents.

New Variegated Salvia.

Aurea Maculata. This is unquestionably the most desirable Salvia ever introduced. It is a sport from Marmorata Nana, having the beautiful mottled and striped flowers of that variety, but its most attractive feature is in the foliage which is dark green, regularly blotched and marbled with golden-yellow. Imagine a plant with dark green and golden yellow mottled foliage surrounded with numerous spikes of scarlet and white flowers and you will have some idea of its value as a decorative plant for the garden or lawn. 10 cts. each; 2 for 25 cts.; 5 for 50 cts.

New Scarlet Sage, 'Drooping Spikes.'

This new, large flowering Salvia (Scarlet Sage) has three times the flowering capacity on each spike of the ordinary Salvia Splendens. The flowers are produced in great numbers, which cause the spikes to droop with their weight. It is one of the most desirable plants for decorative purposes, when planted either singly, in groups, or beside other plants. The flowers are of the most brilliant, dark scarlet, are produced in endless profusion, and until very late in the fall. Planted side by side with the common corn flowers last season it proved to be decidedly the best. 10 cts.; 3 for 25c.

NEW SCARLET SALVIA.

Bonfire. Another grand new Scarlet Sage, completely covering itself with well formed spikes of flowers giving it the appearance of a blaze of fire. 8 cts.; 4 for 25 cts.

NEW HARDY SWEET MAY PINK, White Witch.

Everybody knows and admires the fragrant Hardy Garden Pinks of our grandmother's gardens, and will therefore appreciate this valuable new variety. It is perfectly hardy, forming compact clumps or mounds a foot or more in diameter and five or six inches high. Unsuspected for bordering beds, the pretty, compact light bluish-green foliage forming a neat and attractive border throughout the year. The flowers are pure white, sometimes tinted pink, beautifully laced and fringed and delightfully fragrant. The plant completely covers itself with a mass of flowers in June, and their exquisite fragrance should secure for it a place in every garden. It's a valuable plant for cemetery planting. Be sure to include it in your order. 10 cts.; 3 for 25 cts.; 7 for 50 cts.
New Double Vernon Begonias.

Here we have a new class of Begonias that are destined to become very popular. It is an entirely new departure, and may very properly be called double Vernon Begonias. In growth they are vigorous and compact, and are equally valuable for pot culture or bedding. The flowers are much larger than the Vernon, averaging an inch or more in diameter and are perfectly double. We have grown a large stock of the following three varieties, and will offer them at very reasonable prices.

Triompe de Lorraine.
Compact dwarf habit, deep green foliage; a very profuse bloomer, flowers quite double, petals nicely imbricated; color of the buds and flowers when opening a bright scarlet, the interior of the flower changing to a cherry Carmine when fully developed; the stamens are bright golden yellow.

Boule de Neige.
Strong habit, light green vigorous foliage: its blooms are large and full, pure white, occasionally lightly tinted pink with yellow stamens.

NANCY.
The foliage is of a deep green color, of medium size; flowers are very double, color a clear light pink with yellow stamens.

Price, 15 cents each The set for 40 cents.

NEW SINGLE BEGONIA.

Vesuve. A strong growing plant, the entire plant being covered with large drooping clusters of bright coral-red flowers, the clusters or panicles being supported by bright red stems. A very effective pot plant. Price, 15 cents.

THREE BEAUTIFUL COLEUS.

Klondike. A grand new Coleus; leaves are large, rounded, light green, with bright yellow centre, irregularly blotched and spotted throughout with bright crimson and maroon; of compact, sturdy habit. Fine for bedding and a beautiful pot plant. Price, 10 cents.

Queen of the West. It is impossible to describe this beautiful Coleus. It certainly is one of the best. Foliage large, comprising all the colors found in the Coleus family, beautifully marbled, blotched and blended together. Price, 15 cents.

XX. Century Bedder. This one of the best hedges we have yet seen, retaining its bright colors throughout the season. Very large, olive, pointed foliage; color, velvety-red with broad, bright yellow margin. Of compact, sturdy habit. Price, 10 cents.

The set of three for 25 cents.

New Coleus—"ODDITY."

This odd Coleus will always attract attention, owing to the peculiar formation of its leaves. It might be called "Old Hen and Chickens" as each leaf is surrounded with numerous smaller leaves beautifully serrated, crimped and curled; color light green, irregularly blotched with maroon, crimson and yellow. 15 cents each; 2 for 25 cents.

MINNEAPOLIS VINE.
The quickest, neatest, densest, hardest climber we grow; grows with marvelous rapidity and is of graceful habit. The leaves resemble those of the cucumber in shape, but are very much smaller. The flowers are small, white, and have a pleasing musk fragrance. A single plant will cover a space six to eight feet wide by eight to ten feet high. 15 cents; 3 for 25 cents.

Imported Japanese Fern Balls.

This beautiful novelty is an importation from Japan, and is certainly the latest addition to the Fernery yet introduced. The ball is about eight inches in diameter and is composed of the Japanese Island Fern Roots and Sphagnum moss, and also constructed as to send out leaves of beautiful emerald green from every point. They grow rapidly and make handsome ornaments.

DIRECTIONS FOR STARTING: Place ball in water for 15 minutes, and then suspend in any desired position. Repeat every two days until growth is started, after which water occasionally as required. To use in fern dish, cut ball in halves, placing flat side down, thus getting two dishes of beautiful ferns. The Fern Ball may be allowed to dry out at any time and be set away and be started again by watering as before. They will be from two to three weeks starting, according to the amount of heat and moisture.

As they are quite large, we recommend having them sent by express; however, we can forward them by mail if desired. Price, by mail, postpaid, 75 cents each. By express, not prepaid, 90 cents each. 5 for $2.50.
Some Grand New Geraniums.

The following list comprises the cream of the new Geraniums, recently introduced. There has been a wonderful improvement in size and coloring, some of them being truly marvelous. There is not a variety in the list that is not an improvement on existing varieties. Try them; you will surely be pleased with the result.

DOUBLE VARIETIES.

JEAN VIAUD.

The Grand Pink Bedder of Bruant Type.

Soft, pure pink, semi-double, with two white blotches. Dwarf, stocky grower, rigid stems, large trusses, perfect double flower, blooms without support. Individual flower being covered with flowers throughout the season. The finest double pink variety that we have ever seen. Will rank with the best bedders of any color. It does not prove the leader of them all. It has an iron constitution, and withstands the rain and sun better than any known Geranium. Price, 20 cents.

M. H. Tilmant. (Double Aureole.) Brilliant carmine pink with distinct white blotch in center; upper petals veined and shaded rosy carmine, border of petals distinctly shaded with scarlet; individual florets very large, frequently two inches or more in diameter. Truss large; vigorous habit. Very fine. 20 cents.

M. Canovas. Immense trusses of brilliant, fiery scarlet flowers, shaded with rosy carmine; individual florets very large; habit exceptionally vigorous. 15c.

Vera Vend. One of the most difficult to describe. Entirely distinct; flowers quite large, border of petals deep crimson, with large white center, irregularly striped and marbled with rosy orange. One of the most beautiful of the Aureole section. 20 cents.

NEW EVERBLOOMING SINGLE GERANIUM.

America. This new Geranium has been extensively advertised and will no doubt become popular owing to its peculiarity in color. The flowers open almost white with salmon centre, changing through alisaalion and rose, to deep rich rose. All colors appearing at one time on the same truss. Of nice habit. Price only 15 cents.

Mark Twain. (Single Aureole.) A striking variety of the English round flowered type. Individual florets very large and of great substance, lasting well when cut; ground color nearly white, closely dotted and flaked with carmine, color deepening to a rich lake at the margin of the petals: strong vigorous habit. One of the best to date. 20 cents.

Ball Cain. The largest and most perfect single scarlet to date. Individual florets sometimes reaching 3 inches in diameter; color intense cherry scarlet. This is a striking flower, its telling color and immense size attracts universal attention. 20 cents.

Mad. Torterue. Large truss and floret; color a pleasing orange carmine, two upper petals distinctly biotched white, lower petals slightly pencilled white at base. One of the most remarkably free blooming Geraniums we ever grew. Must become popular because of its true merit. Price, 15 cents.

Novelties in Double Ivy Geraniums.

LEOPARD.

This is unquestionably the most distinct novelty in the Ivy Geranium line. It is absolutely distinct from all others. The flower is quite large and semi-double. The most remarkable feature of its color is its being fully as rich and striking as any orchid. The ground color is clearly lively pink. The upper petals being heavily biotched with deep crimson, with a distinct maroon dot in the centre; balanced by petals each having a small crimson blotch in the centre. This will unquestionably become one of the most popular varieties, as it is as easily grown as any of the Ivy Geraniums, and its flowers are large, oval, resembling the orchid. Will be valuable for cut blooms, remaining in good condition for several days after cutting. We paid 75 cents each for our stock. Our price to you, 50 cts.

THE BRIDE.

Quite a novelty in the way of a white Ivy Geranium. The flowers are very double and produced in large trusses; color pure white, sometimes shading to blush at the centre; of vigorous habit, and very free bloomer. Price, 20 cents each.

ACHIEVEMENT.

A unique novelty. A cross between Chas. Turner and a white Zonal Geranium. Habit sturdy, like the Zonales, while the foliage is a combination of both parents; flowers very large, with nice smooth, semi-double petals; color a distinct and pleasing shade of soft salmon pink. Very pretty and attractive. Should be included in your order. Price, 20 cents.

Peersless Quartet of New Carnations.

MRS. THOMAS LAWSON.

The Great Thirty Thousand Dollar Carnation.

This is the Great Carnation which created such a sensation a year ago in Boston, a wealthy banker of Boston purchasing the entire stock at the fabulous price of $30,000, and offered such a prize for a better variety. It is truly a wonder, having been grown for thirteen years in diameter. The color is a rich brilliant pink; habit of growth vigorous, but compact, with sturdy stems. We purchased the only copy direct from the originator. Don't miss this novelty. Price, strong plants, 20 cents.

GENERAL GOMEZ.

A fine new dark variety; color rich velvety cardinal maroon. Claimed to be the best very dark variety yet introduced. Of strong healthy habit and a free bloomer. Price, 15 cents.

OLYMPIA.

Claimed by the originator to be the earliest blooming Carnation yet introduced. Color clear glossy white with delicate pencillings of bright scarlet; habit strong and vigorous; flowers freely on long stems. 15c.

ETHEL CROCKER.

A grand new Carnation of large size, and perfect form and habit; color clear light pink; very large, often 8 in. or more in diameter. 15 cts.

The set of four for only 50 cents.
SOME CHOICE NEW ROSES.

NEW EVERBLOOMING ROSE,
HELENE CAMBIER.

This lovely coppery yellow Hybrid Tea Everblooming Rose will fill a long-felt want, from the fact that everybody has been looking and longing for a good yellow Rose that combines vigorous hardness with rich color and free blooming qualities. This, Helene Camiber does It is a new Rose of French origin, destined, we believe, to find a prominent place among the highest grade Everblooming Roses, both for summer and winter blooming. The growth is free and vigorous, very free blooming, flowers of splendid substance and a delightful shade of deep, rich, coppery yellow; in extreme heat becomes a deep amber color. The buds are full and firm, lasting a long time when cut. As the flower expands the center of the Rose discloses depth of golden yellow, with light orange tint while the older petals lessen to lemon yellow, giving a combination of tints and tones unequalled in their beauty. Without question this is a charming Rose for the garden. Price, 15 cents each; 2-yr-old, 30 cents.

CORONET.
The Sweetest, Largest, and Freest-blooming Hybrid Tea Rose in Cultivation.

Coronet is a true everblooming Hybrid Tea, identical in form and size with Paul Ninon. No description or illustration can do justice to the remarkable beauty and splendor of its flowers. From the time the plant is four inches in height it blooms steadily, bearing in unbroken continuity, on good, stout stems, magnificent large flowers that frequently measure from four to six inches in diameter. The form is full, deep, and wonderfully double. It is full to the center, and when entirely open the flowers do not look unlike Peonies. In the bud the color is a deep, rich carmine, which, as the flowers open, lightens to a soft clear pink, with each petal distinctly edged with silvery-gray. The effect is beautiful. The fragrance is largely indolent. The flowers are large, and exceptionally well, and hardy if slightly protected. Price, 20 cents each; 2-yr-old plants, 30 cents.

Mrs. Robert Garrett.
A beautiful large Rose of exquisite shape. Finish and blending of colors is perfect. It was raised by John Cook, of Baltimore, Md., the result of a cross between Sombreuil and Madame Caroline Testout. It partakes largely of the latter variety in habit of growth, in foliage, spines and stems, and in shape of flowers shows a complete blending of both parents. The flowers are very large, on strong stems, clothed with clean, heavy foliage and strong spines. The buds are long and pointed in shape, and open up beautifully into a full, rounded flower. In color it is a glowing shell pink, very deep, in the center. The fragrance is delicate and pleasing. In our opinion this is one of the finest Roses introduced in years. 15 cents; 2-yr-old plants, 30 cents.

PRINCESS VENOSA.
A fine new Tea Rose of strong, vigorous habit, producing large, beautifully formed flowers and large pointed buds. Color, nankeen yellow, with carmine shading in center. Very free blooming, very hardy colors. Price, 15 cents; 2-yr-old plants, 25 cents.

LIBERTY.
The Wonderful New Red Rose.

This wonderful new Rose was introduced last season, being extensively advertised in all the trade papers. It was claimed to be the best dark red Hybrid Tea Rose ever introduced. We purchased a nice lot of plants at an exorbitant price, which we would like to sell again at half what they cost us, as we consider it very much inferior to existing varieties in many respects. We cannot recommend it to our customers. Price, 15 cents each; 2-yr-old plants, 30 cents.

BARDOU JOY. The Sancer Rose.

This is not, strictly speaking, a new Rose, but its merits have only been discovered in the past year. It is scarce and will be so for some time to come. It is of a semi-climbing habit, being quite vigorous and strong. The foliage being large and leathery. The flowers are very large, and resemble a Sanger in shape, semi-double. The color is the deepest, richest velvety-crimson of all Roses. We know of nothing in the Rose family so rich in color. A well-grown bunch of these Roses will startle you. Price, 20 cents each.

NEW CLIMBING ROSE.
"Cumberland Belle." A grand true climbing Moss Rose, of vigorous, rampant growth, attaining a height of over 15 feet. Bright silvery rose; buds very double, fragrant and finely mossed. Price, 25 cents; 2-yr-old, 50 cents.

MEMORIAL ROSES.

Gardencia. A vigorous grower with large green foliage; beautiful bright yellow buds, closely resembling Pède des Jardins; color, creamy white when open; very large, 3 to 4 inches in diameter, resembling a Gardenia in appearance and fragrance. Price, 15 cents each; 2-yr-old plants, 25 cents.
Great Remnant Sale.

CHOICE PLANTS at less than HALF PRICE.

Growing so many varieties of plants in such large quantities, we cannot anticipate orders, and grow what will be required of each variety to meet the demand. We always want to make sure that we have enough of everything, and consequently we usually have a surplus of many of our choicest plants. Now, in order to close out our surplus stock at or near the end of the season, we have decided to offer them at greatly reduced prices for the days after June 15th, or from June 1st to July 1st. Persons ordering these collections will be surprised at the number and value of the plants they will contain; in fact, we are sure they will find them all up at catalogue prices, you will find that you were getting them less than half price. We reserve the right to select varieties, but will allow purchasers to state for what purpose intended, whether for bedding or pot culture; but unless otherwise ordered the collection will contain plants for bedding and potting.

We offer these plants in two collections, one to be forwarded by mail and the other by express.

$1.00 "BONANZA" MAIL COLLECTION. $1.00

For One Dollar we will mail 25 choice plants, no two alike, all labeled, including a general assortment of desirable plants for pot culture or bedding as preferred; or if you do not care for names, we will send you 30 plants just as good but not labeled.

$2.50 * "JUMBO" EXPRESS COLLECTION. * $2.50

100 CHOICE PLANTS CAREFULLY PACKED AND FORWARDED BY EXPRESS FOR $2.50.

These collections may be ordered at any time along with other goods if desired, but all orders received before June 1st will be held and forwarded promptly on that date.

REMEMBER you can state which plants are wanted, whether for bedding or pot culture, but we reserve the right to select the varieties.

3 Months for 10 Cents.

For only ten cents we will send our splendid magazine, HOME AND FLOWERS, three months on trial—regular price one dollar a year. We will give, absolutely free, a splendid Rose plant, worth ten cents, to every one who answers this advertisement. This remarkably liberal offer will be good for 30 days only.

HOME AND FLOWERS is devoted to the world beautiful. Its column tell you how to grow flowers, Nature’s sweetest gift to man. This splendid magazine is the only publication of the kind. It gives the fullest information in regard to home horticulture in all its phases. You read exactly what to do, when to do it and how to do it in order to make flowers grow and bloom. Each article published is the result of the actual experience of some one who grows flowers successfully. By reading it you learn that, which it is said, you take years to acquire through your own experiments. The best varieties, the time to plant, the best fertilizers, the amount of water and heat needed, and how and when to prune, and similar topics are fully treated. Special attention is paid to the proper planting of lawns and home grounds, and to the arrangement of flowers. Home and Flowers is truly recognized as the organ and exponent of the movement for town, village and neighborhood improvement, and its pages contain much valuable news and information about the widespread development of civic beauty.

A ROSE PLANT FREE.

We aim to help make the world better through the fragrance of flowers, and desire our readers not to read about flowers, but to become acknowledged "Queen of Flowers," and largely this is true because of its easy culture. Every person who sends us ten cents for a three-months’ subscription for HOME AND FLOWERS will be given free one choice rose plant. This rose will be a variety adapted to your climate, and could not be bought for less than ten cents—many florists charge twenty-five cents for such plants. When requested, the rose will be held for shipment until May 1st. If you do not wish to take it then, it will be shipped at once. The rose is sent postpaid.

Your Magazine and Plant Free--Get Neighbors to Join You.

Get five of your friends to accept the above offer, send us their names and addresses, accompanied by fifty cents, and we will give your HOME AND FLOWERS three months and the rose plant free. Remember, our magazine three months on trial for ten cents, with a choice rose plant free to every customer. Address, THE FLORAL PUBLISHING CO., 4, Citizens Bank Bldg., Springfield, Ohio.

ORDERS FOR THIS MAGAZINE MUST BE SENT DIRECT TO THE PUBLISHERS.
A Talk To Seed Buyers.

Of no doubt receive each year a number of seed catalogues, many of which are large, showy, elaborate affairs with lithograph covers, numerous colored plates and attractive descriptions of each article offered. Your first impulse, no doubt, will be to cast this little catalogue aside and select your order from one of those large, showy catalogues. These elaborate catalogues are very expensive, and did you ever stop to think what you pay and the purchaser pays it. In many instances the catalogue costs the seedsmen more than the seed you order cost him. How would you like to pay your grocer more for the wrappers than for the groceries they contain. Because seedsmen issue large, showy catalogues and devote whole pages to the description of each article is no proof that their seeds are superior to others. They depend on their showy catalogues to sell their seeds. We issue a modest little catalogue, giving short, true descriptions and faithful illustrations. Our expense being comparatively small we are enabled to furnish large, well filled packets of

RELIABLE GARDEN SEEDS AT GREATLY REDUCED PRICES.

We date from other seedsmen in several particulars. The most important one to the purchaser is that we sell our seeds at much lower prices, and there are several reasons why we can do so. 1. This is a comparatively inexpensive catalogue. 2. We do no newspaper advertising, whatever but depend entirely on our friends and our friends to extend our trade. 3. We are located in the country where rents, taxes, labor, fuel etc. are much cheaper than in the large cities. 4. Our M. B. Temple being a practical printer, we have a complete steam printing office and all of our own printing. We are another three hundred thousand catalogues this season, requiring over twenty tons of paper.

HOW OUR SEEDS ARE TESTED.

We have arranged with Mr. Frank W. Samples, proprietor of the Blythdale Seed Testing Laboratory, who will test all seeds we handle. This is the only establishment in the country devoted exclusively to the testing of seeds. It will be readily seen that we will thereby assure honest, impartial tests showing the true germination power of all seeds.

NOTICE THESE POINTS:

We are the only Seedsmen in America who test all seed and stamp the result of test on each packet, showing what he sent, will germinate.

We are the only Seedsmen in America who stamp the date on each packet, showing that the seeds were put up expressly for this season's trade.

We are the only Seedsmen in America who stamp plainly in catalogue just how many seeds each packet will contain.

ASPARAGUS.

ASPARAGUS ROOTS. A root of two years time is needed for planting roots instead of seed. We can furnish strong flowering roots of Palmate and Conover's Colossal. Price 50c. Packet 3 cents.

BEETS.

Eclipse. Remarkable not only for its wonderfully rapid growth, but for uniformity of size, roundness and caroliness. Blushed red skin and flesh; true grained and sweet. Packet 3 cents.

New Columbia. This new beet is highly recommended. Near smooth, turnip-shaped; color, blushed red, flesh tender, very early and of uniform growth. One of the best. Packet 3 cents.

Extra Early Egyptian. Pattern of all shapes. The beet is purple in color, of moderate size, of excellent quality. Packet 3 cents.

Dewling's Improved Turnip. Fine Turnip, very succulent, good etc. very tender, early and of uniform large size. Packet 3 cents.

Price of Beet seed in quantity, per 1/4 pound: 15 cents; 45 cents per pound, postpaid.

MANGEL WURZELS.

GROWN FOR FEEDING STOCK.

Golden Tankard. Very large and uniformly smooth, color nearly yellow. Excellent for market. It is recommended unspeakable for dairy farming. Try it.

Yellow Leviathan. This is undoubtedly the largest yellow Mangel Wurzel grown. Color, roseate yellow. An enormously productive variety.

Mammoth Long Red. Of immense size, smooth and regular. One of the most in cultivation and the largest variety grown. Packet 3 cents.

Imperial Sugar. An improved variety of Norway Sugar beet, containing a greater per cent. of sugar than the ordinary varieties, large, light pink.

THE BEST SEEDS ARE NONE TOO GOOD FOR OUR PATRONS.
Burpee's Stringless Earli-Bush Lima Beans.

Burpee's Dwarf Limas. The only true form of the bush lima and of the largest and most productive. Earli-Bush Lima, growing only about 16 inches high. Packet 5 cents; 1/4 lb. 10 cents; 1 lb. 25 cents; quart 35 cents.

Best of All. One of the best bush lima pea snap beans grown. Very productive. Valuable for market or family use. Price 5 cents per packet; 10 cents per 1/4 lb.; 20 cents per lb.; 25 cents per quart.

Extra Early Bush Lima Seeds. All varieties: Early Bush Lima (1st and 2nd). This variety is second to none. It is one of the most productive. Price 5 cents per packet; 1/4 lb. 12 cents; quart 20 cents; 1 lb. 35 cents.

Lemon Yellow Wax. A very popular and extremely early golden wax bean. Very productive. Packet 5 cents; 1/4 lb. 12 cents; quart 20 cents.

Early Bush Lima, Earli-Bush Lima, Dwarf Earl Valentine, and Lemon Yellow Wax are all varieties of the true bush lima. They are more productive, and the plants are shorter, than the pole lima. The pole lima is taller and more productive, but the pod is very large and of a heavier texture. Burpee's Dwarf Limas are equal to 1 lb. in every way.

Golden Champion Wax, Earli-Bush Lima, Dwarf Earl Valentine, and Lemon Yellow Wax are the only true forms of bush lima. They are shorter and as productive as the pole lima, with the same quality and finish. Golden Champion Wax is the earliest and the best yellow wax podded pea grown. Burpee's Dwarf Limas are the only true form of the bush lima and are shorter and more productive than the pole lima. They are very productive and the pods are of the same quality and finish. Golden Champion Wax is the earliest and the best yellow wax podded pea grown. Burpee's Dwarf Limas are the only true form of the bush lima and are shorter and more productive than the pole lima. They are very productive and the pods are of the same quality and finish.

SELECTED POLE BEANS.

Early Golden Cluster Wax. One of the best of the cluster wax pole lima beans. Packet 5 cents; 1/4 lb. 12 cents; quart 20 cents; 1 lb. 35 cents.

Lazy Wife. A popular variety for planting in clusters, for pickling in pods. Price 5 cents per packet; 10 cents per 1/4 lb.; 20 cents per lb.

Kentucky Wonder, Old Homestead. Probably the earliest green podded wax pole bean grown. Packet 5 cents; 1/4 lb. 12 cents; quart 20 cents; 1 lb. 35 cents.

Mammoth Horticultural. An improved variety of the above. Probably the largest green pole bean grown. Packet 5 cents; 1/4 lb. 12 cents; quart 20 cents; 1 lb. 35 cents.

King of the Garden. A very large vigorous growing pole lima requiring but two to three poles per very large and productive. Desirable either in the pod or shelled. Packet 6 cents; 1 lb. 30 cents.

Polish White Wax. A popular white wax bean for planting with corn. Price 5 cents per packet; 10 cents per 1/4 lb.; 20 cents per lb.

CI\.

Brussels Sprouts.

One of the most delicious vegetables of the Cabbage family. Of every culture, and desirable more attention in our vegetables. Burpee's Brussels Sprouts are very large and well filled. Quality unsatable. Give it a trail. Price 5 cents per packet; 10 cents per 1/4 lb.; 20 cents per lb. Each packet of Brussels Sprouts will contain 2 ounces sufficient for 150 heads of good size.

Your Friends will appreciate a copy of our Catalogue. Send us their names and addresses.

Mrs. N. P. Shaw, Plaistow, Ind.
CHOICE AMERICAN CROWN CABBAGE

Probably in no other vegetable does the value of the crop depend as much on the quality of the seed planted as in Cabbage. Our Cabbage seed is all grown for us on Long Island, where the best seed is produced. Californian or European grown seed is much cheaper, but they cannot always be relied on to produce a good crop. We prefer to handle only the best seed. The best is never too good for our patrons.

TRUE EARLY JERSEY WAKEFIELD.

This variety is unquestionably the best early Cabbage grown. Heads medium large, conical and very solid. Short stems. Three to four ears to each head. Not quite so early as Wakefield but one of the best. No variety possesses as many good points as Early All Head, which is a little later. Packet 3 cents.

EARLY ALL HEAD.

Claimed to be the earliest large headed Cabbage grown. Heads large, solid, thick and flat. Not quite so early as Wakefield but one of the best. No variety possesses as many good points as Early All Head, which is a little later. Packet 3 cents.

VANDERGAW OR ALL SEASON.

Originated by Mr. Vandergaw, a Cabbage specialist of Long Island. Also sent out under the name of All Season, which name is very appropriate, as it seems adapted for medium early as well as fall and winter use. Heads very large, thick, solid and flat. Packet 3 cents.

HENDERSON'S EARLY SUMMER.

A deservedly popular second early variety, forming large, solid, flattened heads of excellent quality. Only double the size of Wakefield. Packet 3 cents.

EARLY WINNINGSTADT.

A popular medium early variety, forming conical heads. An excellent second early variety, and when sown late is excellent for winter use. Packet 3 cents.

NEWARK EARLY FLAT DUTCH.

A desirable second early variety. Heads medium to large. In the style of the popular old Flat Dutch. A first-class variety in every respect. Packet 2 cents.

LARGE EARLY YORK.

A popular old variety, still a great favorite with many, particularly in the South. Medium early, of good size and a size head. Price, 3 cents per packet.

EARLY ETAPES.

The earliest variety we offer except Express. Heads are sizable, rounded at the top, very solid and firm. It seldom fails to produce good heads of medium size and fine quality. Price, 2 cents per packet.

EARLY VARIETIES MIXED.

An equal mixture of all the above varieties. When only one packet of Early Cabbage seed is wanted we recommend this one. Price, 3 cents per packet.

WORLD BEATER, OR AUTUMN KING.

This grand late Cabbage has been sent out under different names, but it matters little what name you give it if you are certain you have it, as it unquestionably is one of our best winter varieties. Heads unusually broad, thick and solid. Pkt. 5 cts., or $1.00 per 100. 3 lbs. and upwards.

THE NEW LUPPTON.

Originated on Long Island by Mr. Luppton who says, "In this new winter Cabbage, we have secured the perfection of type and reliability of heading which are the most valuable features of a Cabbage." Heads are uniformly large, flat and thick and Mr. Luppton says, "By all means cultivate the Luppton." We plated only World Beater and Lupton, and had the finest Cabbage ever grew. Price, 5 cents per packet. 10 cents per ounce. 40 cents per pound.

BURPEE'S SURE HEAD.

Burpee's Sure Head Cabbage. Heads large, thick and flat, and a very early variety. Packet 3 cents.

BURLPK'S SURE ZONE.

Burpee's Sure Zone Cabbage. Heads large, thick and flat, and a very early variety. Packet 3 cents.

BURPEE'S SURE HEAD.

Burpee's Sure Head Cabbage. Heads large, thick and flat, and a very early variety. Packet 3 cents.

BURLPK'S SURE ZONE.

Burpee's Sure Zone Cabbage. Heads large, thick and flat, and a very early variety. Packet 3 cents.

WORLD BEATER, OR AUTUMN KING.

A large, thick, solid winter variety of excellent quality. Heads very large, thick, solid and very flat. Packet 3 cents.

DUPLICATE PREMIUM FLAT DUTCH.

Duplicate Premium Flat Dutch Cabbage. Heads large, very flat, and very heavy. Packet 3 cents.

DUTCH WINTER, OR HOLLANDER.

(Ball Head.) This is the famous Cabbage that has been so largely imported from Holland and Denmark and sold in our markets at fantastic prices. The heads average 6 to 10 inches in diameter, perfect conical and of the finest quality. We offer the true variety. This seed having been imported from Holland. Pkt. 5 cts.; oz. 25 cts.; lb. $1.00.

PERFECTION DRUM HEAD.

(Portugese Drumhead.) Heads round and very flat, medium in size, very early to maturity. Popular in the Eastern States as a head and winter variety, and it is placed perhaps more than any other variety. Packet 3 cents.

IMPROVED LARGE LATE DRUMHEAD.

A popular old variety similar in every respect to Flat Dutch, but the heads are generally more rounded. Price, 2 cents. Packet 3 cents.

MAMMOTH ROCK RED.

Without doubt, the finest strain of red or purple Cabbage for picking crowns. Heads large, round, solid and dark red in the centre. Give it a trial. Price, 3 cents per packet.

PERFECTION DRUM HEAD.

(Portugese Drumhead.) Heads round and very flat, medium in size, very early to maturity. Popular in the Eastern States as a head and winter variety, and it is placed perhaps more than any other variety. Packet 3 cents.

MAMMOTH ROCK RED.

Without doubt, the finest strain of red or purple Cabbage for picking crowns. Heads large, round, solid and dark red in the centre. Give it a trial. Price, 3 cents per packet.

AN EQUAL Mixture OF ABOVE LATE VARIETIES, Pkt. 3 Cts.

Each packet of Cabbage Seed will contain 1-6 of an oz. sufficient to grow 500 plants. Price in quantity, except where given, oz. 15 cts.; 1 lb. 40 cts.; lb. $1.35.
WHITE PLUME.
A very popular variety, owing to its carefree foliage blanching itself without trimming by simply dipping the stems; of very good quality.
Give it a trial.
Packet 3 cents; ounce 20 cents.

GIANT PASCAL.
An excellent new variety. The stalks are broad, thick and firm; fine, nutty flavor; blanches well with little trimming and produces rapidly, equally in five or six days.
A very desirable variety.
Packet 3 cents; ounce 20 cents.

COLDEN SELF BLANCHING.
A most excellent variety that cannot be matched for foliage light yellow, blanches nicely with but little trimming up.
Perfection Hartwell. No variety equals this in keeping qualities, and few surpass it in flavor.
A great favorite among gardeners.
Price. 2 cents per packet; 15 cents per ounce.

GIANT WHITE.
The best strain of the Large White Celery. Grows to large size; will close habit, excellent quality.
Price. 2 cents per packet; 15 cents per ounce.

GIANT GOLDEN HEART.
An improved strain of the Golden Heart. In size, quality and appearance this variety leaves nothing to be desired; rich both in color and flavor.
Price. 25c. oz. 200c.

SELECTED SWEET CORN.

KENDALL'S EARLY GIANT.
A valuable variety introduced by A. C. Kendall, of Cleveland, who claims it to be the largest and most productive early Sweet Corn known. Ears 8 to 10 inches high, having 10 to 15 rows on each cob.
Kernels pure white and very sweet.
First of All. Probably the earliest variety grown. It is a sport from corn which closely resembles, being a few days ahead of this variety.
Valuable on account of its extreme earliness.
Early Cory. The husks have always been considered the earliest of all. Will produce good ears for the table in 3 days from planting.
Close and medium ear, large broad kernels. Excellent.

HONEY SWEET.
Originated with a German in Pa., who has the reputation of bringing the best corn to market. The husks and stalks are of a red color while growing, while the corn itself is a creamy white; medium early, sweet and very productive. Give it a trial.

COUNTRY GENTLEMAN. (Shoo-poy.) Probably the finest flavored corn grown. Very productive, medium early in season; ears of immense size; kernels pure white; very deep and placed irregularly but very close; very hard.

CLAARK'S NOSE BUCHE.
A large earred second early productive variety. Ears large and produce two or more on each stalk; tender and juicy kernels pure white, very attractive, tender and sweet.

SOWELL'S EVERGREEN.
More largely grown than any other variety, being the general favorite. For table crop, also used for canning and manufacturing. Very hardy, husks open freely, kernels deep, tender and flavoring, remaining a long time in edible condition. You will make no mistake by planting this variety.
Price, 5 cents for large two ounce packet, sufficient for about 50 hills; 20 cts. per pkt.; 35 cts. per qr.

SELECTED POP CORN.
New Red Beauty. A valuable new Red Pop Corn, introduced by an extended Pop Corn grower of Illinois. Ears medium to large, color bright red, deep trained and small cob; extremely early and very productive. 2 oz. per 2 ounce packet.
Queen's Golden. Probably the largest Pop Corn in cultivation. Kernels bright golden yellow. Large creamy white when popped. Price. 5 cents per 2 ounce packet.

Improved White Rice. One of the very best varieties in cultivation. Ears medium size, three to four on a stalk; kernels transparent white; round, sharp pointed. Pops out to a large size, pure white and very tender. 2 oz. per 2 ounce packet.

Mixed Varieties. The above three choose varieties, mixed. As these are white, red and yellow, they are easily separated. Price, 3 cts. per 2 ounce packet.

SELECT CAULIFLOWER.

CAULIFLOWER.
Cauliflower requires the same general treatment as Cabbage. It succeeds best, however, in a deep, rich, moist soil, and should be watered freely in dry weather. When heading, tie the heads securely over the head to prevent sun.

IMPROVED SNOWBALL.
This is now the most popular variety of Cauliflower grown. We used to think it impossible to grow good Cauliflower, but since the introduction of Snowball we find that a great deal of it is being grown in our locality.

EXTRA EARLY PARIS.
One of the earliest and most popular varieties in the Paris Markets. Probably the best of the low priced varieties. Heads large, compact, white, and of good quality. Price, packet of 200 seeds, 5 cents; 1/2 oz. seeds, 30 cents; ounce 75 cents.

NOTE: A VERY LARGE CATALOGUE, BUT LARGE PACKETS OF GOOD SEEDS AT SMALL PRICES.

20

Improved Long Orange. The roots gave remarkably uniform, smooth, and very large size. The color is a deep orange. Packet 3 cents per packet.

St. Valentia, or New Intermediate. Roots very regular and uniform and of good size, being about ten inches in length. You two to three in diameter at the top tapering gradually from the shoulder to the tip of the root. An excellent variety for table use. Price, 3 cents per packet.

Danvers’ Orange. (Half Long.) A standard variety of medium size. Color rich dark or bright orange. Fine grained. Packet 3 cents per packet.

Long White Belgian. Roots pure white. Grows one-thirteenth above ground. Large root, green for stock. Last season we grew the Danvers Orange and this variety. It is an extremely prolific. Price. 2 cents per packet.

Each packet will contain 4 oz., sufficient for 40 to 50 feet of drill. Price in quantity, oz. 8c.; 1-lb. 25c.; 1 lb. 75c.

COOL AND CRISP.

This is a very valuable, extra early, and productive picking Cucumber. At the picking stage they are straight, long, smooth, even, and slim, and are of a dark green color until fully grown. When it is one of the best picking varieties, it is also excellent for slicing. It is a very desirable variety. Packet 5 cents.

LIVINGSTONE’S EMERALD.

A grand new Cucumber. The fruit sets early and its vigorous vines abound in four, stretch, smooth, handsome, bright green fruit. As a slice it has no superior in the color. A splendid and slender makes an excellent pickle. Price, 3c.

THORNE’S EVERBEARING.

The peculiar merit of this new Cucumber is that the vine continues to bloom and produce fruit throughout weeks until killed by frost in their respective districts from all others. It is of small size, very early and unusually productive. 2c.

WHITE WONDER.

A distinct new variety. Unlike all other white varieties this is of strong robust habit. The fruit is uniform, averaging about eight inches in length. Color pure ivory-white, thin skin, flesh white, solid and brittle. Price, 5 cents per packet.

EXTRA LONG GREEN GIANT.

This is a truly a giant, attaining a size of 18 to 20 inches in length and two to three inches in diameter. Very uniform, straight and smooth. Excellent for slicing but too large for pickles. Packet 5 cents; ounce 15 cents.

Improved Long Green.

A universally popular variety. Dark green fruit 10 to 12 inches long, and of excellent quality. This variety is unsold for slicing. You will do well by giving it a trial. Packet 3 cents.

JERSEY PICKLE.

A very prolific early variety of medium size, in large groups, to supply the pickle market of New York and Philadelphia. It is very early and has no superior. Packet 3 cents.

JAPANESE CLIMBING.

A valuable new and distinct novelty. Climbing on poles or fences like a Gourd vine. Uniformly large fruits of uniform and of fine quality. Price, 2 cents per packet; ounce 15 cents.

NICHOL’S MEDIUM GREEN.

A very popular variety of medium size, excellent for table use. Also suitable for pickling, the young fruit being very uniform in size, deep green in color and crisp. Price, 3 cents per packet.

EXTRA EARLY GREEN PROLIFIC.

An extremely early strain of the well known Green Providence, unsurpassed in productivity, and equal to any in quality. Fine for pickling. Price, 3 cents.

IMPROVED EARLY WHITE SPINE.

A very popular variety both for marketing and table use. Vines vigorous, fruiting early and abundantly. Color, light green with a few white stripes, hence the name. 3c.

Extra Early Russian. Extra early, hardy and productive; fruit small, unsurpassed for pickling and use for table use. Price, 3 cents per packet.

West India Cherkeen. A distinct, small size, variety, grown extensively for plant by for which it is admirably adapted. Price. 2 cents per packet; ounce 15 cents.

Each packet of Cucumber Seed contains 1/4 ounce, sufficient for 20 to 25 hills. Price, in quantity, 20 cents per 1/4 pound; 50 cents per pound, postpaid.

CHICORY.

large-rooted, or Coffee. Much used in Europe as a substitute for coffee, and in many countries of the prepared roots are annually imported into this country for similar uses. The roots when carefully dried and roasted makes a coffee which can scarcely be discriminated from the genuine. Give it a trial. Price, 3 cents per one-fourth ounce packet.

CRESS OR PEPPER GRASS.

Curled Cress. An excellent flavoring for salads, etc. Of the easiest culture. Now early in the spring. Price 3 cents.

ENDIVE.

Green Curled. Beautifully curled, dark leafy leaves when blanched white and are tender and crisp by ties, leaves the outside leaves. Not recommended as a salad but much used for garnishing. As it is mostly used in the fall and winter months, they should be sown in June and July. Plant one foot apart each way. Price, 3 cents per one fourth ounce packet.

“Uneeda” Calla Bucket Spray Pump. See description elsewhere.

"COOL AND CRISP."
GRAND RAPIDS.

A new variety that is destined to be one of the most popular varieties grown. A stronger grower, lighter green, beautifully curved leaves, crisp and tender. Probably the best large leafed variety grown for market. Price 5 cents per packet.

TRIANTON, OR Celeri.

A favorite variety of Lettuce in Europe. The long, narrow leaves form solid, oblong heads like Waterhead Cabbage. Blooms the same week as the others and is tender and delicate in flavor. The leaves are still like Celery stalks, and can be served the same. 5 cts.

HENDERSON'S NEW YORK LETTUCE.

We were highly pleased with this new Lettuce last season. It grows to a very large size and heads up almost equal to early Cabbage. It blanches itself naturally, is always crisp and tender. Pkt. 3c.

TOMAHANNOCK.

Fine curled foliage of a reddish brown color; of excellent quality, holding its fine flavor from the first of June to the last of September. Always free from bitter taste. Pkt. 3 cts.

TILTON'S WHITE STAR.

One of the best for forcing or for early planting in the open ground. It forms large, loose heads, and has thick, savory, curly leaves, remaining fit for use a long time. Recommended to critical gardeners. Packet 5 cts.

IMPROVED HANSON.

One of the best known and probably the best tasting varieties grown and forms the best blanched leaves. Equal in the Cox variety. Light green, curled leaves, crisp and tender. 3 cts.

GREEN FRINGED.

A valuable variety of recent introduction. Peculiar shade of delicate green, inner part of leaves white, edges fringed. Much used for garnishing and also as a salad. Very desirable. Price 3 cts per packet.

DENVER MARKET. Highly recommended. A Denver gardener claims that in a test of ninety-six varieties Denver Market was the best. Very tender and crisp and of excellent quality. 5 cts.

BIG BOSTON. A mammoth strain of the Boston Market Lettuce. Much larger and better than the parent variety. Curled, lolling, forming heads of excellent quality. Price 3 cents per pkt.

WHITE PARIS CABBAGE. The heads are large, upright, with long leaves. It is very hardy, of large size, and long in running to seed, brittle and highly flavored. Fine. Pkt. 3c.

ALL THE YEAR ROUND. A popular variety, compact, crisp and tender, retaining its quality for a long time. A fine coarse all purpose variety. Pkt. 2 cts.

BLACK SEEDED BUTTER." One of the most popular varieties for general use. Early, tender and slow to seed. of superior quality. Packet 2 cts.

GOLDEN HEAD. A splendid variety of Cabbage Lettuce, forming compact, crisp, golden-yellow heads. A very satisfaction variety. Pkt. 2 cts.

The Deacon. A magnificent butter head lettuce, producing large heads of superior quality; leaves green, wide and creamy-yellow within. Pkt. 5 cts; oz. 20 cts.

PASSION. Grows to large size with tender puffed yellow heart, outer leaves yellow, inner leaves brown. Excellent for winter use as it matures slowly for spring shipment. Price 3 cts per packet.

MIXED LETTUCE. An equal mixture of all the above varieties. Packet 2 cts.

DANDELION.

Improved Thick Leaved. The Dandelion offers one of the earliest and most beautiful in spring greens. We offer here an improved large variety. Sow in drills twelve inches apart. Price 5 cents per packet; 50 cents per ounce.

COURSES.

Japanese Nest Egg. Just what you want for nest eggs, as they exactly represent the egg of a hen. Packet 3 cts.

Sugar Trough Gourd. A really large variety. Weight 600 from 4 to 10; tallow. Useful for many household purposes. Pkt. 10 cts.

Ornamental Gourds. A mixture including all sizes, shapes and colors. Very cute and interesting for the children. 10 cts.

HORSE RADISH.

Plant roots in Mar. small end down, with the top inch or so below ground. In rich, cultivated soil, with form roots of large size in one season. 6 roots 15 cts. 12 for 25 cts.

KALE, or BORECOULE.

Dwarf Scotch Caroled. Of the cabbage family this is the most tender and delicious. Should be more universally grown in this country than Cabbage. It is improved by a touch of frost. Price 5 cents per one-eighty ounce packet.

KOHL RABI.

Early White Vienna. A vegetable between the Cabbage and Turnip. Forms large bulbs on stems above the ground. Cooks with young and tender. Packet 5 cts.

EGG PLANT, OR VEGETABLE EGG.

This vegetable does not receive the attention it deserves. We consider it one of the finest vegetables in our gardens. We offer the following varieties which we consider the best.

EARLY LONG PURPLE. Earliest and most popular variety, with dark purple flesh, of fine quality. Price 3c., oz. 20 cts.

NEW YORK SPINLESS. The largest and most beautiful variety. Entirely free from spines. Pkt. 6 cts; ounce 35 cts.

BLK. PEKIN. Fruit large, almost round; color deep black purple; flesh white, of fine quality. Pkt. 3 cts; ounce 25 cts.

NEW WHITE PEARL. Fruit large, round, pure white; quality fine; very early. One of the best. Pkt. 10 cts.

Egg Plant, or Vegetable Egg.
NEW MUSK MELON, PAUL ROSE.

This new Melon probably combines more good qualities than any other variety. It was originated by Mr. Paul Rose, a successful Melon grower. It is a cross between the Old Gold and the Black Beauty. The Chicago market has received the highest price, and in the time of glut the "Paul Rose" was eagerly called for. In size they average a pound, and weigh almost one and a half pounds. Flesh quite thick, rich deep orange in color and unequalled in sweetness and flavor. Try it if you want something new. Packet 5 cents; ounce 15 cents; 1-grain 35 cents; pound 75 cents.

NEW GOLDEN EAGLE MUSK MELON.

EXTRA EARLY GRAND CAROLINA.

The earliest Musk Melon grown. Large, handsome, attractive fruit. Flesh bright salmon, of fine quality. The strongest fruit we can offer, being fully a week ahead of other varieties. Packet 5 cents.

NEW KINSMANS QUEEN.

Originated with Mr. F. Banning, of Kinsman. We are not satisfied with this variety. It is many days earlier than the earliest Melon we have ever tested. Three times as large as Earle Melon: nearly round in shape: color, yellowish green: slightly ribbed and netted: flesh: deep salmon, rich, juicy and delicate. Very productive. Packet 5 cents; ounce 15 cents; 1-grain 35 cents; pound 75 cents.

Tip Top.

Of uniform size and fine appearance. Flesh salmon, very juicy, sweet and fine flavored. Highly recommended. 3c.

Golden Nettled Gem.

A popular old variety of medium size. Flesh: thick, rich, excellent quality. Packet 5 cents; ounce 10 cents; 1-grain 25 cents; pound 70 cents.

Prolific Nutmeg.

A popular variety. Flesh thick, green, of good quality. Packet 5 cents; ounce 10 cents; 1-grain 25 cents; pound 70 cents.

Forage Belle.

Musk Melon is the earliest of the very early varieties. Shape flattened at the ends, deeply ribbed. Flesh green, quality excellent. Packet 3 cents.

Miller's Cream, or Osage.

One of the most popular Musk-grown. Large, oval, slightly ribbed and thickly netted. Flesh deep, excellent quality. Usually a large variety. One packet every variety 1 cent.

DUKE JONES.

This new variety certainly deserves attention. It is nearly round, of enormous size, mottled light red and dark green; quality unexcelled and an excellent shipper. One of the earliest. Mr. Quanion has shipped ten ears of Mr. Duke Jones Melons over our road. The ears all averaged 10 pounds to the Melon; one ear 26 pounds. They were the finest, most blemishless and quality fine. Packet 5 cents; each 25 cents.

NABOB.

A very large, solid, heavy Melon of splendid keeping qualities. A little depression at the bottom end. Color, dark green, peculiarly mottled with light green spots. Weights 18 to 40 pounds. Flesh deep scarlet, sweet and handsome; medium early. An excellent shipper and very attractive at a market in Melon. This Melon certainly has more than ordinary quality.

New Sweet Heart.

As entirely distinct new variety. It is early, large, handsome, heavy, a good keeper and shipper and a creating much attention wherever grown. Vine is vigorous and productive; fruits large, very heavy, uniformly mottled light and dark green. Rich flesh bright red, solid and very tender, melting, and sweet. Don't fail to include this variety in your order. Packet 3 cents.

The Dixie.

A cross between Koob's Gem and Mountain Sweet, quite early. Of uniform large size, flesh deep scarlet very fine colored and sweet. One packet every variety 1 cent.

The Delaware.

Of oblong shape, very thick skin. Beautifully striped: flesh bright and fine quality. Pkt. 3 cts.

Wicklins Early.

Oblong, smooth, rather small, flesh fairly pink, solid and sweet. One packet every variety 1 cent.

NEW MUSK MELON, ROCKY FORD.

Claimed to be an improved strain of the popular Nettled Gem. Comes later in size and more oval in form. Flesh green, rather early and productive. We believe it destined to become one of the most popular varieties. Packet 5 cents.

HENDERSON'S NEWPORT.

The Newport is a very early Melon. Fruit round with shallow ribs. Color, dull green, changing to golden-yellow. Flesh very thick, color green of excellent flavor, rich and melting. Medium size and very productive. Packet 5 cents.

EMERALD GEM.

Small in size, perfectly round and smooth. Skin emerald green when ripe. Flesh red salmon, very juicy and excellent. Packet 5 cents.

Champion Market.

A very popular market variety. Large size, deep ribbed, flesh green and very sweet. Early and productive. None better. Packet 5 cents.

COLUMBIAN.

Another good new variety. Large size, deep ribbed flesh green and very sweet. Early and productive. NABOB. Packet 5 cents.

NEW MELROSE.

A very desirable new Melon introduced by Mr. PurPOSE. It is very hardy, vigorous and productive; oval in shape; large, handsome, of good quality, and in quality equal to the best. Try it. Packet 3 cents.

Banana.

This variety is from all of our early. One to 12 to 15 inches long; 6 to 8 inches in diameter. Flesh rich salmon and of excellent quality. Resembles a Banana. Packet 3 cents.

Mixed Varieties.

A collection of above varieties. If you wish only one packet, this is the one. Packet 3 cents.

WATERMELONS.

BAKED WONDERFUL SUGAR.

Prof. Masson, of Ralph N. C., says: "I have grown newly called Melon advertised in your catalogue, and I feel safe in saying that this Melon is the best of all and leaves nothing to desire in a Watermelon. The color is a deep rich red, and without the slightest blemish. Melons uniformly large, oblong in form, some reaching two feet in length and ten to twelve inches in diameter, skin smooth, neither rough nor split, of rich red flesh and green flesh pale pink, crisp and sweet. Solid hearts free from any cracks or open places. Price, Packet 5 cents; each 1 cent.

DUKE JONES.

Slightly oblong in shape with small ends. Solid and heavy melons of splendid keeping qualities. Little depression at the bottom end. Color dark green, peculiarly mottled with light green spots. Weights 18 to 40 pounds. Flesh deep scarlet, sweet and handsome; medium early. An excellent shipper and very attractive at a market in Melon. This Melon certainly has more than ordinary quality.

HUNGARIAN HONEY.

MAMMOTH IRONCLAD.

Of mammoth size, oblong in form, uniformly marked, flesh bright red and very solid, rich and hard. Early and a good keeper. Packet 3 cents.

Zoib's Gem.

This is the variety so largely grown in the South for the Northern market. Packet 3 cents.

Mountain Sweet.

Early, large, oblong. Dark green color, this rich, flesh bright red, solid, rich and sweet. Price, 2 cts.

EL PASO.

A promising new French variety. Oblong, dark green, early and of large size; flesh bright crimson, very sweet. Packet 3 cents.

COLORADO PRESERVING CITRON.

Grown for sweet meats, preserves, etc. Flesh very solid and makes clear, transparent preserves; of fine flavor. Packet 5 cents.

THE "CALLA" SPRAY PUMP.

For household purposes. The "Calla" Spray Pump is in demand for spraying potted plants, fruit trees, shrubbery, melons, cabbage, carrots, radishes, etc. It is placed on the garden hose, and is in constant use by our patrons. It is very useful for pruning rows of vines, etc. The "Calla" Spray Pump is made in four sizes: 25, 50, 100 and 200, and each is a separate item. Each pump is $1.00.

SALSA, SOUP, PLANTS, & BULBS.

NEW MUSK MELON, PAUL ROSE.

SALSA, SOUP, PLANTS, & BULBS.
SELECTED AMERICAN GROWN ONIONS.

To grow a good crop of Onions much depends on the quality of the seed. The seed must not be coarse and heavy, but it must be compact and fine. We always exercise great care to secure the best of all varieties. The seed we offer are mostly grown for our own use and are grown in contact with old fields from which no seed is taken. We offer them believing that they will compare favorably with any Onion seed on the market.

YELLOW GLOBE DANVERS.
The Yellow Globe Danvers are the most popular and most profitable of all Onions to grow for market. They are productive, large and early. The first set is grown from seed; 600 bunches per acre is not an unusual crop. For reliability in bottoming, quality and excellent flavor, they are without exception the best of all Onion varieties, but much offer better, which, however, are not as yet on the market. 

Pocket 3 cts.; ounce 10 cts.; 1-lb pound 35 cts.; $1.00.

LARGE RED WEATHERSFIELD.
It is often a matter of choice to color in growing Onions. To those who prefer a Red Onion, we recommend the Red Weatherfield. Next to the Globe Danvers this variety is most large and grown. Yields fully equal to the Danvers in fact many pruners claim it to be more productive and much better colored. 

Pocket 3 cts.; ounce 10 cts.; 1-lb pound 35 cts.; $1.00.

EXTRA EARLY RED.
This variety matures very early. It yields abundantly and is extra firm-flavored, and of a rich color. Almost 100 per cent of the bulbs are deep red, which is a decided advantage in many sections. 

YELLOW STRASBURG, or DUTCH.
One of the oldest varieties in cultivation, and can always be depended upon for a good crop. Bulbs quite flat, of good size, skin yellow, flesh white, flavor close, strong, rich and heavy. This variety will particularly recommended for the North and North west. 

SILVERSKIN, or WHITE PORTUGAL.
This variety is perfect for family use, no flavor and pleasant. Skin silver white and of handsome shape. Highly esteemed for packing when young. Also for market, in early winter. Extra-early planted for early-grown crop. The size large, shape is handsome, flesh is hard and prolific, and keeps better than any other white variety. 

Pocket 3 cts.; ounce 10 cts.; 1-lb pound 50 cts.; 100 cts.

NEW MAMMOTH VICTORIA ONION.
We offer an extra fine stock of the true early Cracker Onion which is the most popular variety of the large red Onions. 

Pocket 3 cts.; ounce 10 cts.; 1-lb pound 35 cts.; $1.00.

EARLY YELLOW CRACKER ONION.
We offer an extra fine stock of the true early Cracker Onion which is the most popular variety of the large red Onions. 

Pocket 3 cts.; ounce 10 cts.; 1-lb pound 35 cts.; $1.00.

TRUE GLOBE SHAPED ONIONS.
The Southport Globe Onions are probably the handsomest Onion grown, always bringing the highest prices. They however, are not quite so early as the Danvers. 

Pocket 3 cts.; ounce 10 cts.; 1-lb pound 35 cts.; $1.00.

Southport White Globe. A true globe shaped Onion. The bulb is pure white; flesh firm, fine grained and of mild flavor. An early variety. The size very uniform and are of the handsomest Onions grown. Of large size and perfect shape, always commanding the highest market prices. 

Pocket 3 cts.; ounce 10 cts.; 1-lb pound 35 cts.; $1.00.

Southport Yellow Globe, keeps in color of the skin. It is a most perfectly globe shaped Onion than the Globe Danvers, having a very heavy body. 

Pocket 3 cts.; ounce 10 cts.; 1-lb pound 35 cts.; $1.00.

Like the White Globe Onion except that not quite so early is matured. The bulbs are free from any imperfections of any kind, 

Pocket 3 cts.; ounce 10 cts.; 1-lb pound 35 cts.; $1.00.

Our Family Collection.
If we may judge by the many unsolicited testimonials we receive from those who purchase our Onion seeds, it is evident that most of the hundreds of new varieties of Garden Seeds ever offered for the money. Think of it. Twenty-five large well selected packets of just such varieties as you want for a complete family garden all by mail postpaid for only 50 cents. We sell thousands of these collections, and have never heard a single word of complaint. See page 16 of this catalogue.

WHITE MULTIPLIER ONION.
Pure silvery white, enormous productively frequently produce as many as twenty bulbs from one bulb planted. Of excellent flavor, suitable for all purposes. One of the best multipliers. 

MAMMOTH SILVER KING.
One of the largest and most attractive of all Onions. Single specimens frequently attain a 3 pounds in weight. Of handsome silver white appearance and excel all others in mildness and flavor. 

Pocket 5 cts.; ounce 15 cts.; 1-lb pound 50 cts.; $1.90.

TRUE PRIZEKATER ONION.
First introduced in 1898, this magnificent yellow Onion has steadily increased in popularity, and is now claimed by many to be the largest, handsomest, finest flavored and most productive and profitable Onion on the market. It closely resembles the beautiful line Spanish Onion, but the size is larger, the color finer and the shape are improved. They are of a uniform size, rich yellow in color and always grow to a uniform size, being a perfect globe, with a very small neck always grown in perfect shape, 

Pocket 5 cts.; ounce 15 cts.; 1-lb pound 50 cts.; $1.00.

NEW EXTRA EARLY BARLETTA.
The earliest Onion in cultivation. They are of a pure paper white color, very mild and delicate in flavor. Size from one to two inches in diameter, and in roundness they are unequalled, being among the very roundest and smallest of all onions. 

Pocket 3 cts.; ounce 10 cts.; 1-lb pound 35 cts.; $1.00.

GIANT RED ROCOA.
A well known Italian Onion of very delicate, mild flavor, handsome size and handsome form and hard, rich, brown color. It is valuable for both autumn and spring planting. The onion produces large bulbs. 

FERRELL TREE ONION.
The variety to be derived. They are specifically adapted for producing green Onions for early spring or fall. They are perfect hardy plants in the ground from year to year, 

WHITE MULTIPLIER ONION.
Pure silvery white, enormous productively frequently produce as many as twenty bulbs from one bulb planted. Of excellent flavor, suitable for all purposes. One of the best multipliers. 

EACH PACKET OF ONION SEED WILL CONTAIN A QUARTER OF AN OUNCE.
AMERICAN WONDER. Of dwarf but robust habit, growing from 9 to 12 inches high, and producing an abundance of good sized, well filled pods, each containing from 8 to 12 peas of good size and fine flavor when the fruit is fully developed. Packet 5 cents, pint 20 cents, pack $1.20.

Extra Early Premium Pea. A very fine extra early dwarf pea of little gem type on which is a decided improvement, larger pods and more productive. One of the best early dwarf varieties, and produces very large peas, very fleshy, and of fine quality. Packet 5 cents, pint 20 cents, pack $1.20.

Notty's Excello. A grand new dwarf early wrinkled pea. Notty quite so early as American Wonder but growing taller more robust and prolific each and containing from 2 to 3 very large peas which are usually full sized. Very high priced for a new variety. Packet 5 cents, pint 20 cents, pack $1.20.

Early Alaska. Without doubt the earliest and best smooth blue pea. Grows about two feet high and is very productive. Peas medium size, dark blue and excellent quality. Packet 5 cents, pint 20 cents, pack $1.20.

First of All. As the name indicates it is the best second early pea in cultivation. It attains a height of about three and a half feet, and is a wonderfully heavy cropper. The pods are large and well filled with large green peas of excellent quality. Price, 5 cents per packet; 25 cents per pint, $1.00 per peck.

Pillbasket. This variety is one of the best second early peas in cultivation. It attains a height of about three and a half feet, and is a wonderfully heavy cropper. The pods are large and well filled with large, green peas of excellent quality. Price, 5 cents per packet; 25 cents per pint, $1.00 per peck.

Horseford's Market Garden. A grand wrinkled variety, growing about two feet high. It is a prolific bearer, having yielded more slender pods to the larger than any other variety. The pods, although medium size, are numerous and literally packed with peas of excellent quality. Price, 5 cents per packet; 20 cents per pint, $1.25 per peck.

Herine. This grand new medium early wrinkled pea grows uniformly about thirty inches high. Pods very large and heavy and containing 10 to 15 large peas of excellent quality. It is a heavy cropper, some individuals being packed with 15 large peas pods. No other variety possesses more good qualities. Price, 5 cents per packet; 25 cents per pint, $1.25 per peck.

Abundance. A variable second early variety growing to 30 inches high, yielding a full dozen or more branches from the same. The pods are from one to two feet long with long pods containing large wrinkled peas of delicious flavor. Packet 5 cents, pint 20 cents, $1.00.

Everbearing. The size of the excellent variety attain a height of twenty-four to thirty inches and the pods three to four inches in length. The peas are very large and unsurpassed by any other variety in quality. For continuous and prolific bearing, this variety has no superior if equal. Packet 5 cents, pint 20 cents, pack $1.20.

David of Second Early Varieties.

An early, medium and low growing variety, growing 18 to 24 inches high. The pods are large and filled with large, firm peas of excellent quality. Price, 5 cents per packet; 25 cents per pint, $1.25 per peck.

Late or Main Crop Varieties.

Telephone. One of the finest tall wrinkled Peas yet introduced. It is unusually prolific, of the best quality, and possesses excellent flavor; growing about 3 to 4 feet in height. The pods are large and closely packed with large, delicious peas. Packet 5 cents, pint 20 cents, $1.00 per peck.

Juno. A valuable new crop pea of vigorous constitution, of branching habit. Height 2 to 3 feet, requiring little or no support. Wonderfully productive, pods strong and heavy, but little curved, usually growing in pairs and producing seven to nine very large peas of excellent flavor and quality. Packet 5 cents, pint 20 cents, $1.00 per peck.

Yorkshire. A large round pods closely filled with large, delicious, wrinkled peas, very productive. This is a fine variety for general cultivation. Similar to the well known Champion of England. Price, 5 cents per packet; 25 cents per pint, $1.25 per peck.

Champion of England. A superior and most productive variety. Height 4 to 6 feet. Packet 5 cents, pint 20 cents, $1.00 per peck.

Champion of Scotland. A grand new variety, growing very well in the northern counties, attains a height of 3 to 5 feet. Packet 5 cents, pint 20 cents, $1.00 per peck.

Molting Sugar. (Edible Pods.) Grow to a height of from five to six feet and bear a profusion of large, broad pods. Give it a trial. Packet 5 cents, pint 25 cents, $1.50.

Black Eyed Marrowfat. An old and still widely popular smooth variety. Height 30 to 40 feet, very hardy and productive. Largely grown for canning. Packet 5 cents, pint 20 cents, $1.00 per peck.

Peas quoted by the packet, pint or quart are delivered by mail, postpaid. Orders by Express or Freight, deduct 5 cents per pint from above prices. Prices per peck does not include delivery, but are sent by Freight or Express.
Parships.

**IMPROVED GERNSEY.**
A greatly improved and wonderfully fine strain of Gernsey Parships, of which our customers are unanimous in praising the fine quality. The Parships do not need as long as the Hollow Crowns, but are of great diameter and more easily gathered. It is a very heavy cropper. The roots are very smooth, flesh is fine framed and most excellent. 1/4 oz. Sc.

**LONG SMOOTH, OR HOLLOW CROWN.**
A great cropper, tender sugarly, and considered the next best for general cultivation. Parships are improved by remaining exactly the same. Price, 2 cents per 1/4 oz. pkt.

**EARLY SHORT HORN.**
Undoubtedly the earliest and shortest variety grown. Fine for early table use and on account of its shape does well on shallow soil. Price, 3 cts. per one-fourth oz. packet.

**PARSLEY.**
Champion Moss Curled. A beautiful and valuable English Parsley. The moss-like leaves are beautifully crimped and curled. Indispensable for scarping soups, meats, etc. Useful for salads, garnish and as an ornamental border in the flower garden. Price, 2 cents per packet. Parsley, 12 cents per pound.

**PEPPERS.**
Ruby King. The earliest and handsomest of all the red Peppers. Color bright red, red and pungent. This is the best for greenhouse and paper. Very large, attaining live to six inches in length by three to five in diameter. Price 3 cents per packet.

Golden Dawn. Not quite so large as Golden Queen, but more productive. Excellent quality, being remarkable for its mild flavor. One of the best in cultivation. Price, 3 cents per packet.

Sweet Mountain, or Mammoth. Similar in shape to the Old Bell, but of much larger size and thicker flesh, and tender. Much used for pickling. Price, 3 cts.

Red Cherry. A single plant will bear hundreds of bright coral red, handsome Peppers, which are very hot and pungent. Price, 3 cents per packet.

Red Cayenne. A long, slim pointed pod, bright coral red, and very pungent. Extremely strong and pungent. This is the sort used for commercial purposes and is also the most desirable variety for making pepper sauce. Price, 3 cents per packet.

New Celestial. A pepper from China. Not only useful but the most beautiful plants grown. Very productive, single plants produce 60 to 90 Peppers. Color, cream-yellow, changing to brilliant scarlet when ripe. Price, 3 cents per packet.

**SOME PUMPKINS.**
Winter Luxury. This valuable new Pumpkin is the result of several years of careful selection by a veteran Pumpkin grower and is pronounced by many to be the best pie Pumpkin grown. Size medium averaging 10 to 12 pounds. Rich golden-yellow finely netted like a Muskmelon. An excellent winter keeper. Try it. Price, 5 cents per packet.

Calhoun. Shape nearly round, somewhat flattened. Skin cream colored, flesh deep orange, very thick, fine grained of excellent quality. One of the best Pumpkins grown for general use. Price, 3 cents per packet.

Tennessee Sweet Potato. A pear shaped pumpkin. Creamy-white in color, sometimes stripped with green. Flesh creamy-white, fine grained, thick, dry and brittle. Quality the very best. For cooking this variety has no superior. Price, 3 cents per packet.

Quakers. A large, heavy pumpkin variety from New York State where it has been grown for many years in a settlement of Quakers, or Friends. Shape is nearly round, skin orange, color bright orange. Skin of pumpkin is cream-white both inside and out. Flesh is sweet and thick, and an excellent keeper. Price 3 cts.

**SWEET PEAS.**
100 Varieties.
The most complete assort¬
ment ever offer¬
ed for the price.

EARLIEST SCARLET FORCING.
One of the earliest and best of the Turnip varieties for forcing. Very short leaved, small top; skin dark red; flesh white. 3c.

EARLY SCARLET GLOBE.
One of the finest for forcing and market gardening purposes. Also fine for the family garden. Its roundish oval; skin brilliant scarlet; flesh white, solid, crisp and tender; top small. 3c.

EARLY LONG SCARLET.
A standard early long variety for market or home gardens. Producing long, straight, smooth roots, growing promptly above the ground. Color, bright scarlet, tender and crisp. Pkt. 3c.

ROSY GEM, or White Tip Scarlet Ball.
This is without doubt one of the earliest Radishes grown. The shape is perfectly globular with rich deep scarlet top, blending with pure waxy white at the bottom. It is fit for the table in from 3 to 4 weeks from sowing. Pkt. 5 cents.

EARLY SCARLET OLIVE.
Quite early and handsome. Olive-shaped; color, deep scarlet; flesh white and crisp. Much admired. 3c.

French Breakfast. One of the most popular varieties for table use. Medium size; olive-shaped, slightly larger at the bottom; small top and rapid growth. Color, bright scarlet, tender and crisp. Pkt. 3 cents.

Chinese Celestial. A variety from China that attracts considerable attention. Half long in form; color, creamy white. Fleshy, attractive flesh solid, buttery and mild flavor. Suitable for both summer and winter. Packet 5 cents.

White Strasbourg. Roots medium, oblong, tapering form. Both the skin and flesh are pure white; firm, brittle and tender. An excellent summer Radish, retaining its good qualities for a long period. Of medium size and excellent flavor. Packet 5 cents.

Improved Charter. One of the most distinct and valuable varieties grown. Long, smooth, well formed roots; scarlet at the top, shaded to pink at the centre, and from thence downward pure waxy white. Unexcelled either for early summer or autumn planting. Will attain a large size before it becomes unfit for use. Price, 3 cents per packet.

Wood's Early Frame. Extra long, bright scarlet Radish with small top. Suitable both for forcing and garden culture; flavor. Packet 5 cents.

California Mammoth. A mammoth white winter Radish, growing to an immense size. Flesh white, solid and of good quality. Very desirable. 3c.

White Olive Shaped. Of olive shape; skin pure white; flesh white, tender and crisp; matures early and is desirable in every respect. Pkt. 3 cents.

Chinese Rose Winter. This variety is of excellent quality, and is certainly one of the best varieties for winter use. Sow about the first of August for winter use. Price, 3 cents per packet.

Black Spanish. An excellent variety for autumn and winter use. Of long, smooth, tapering form; skin dark brown; flesh white and of fine quality. 3c.

White Tip Scarlet Turnip. A very handsome early globe-shaped, scarlet Radish with white tip. Of medium size and excellent quality. 3 cents.

Early White Turnip Rooted. Skin and flesh pure white; round in shape, top small. A standard variety, remaining in good condition longer than most turnip rooted varieties. Packet 3 cents.

Early Yellow Summer Turnip. A very desirable early Radish of golden-yellow color. Often being fit for use in four weeks from sowing. Will stand summer heat well. It will prove a welcome addition for it fills a long felt want. Packet 3 cents.

Mixed Varieties. Were we to plant only one packet of Radish seed, we would certainly select this one, as by planting this you can have a succession from the very earliest to the latest. Each packet will contain an equal mixture of all varieties on this page. Price, 3 cents per packet.

Each packet will contain a full quarter of an ounce of seed. Price of Radish Seed in quantity, 10 cents per ounce; 20 cents per one-fourth pound; 50 cents per pound, by mail, postpaid.

POPULAR 50-CENT COLLECTIONS. In no other way can you procure so many choice plants as you can by ordering some of our Popular 50-cent Collections. They are not made up of inferior varieties as might be supposed; but they invariably contain the choicest varieties that are certain to give satisfaction. For particulars see page 32.
ESSEX HYBRID.

One of the finest, grained, richest flavored, sweetest and most prolific of all Squashes. Ripes early and keeps until the following June. Packet 3 cents.

GENUINE HUBBARD.

The most popular winter Squash grown. Everybody knows it without describing it. We offer seed of the true Hubbard. Price, 3 cents per packet.

CHICAGO WANTED HUBBARD.

This valuable Squash was introduced by a Chicago Seedsmen. It is an Ideal Hubbard. It is of large size; color, blackish green; shell hard and smooth; fruits over with warty knob. It is a Squash that is certain to please anyone who is fond of the Hubbard. Should be included in every Hoover. Price, 5 cents per pkt.; oz. 10 cents; ¼ lb. 35 cents; lb. 65 cents.

NEW GOLDEN HUBBARD.

This new Squash, of recent introduction, is a sport from the well known old Hubbard, which it closely resembles in every respect, except in color; being a bright golden orange, and while it retains all the excellent qualities of the old Hubbard, it is much more vigorous in growth. They are of superior size, fruiting earlier than the old Hubbard, and are certainly no inferior, keeping perfectly through the winter. Price, 5 cents; oz. 10 cents; ¼ lb. 30 cents; lb. 75 cents.

Mammoth Chili. The largest Squash in cultivation. Flesh thick, bright orange yellow and of excellent quality considering the size, but of course cannot be compared with some of the smaller varieties in quality. Productive and a good keeper. Price, 5¢, oz. 10¢, ¼ lb. 15¢.

Brazilian Sugar. This distinct variety is the richest flavored and sweetest of all Squashes. Fine for table use in every stage of growth. Enormously productive, a single plant has yielded as many as twelve perfectly ripened Squashes. Flesh yellow, tinted with the green.

A very fine variety. Price, 3 cents per packet.

Each packet of Squash Seed will contain half an ounce. Price of Squash Seed in each packet, where Prices are given, 15¢, per 4 lb.; 50 cents, per 50 lbs.

DO YOUR FRIENDS a favor as well as us by asking them to join you in ordering Seeds and Plants, or by sending their names and address that we may mail them each a copy of our catalogue. One great reason why we can sell Seeds and Plants so cheap is because our patrons aid us in extending our trade by telling their friends where to send their order. It might truly be called doing business on the co-operative plan; as we give a share of the profits to our patrons for their assistance by furnishing seeds at reduced prices instead of depending on newspaper advertising which is very expensive.

Holt's Mammoth Sage.

The plants are strong growing, the first season attaining one foot in height and spreading out, so that a single plant covers a circular space three feet in diameter. Leaves borne well above the soil keeping them clean, are very large and of unusual substance, strong in color and of superior quality. Of course, this splendid plant will give the greatest amount of feed.

Holt's Mammoth will yield more than a dozen plants of the common sorts. It is perfectly hardy. It never needs. Price, A plants for 25¢; E plants for 50¢; SUPER HUBBARD for $1.00, 50¢ for 50 lbs.

BOSTON MARROW.

A very popular variety for autumn and early winter use. Oval in form; skin bristly orange yellow and very thin; flesh dry, fine grained, and of excellent quality. Usually productive of 600 pounds. Packet 3 cents.

COLVIN'S ORANGE MARROW.

The skin resembles a rough, dark colored orange. Very early; quality excellent when matured. May be used when young same as Summer Squashes, also fine for autumn and early winter. Weight 16 to 15 pounds. Price, 2 cents per packet.

GIANT HUSH SUMMER CROOKNECK.

A beautiful bright yellow summer Squash, twice as large as the ordinary summer Crookneck, far more warty and several days earlier. Bears all summer and is desirable for the private garden or for market. Price, 3 cents per packet.

GOLDEN YELLOW HUSK, or GOLDEN CUSTARD.

A very productive and grow to a large size, averaging 12 to 15 inches across. They are fit for use very early. Color, bright golden-yellow. Price, 2 cents per packet.

FORDHOOK.

Of medium size, oblong in form; deep dark, sweet, and of fine flavor. An excellent keeper; very productive. A sure cropper as the Squash borer does not molest it. Price, 3 cents per packet.

THE FAXON.

A valuable Squash of recent introduction. 

Squash, the flavor of all others is in color when ripe, some are pale yellow while others on the same vine are mottled green. Flesh thick, deep orange yellow and very sweet. 3c.

Marblehead. A standard old variety, somewhat resembling the Hubbard, but a little more elongated and marked with a bright bluish skin. Flesh, sweet, dry and of delicious flavor. A desirable variety. Price, 3 cents.

Sibley, or Pikes Peak. Shell smooth, thin, pale green; flesh thick, solid, rich golden yellow, very fine grained and of superior quality. An increased production and an excellent keeper. Packet 3 cents.

COCOANUT.

A splendid little Squash of very easy culture and wonderfully prolific, from 5 to 12 or more on a vine. Of fine quality. Price, 3 cents per packet.

Sandwich Island Salsify.

By careful test we find that this new Mammoth Salsify grows uniformly to extra large size, averaging fully the size and weight of roots of the old variety. The roots notwithstanding their enormous size, are of superior quality and of very delicate flavor. It is such a decided improvement that we are quite sure that this new variety will use it in preference to any other variety in cultivation. We consider it so much superior to others that we offer it only. Price, 10¢, per one-fourth ounce packet 3 cents.

Holt's Mammoth Sage.

The plants are strong growing, the first season attaining one foot in height, and spreading out, so that a single plant covers a circular space three feet in diameter. Leaves borne well above the soil keeping them clean, are very large and of unusual substance, strong in color, and of superior quality. Of course, this splendid plant will give the greatest amount of feed. Holt's Mammoth will yield more than a dozen plants of the common sorts. It is perfectly hardy. It never needs. Price, A plants for 25¢; E plants for 50¢; SUPER HUBBARD for $1.00, 50¢ for 50 lbs.
NEW STONE.
Very large and always smooth. Bright scarlet; ripens evenly to the stem and never cracks. Exceptionally solid and fine quality. Pkt. 3 cts., ounce 20 cts.

BUCKEYE STATE.
One of the largest perfectly smooth varieties grown. Color, light red, very solid, and heavy. A fine variety for canning. Pkt. 3 cts., ounce 20 cts.

MANSFIELD TREE.
A vigorous grower that can be trained to a height of 8 to 10 feet. Fruit large, smooth and of good quality. Packet 5 cents, ounce 25 cents.

GOLDEN QUEEN.
A fine new golden-yellow variety. The fruit is large, smooth, and solid. A very desirable variety for slicing or preserves. Packet 5 cents, ounce 25 cents.

BEAUTY.
A universal favorite. Very productive, uniform, smooth and solid; color, brilliant purplish-scarlet. A good all-purpose variety. Pkt. 3 cts.; oz. 10 cts.

EACH PACKET OF TOMATO SEED WILL CONTAIN SUFFICIENT FOR 300 TO 400 PLANTS.

Extra Early Milan. The earliest variety grown; of medium size, flat and quite smooth with bright purple top, a fine early market and table variety. Packet 3 cts.

Purple Top Strap Leaf. The most popular variety in cultivation. It is a very quick grower and the flesh is fine grained and sweet flavored. A very handsome variety. Price, 3 cents per packet.

Early White Strap Leaf. A very popular market variety. It grows very quickly and matures early; color of skin and flesh pure white, of mild flavor and good quality. Price, 3 cents per packet.

Golden Ball. One of the richest, most delicate flavored and best of all the yellow fleshed Turnips yet introduced. Globe-shaped, matures early, and an excellent keeper. Price, 3 cents per packet.

Ruta Baga, or Sweedish Turnip.

Burpee's Breadstone. Desirable for table use. Of quick growth and uniformly smooth; color, white, faintly colored at top, flesh white. Pkt. 3 cents

SPINACH.

Long Standing. Large, rough, crimped leaves. Highly esteemed by many for greens. For winter and early spring use sow in September in well manured soil. Much well with straw on approach of severe weather. Sow in early spring for summer use. This sort is the best for sowing in 1 oz. pkt. 3 cts.

TOBACCO.

We offer the two best varieties in cultivation. Connecticut Seed Leaf, unsurpassed for growing in the Northern States and Hawaii; the most popular variety in the South. Everybody who raises poultry should grow a small patch of Tobacco for use in the poultry house to keep away vermin. Packet 3 cts.
POT, SWEET AND MEDICINAL HERBS.

No garden is complete without a few herbs for culinary purposes, and care should be taken to harvest them properly. This should be done on a dry day, just before they come in bloom, then dried quickly and packed closely, entirely excluded from the air. Sow in the spring in shallow drills, one foot apart and when well up thin out or transplant to a proper distance apart.

Anise, Caraway, Celery, Chives, Coriander, Dill, Lavender, Thyme. These seeds are used for confectionery and seasoning soups. Balm, Lavender, Thyme. These leaves are used in soups, sauces, and confections. Morethron. Principally used for medicinal purposes and by confectioners. Very useful as a medicinal herb.

Caraway. Chiefly cultivated for the seeds which are used in confectionery and medicine. A very popular herb.

Carrot. Used for pickling, the seeds for confectionery.

Cultivated for its seeds, and sometimes for its roots. A good seed for the pot, also for pickling and confecting. The whole plant is esteemed as a garden ornament.

It is now known that the carrot is a root of the carrot family, and that it is closely related to the parsnip. The carrot is a very useful vegetable, and is highly valued for its flavor and its health-giving properties.

The carrot is a root crop, and is grown for its starchy roots, which are eaten raw or cooked. It is a biennial plant, meaning that it requires two growing seasons to complete its life cycle. The first season is spent growing the taproot, and the second season is spent growing the leaves and blossom.

Nothing adds so much to the beauty of a home as a nice well kept lawn, and in order to successfully produce a new lawn it is necessary to sow specially prepared seed. We offer the Central Park Mixture which is the same as used in the Parks of New York and other large cities. One quart will sow about three hundred square feet. Three or four bushes are required to sow an acre. Sow as early in the spring as the soil can be prepared. Care should be taken to have a well prepared medium surface, always bearing in mind that it requires a good soil to grow a lawn. Don't sow the seed in the clay from the cellar or well and expect good results.

Last of August or first of September is also a good time to start a lawn. After sowing rake the seed in well and roll or pack the surface evenly and you will soon have a fine lawn.

Price, by mail, postpaid, 25 cents per quart; by express, $1.00 per peck, $3.50 per bu. of 20 pounds.
F or many years we have been offering our popular Family Collection of garden seed. We send out each year thousands of these collections, and the reason is that it is the largest and most complete 50-cent collection of garden seeds on the market. In fact from the many thousand collections that we have sold we have never read a single word of complaint. Everybody is delighted and surprised who order the many testimonials we receive. "How can you sell seeds so cheap?" "Never received so many seeds for the money." "Can't find room to plant them all." etc., are common expressions from those who order it. Remember they are not old stock seeds, but on the contrary they are all strictly fresh seed and first class in every respect.

This collection is prepared expressly for the purpose of inducing you and everybody else who receive this catalogue to give our seeds a trial. There is but little profit in it to us, but if it is the means of inducing you to give our seeds a trial and have accomplished its purpose, we feel confident that you will be so well pleased with the results that we can hereafter count you among our regular patrons. Remember we guarantee them to be as represented or money refunded.

All seeds tested. All our seed are carefully tested for us at the Blithedale Seed Testing Laboratory and the result of test together with date stamped on each packet so that the purchaser will know beyond any doubt that the seeds are fresh and what per cent, will grow. There need not be a saying among some Seedsmen that the seed were fresh just as long as the packet did not become sealed, and we fear that this rule is applied too often yet. The principal cause of failure with most seeds is that the seed are returned and put out again each year until sold, the purchaser having no means of knowing when they were put up.

For full description of the following choice varieties see our general catalogue.

We positively cannot make any changes in this Collection, as they are already packed awaiting orders.

The above Collection packed for mailing, weighs about 12 ounces, and comes at our usual 5-cent postage. We deliver direct to post-office in the U. S. or Canada for 50 cents, and guarantees satisfaction.

Special offer. We want you our neighbors as well as yourself to test our seeds, and will make it as object to you to interest them, and remit us $3.00 we will mail the entire collection free and returnable. Each collection will be mailed separately to purchasers, if at addresses are given, and if goods are not as represented, return them and get your money.

FAMILY COLLECTION

25c. Novelty Garden Seed Collection. 25c.

New varieties of seed are always much higher in price than standard varieties. Purchasers would often like to test them, but do not wish to pay the extra price. For the accommodation of our patrons, we have prepared a collection comprising ten of what we believe to be the most desirable varieties, which are sent in each packet at a reasonable price of 25 cents for the complete set of ten packets. The following is a list of the varieties of seed contained in each packet:

New Emerald Cucumber. One-eighth ounce packet.
New Ball Head or Hollanded Cabbage. Pluck. 25 seeds.
Crisp-as-Ice Lettuce. One-eighth ounce packet.
New Kinsman Queen Muskel Melon. Packet 25 seeds.
New Kieckley Sweet Watermelon. Packet 50 seeds.
New Zanbaker Parsnip. One-eighth ounce packet.
New Triumph Striped Radish. Packet 100 seeds.
New Enormous Tomato. Packet 50 seeds.

The entire collection is packed in one choice New York envelope for only 25 cents postage. No changes allowed in this collection, as they are already packed awaiting orders. The entire collection must be ordered.

Secure orders for four collections among your friends, send us $1.00, and get a free collection for your trouble.
A PAGE OF SMALL FRUITS.

So many of our patrons ask for Small Fruit Plants that we have decided to devote a page to the subject. We are unable to offer a very large variety, but will combine ourselves to a few standard, tried varieties that we are certain will give satisfaction.

**STRAWBERRIES.**

You will doubtless be surprised when we say that we will offer only one variety, but we have had some experience along this line. Three years ago we planned a dwarf or semi-dwarf variety of strawberries which we introduced under the name Wm. Belt. The plant is a remarkably strong, vigorous grower, soon covering and shading the ground with its healthy foliage. It ripens medium early, and is wonderfully productive. It is very hardy in size, frequently measuring seven to eight inches in circumference. The color is a brilliant glossy red. As near perfection as was ever seen in a strawberry; ripens all over the ground. Price, $1.50. Wm. Bell, the well known fruit grower says, "In productiveness, size, beauty and quality, this does the most credit to any other variety I ever raised."

**THE WILLIAM BELT**

was far ahead of all others in every respect. A neighbor, who grows berries for the market, tasted this variety and has since discarded all others and will hereafter plant nothing but Wm. Belt. The plant is a remarkably strong, vigorous grower, soon covering and shading the ground with its healthy foliage. It ripens medium early, and is wonderfully productive. It is very hardy in size, frequently measuring seven to eight inches in circumference. The color is a brilliant glossy red. As near perfection as was ever seen in a strawberry; ripens all over the ground. Price, $1.50. Wm. Bell, the well known fruit grower says, "In productiveness, size, beauty and quality, this does the most credit to any other variety I ever raised."

Price, by mail, postpaid, 12 for 25 cts.; 50 for 60 cts.; 100 for $1.

---

**RASPBERRIES.**

Cumberland. This new Black Raspberry has been well tested in many sections, and is pronounced the largest Black Cap grown. In handsomeness and productiveness it excels any other variety we have introduced. Price, 10 cts.; 25 for 25 cts.; 12 for 50 cts.

Kansas. (Black Cap.) This new variety is now a general favorite with growers all over the country. One grower says, "It is the best berry on my farm." Another says, "None so good in Black Raspberries." It is the most healthy and vigorous of our Blackberries. Fruit large, jet black, firm and handsome. Ripens medium, early.

Guthbert. (Queen of the Market.) The most popular and desirable Red Raspberry. Fruit vigorous and productive; fruit large, dark red, deep red, delicious and firm; season medium. Should be in every garden.

Golden Queen. The best yellow Raspberry yet introduced. Briefly stated, it is a Yellow Guthbert, of large size, great beauty, hardy, healthy and productive. No garden is complete without it.

Price of Raspberries, 6 for 25 cts.; 12 for 45 cts.; 50 for $1.00; 100 for $1.75.

---

**BLACKBERRIES.**

Eldorado. Undoubtedly one of our most desirable Blackberries. It is the hardest Blackberry in cultivation, never known to die down, and is covered with its large size and delicious quality in the front rank. The U. S. department of agriculture, Washington, D. C., say, "We have never heard anything to equal it." Be sure to order this variety.

Snyder. Very popular for the North and Northwest, on account of its extreme hardiness; wonderfully productive, medium fruit, fine juicy and sweet, without the hard core of many sorts; vines remarkably strong and thriving; more hardy than any other variety we have ever raised.

Price of Blackberries, 6 for 40 cts.; 12 for 75 cts.; 25 for $1.25, postpaid.

---

**THE LUCRETTA DEWBERRY.**

A low growing, trailing variety of Blackberry, in size of fruit equaling any of the tall growing sorts. It is perfectly hardy and remarkably productive. The fruit when ripe borne to one and one-half inches in length and one inch in diameter. Sweet and handsome; ripens early, before Raspberries are ripe. Price, 6 for 35 cts.; 12 for 60 cts.; 25 for $1.00.

---

**CURRENTS.**

Try's Prolific. The leading market variety. Extra large berries and heroic form in every respect; exceedingly productive; makes a quick sale into popular favor, the demand most season being in excess of the supply. Certainly a fine variety. Price, 6 for 25 cts.; 12 for 45 cts.; 25 for $1.00.

White Grape. Very large; yellowish white, very mild acid; excellent quality and valuable for the table. Productive.

Price of Currents, 8 cents; 4 for 25 cents; 12 for 75 cents, postpaid.

---

**Gooseberries.**

Houghton. The most popular variety grown. Enormously productive; fruit medium size, pale red when ripe, sweet, tender and of very fine quality; plant of spreading habit. Price, two-year-old plants, 5 cents each; 4 for 25 cents; 12 for 75 cents.

Downing. A hardy, handsome fruit; green in color; fine flavor; immense cropper, and always in demand at fancy prices. American variety, free from mildew; wood thick and strong. 2-yr.-old, 8 cts.; 4 for 25 cents; 12 for 75 cts.

**LARGE ENGLISH GOOSEBERRY.**

Industry. This is without doubt the best of all the English varieties, succeeding well in our climate. The fruit is very large, often measuring 1½ inches in diameter; of vigorous upright habit; fruit of excellent flavor, color dark red. Should be in every garden. Price, 20 cts. 6 for $1.00.

**STRAWBERRY-RASPBERRY.**

This is an entirely new fruit, both in habit of growth and form of fruit. Raspberries grow 1½ feet high and are covered with Raspberries in the shape of little berries. Perfectly hardy everywhere. The tops die down in the winter, and the fruit appearing on the new shoots. 6 for 20 cts.; 12 for 35 cts.
Popular Flower Seed Specialties.

WHERE we asked to name the three most popular flowers, our answer would be, Sweet Peas, Pansies and Nasturtiums, in the order named. Everybody knows them and everybody grows them, because they would not know how to do without them. The greatest problem, however, is, to know where the best seed can be obtained. We have found in our extended experience, that as a general rule our patrons desire the greatest possible variety, and will, therefore, order mixed seeds. Mixed seeds as generally sold are not always satisfactory, because they are composed largely of surplus stock, and of the cheaper varieties, so that when they commence to bloom the purchaser is sadly disappointed.

A New Departure.

In order to be absolutely certain that our patrons will receive the greatest possible variety, we have had our seeds grown in separate named varieties; and, whenever there is any mixing done we do it ourselves, so that we will know just what the mixture contains. For example, we, last season contracted with a grower on the Pacific coast to grow us an equal quantity of

100 Named Varieties of Sweet Peas.

We would like to give here the names and descriptions of each variety, but regret that we cannot spare the space to do so, as it would require two pages or more. We will state, however, that the list contains all the standard new and old varieties, including many novelties.

Now we are going to offer you this entire collection of 100 named varieties for only 10 cents, something you cannot procure from any other Seedsman in America. Think of it.

A LARGE PACKET CONTAINING
100 Named Varieties.

Would you like to know how it can be done? We will tell you. We have a large case containing one hundred compartments that will hold about one pound each. These compartments are numbered consecutively from one to a hundred: each compartment is filled with a separate named variety, the varieties being numbered to correspond with the case.

Each Packet is filled by taking one seed from each compartment.

You will doubtless think it is tedious work filling the packets in this manner. True it is, but we have the satisfaction of knowing that we are offering you something that will please you and that you cannot procure from any other Seedsman in America. We expect to sell a hundred thousand packets or more. You want a packet and your neighbors will want them. You can get a packet free by asking your neighbors and friends to order with you.

Each packet will contain 100 seeds; one seed of each of the 100 Named Varieties.

Price, 10 cents per packet; 3 packets for 25 cents; 7 for 50 cents; 15 for $1.00.

Special 100 Varieties, Mixed Sweet Peas in Bulk.

For persons wishing the above 100 Named Varieties in bulk, we have thoroughly mixed together an equal quantity of all the varieties. While we cannot guarantee that you will receive exactly the same quantity of each variety, you will be reasonably certain to receive more or less of every variety. We do not hesitate to say that this is the most complete mixture of Sweet Peas offered by any Seedsman in the country.

Price, ounce 8 cents; quarter pound 20 cents; pound 50 cents.

NEW DWARF "CUPID" SWEET PEAS.

The Cupid is the wonderful variety that created such a sensation two or three years ago. Imagine a Dwarf Sweet Pea only six or eight inches high, and literally covered with flowers and you can have some idea of their great value. The first dwarf variety introduced, "Cupid" is pure white. A year later, a "Pink Cupid" was offered and now we have eight varieties as follows:

Cupid. Pure snow white.
Pink Cupid. Pink and white.
Cupid, Alice Eckford. Creamy-white, white wings.
Cupid, Beauty. Beautiful rose, shaded white.
Cupid, Countess of Radnor. New. Flowers of immense size, larger than tall C. of Radnor, delicate lavender.
Cupid, Firefly. New. Same dazzling scarlet as Firefly.

We offer the above 8 varieties, put up in packets of 10 seeds, 5 seeds of each variety.

Price, 10 cents per pkt.; 3 for 25 cents. Equal mixture in bulk, 15 cents per oz.; 50 cents 1-4 lb.
Our International Prize Pansies.

The most complete assortment ever offered of Strictly High Grade Pansies. Collected from all the leading growers in America, England, Germany, France, Italy, &c.

There is probably more money spent in buying Pansy Seed than for any other one flower, and there is nothing more satisfactory than a bed of choice Pansies; but on the other hand, there is nothing more disappointing than a poor strain of Pansies. We want our patrons to have the very best Pansies that it is possible to procure, and to this end we have, at great expense and trouble, secured what we believe to be the most complete assortment of Pansy Seed that was ever offered. We have ordered these seeds direct from the leading Pansy Specialist the world over, and in order that we may be reasonably certain that each packet will contain the greatest possible variety of strictly high grade varieties, we thoroughly mix together an equal quantity of each variety, and fill the packets from this mixture.

Each packet will contain an equal mixture of all the following:

Cassier's Five Spotted Giants,
New Giant Five Spotted,
Parisian Very Large Stained,
Hennessy's Ne Plus Ultra,
Sack's Elite German Mixture,
Roemer's Superb Giant Prize,
New Giant Peacock,
Odier, or Prize Blotched,
Giant Fire King,
Red Riding Hood,
Fire Dragon,
Rainbow,
Trimarcean,

Cassier's New Improved Fancy Giants,
Bugnot's Superb Giant Blotched,
New Large Flowered Parisian Striped,
Henderson's Mammoth Butterfly,
David Woodbury's Celebrated Strain,
Dreer's Royal Exhibition,
Peltieroniaflorla, or Marmorata,
Large Flowered Spotted French Show,
Victoria Red,
Fairy Queen,
Fancy English Prize,
Giant Royal Purple,
Giant Golden Queen,
Cassier's Hortensia Red, Fromhold's Giants,

PRICE, 15 CENTS PER PACKET OF 200 SEEDS; 2 PACKETS FOR 25 CENTS.

NOTE! There is a wonderful difference in the cost of Pansy Seed: for example, we buy a good grade of Mixed Pansy Seed for 50 cents per ounce, whereas, some of the above strains cost us $8.00 to $12.00 per ounce. There is not a cheap variety in the entire list. Try a packet and you will be pleased with results.
BEAUTIFUL NASTURTIUMS.

We desire to call special attention to our collections of Nasturtiums. It would take much more space than we have to spare to describe fully the many varieties we are offering. We will, however, give a very brief description of each variety. Nothing offered in this catalog will give more general satisfaction than a packet of these beautiful Nasturtiums. They are so easily grown, requiring so little care, and will furnish you a much finer assortment of colors in comparison with the ordinary mixed varieties as generally sold.

SPECIAL ATTENTION is called to the fact that we are adopting the same plan in packaging these Nasturtiums as in Sweet Peas. Each packet of Tall, or Dwarf varieties will contain 60 seeds, 3 seeds each from the 20 named varieties. Remember there is no guess work about it; 3 seeds of each.

Climbing Nasturtiums.

Chameleon. Entirely distinct, producing flowers of many colors on the same plant.
Dunnett’s Orange. Bright orange, blotched with red.
Edward Otto. Flowers light brown, yellow spuri. 10 cents.
Golden-Leaved Scarlet. Light yellow foliage; deep scarlet flowers.
Hemispherium. Bright straw with scarlet blotch.
Heinemanni. Silky bronze-chocolate.
King Theodore. Dark foliage; crimson flowers.
Luteum. Clear light yellow, without blotches.
Pearl. The nearest approach to creamy white.

Price, Large Packet, containing 60 seeds, 3 seed each of the above 20 varieties, 10 cents per packet; 3 packets for 25 cents.

The above 20 varieties, equally mixed, ounce 20 cents; 1-4 pound 60 cents.

Tom Thumb, or Dwarf Nasturtiums.

Aurora. Chrome-yellow, veined with purplish carmine.
Brilliant Yellow. Most brilliant shade of clear yellow.
Bronze-Colored. Of a burnished bronze color.
Cattell’s Crimson. Very rich, dark crimson scarlet.
Chameleon. Splashed crimson, bronze and yellow.
Cloth of Gold. Golden foliage and scarlet flowers.
Crystal Palace Gem. Sulphur-yellow, spotted carmine.
Coccineum. Flaming orange-scarlet.
Empress of India. Dark blue-green foliage; flowers are scarlet-crimson.
Golden King. Bright golden yellow; dark foliage.
King of Tom Thumbs. Intense scarlet flowers.
Pearl. Very light straw color; fine for contrast.
Prince Henry. New; yellow, marbled bright scarlet.
Ruby King. Dark foliage; ruby-rose flowers.
Rose. A delicate shade; very attractive.
Regelianum. Purple violet.
Spotted King. Golden yellow; chocolate spotted.

Price of Dwarf Nasturtiums same as Tall Varieties.

Lobb’s Climbing Nasturtiums.

This beautiful and distinct class has rather smaller foliage and flowers than the common varieties, but the wonderful profusion of blooms and intense brilliancy of colors make the class particularly desirable.

Asa Gray. Light lemon yellow.
Brilliant. Brilliant scarlet.
Cardinal. Intense cardinal red.
Giant of Battles. Sulphur, spotted red.

King of Blacks. Very dark brown.
Lucifer. Richest deep crimson.
Napoleon III. Orange, blotched maroon.
Spitfire. Intense brilliant scarlet.

Each packet will contain 50 seeds, 5 seeds each of the above ten varieties. pkt. 10 cts.

Price in bulk, the above 10 varieties equally mixed, oz. 20 cents; 1-4 lb. 60 cents.
Our Celebrated Prize Aster Seed.

All Varieties and Colors.

MOST COMPLETE ASSORTMENT EVER OFFERED,
Including Every Known Variety.

For a number of years we have been offering a complete mixture of all the best varieties of Asters or "Fall Roses." We have sold thousands of packets, and have had scores of testimonials praising the fine quality and almost endless variety of flowers produced therefrom. We are this season offering a more complete assortment than ever before, having secured seeds from all the known varieties offered by the different growers. The following is a partial list of the many varieties included in this celebrated mixture:

**Boston White,**
Christmas Tree,
Dwarf Chrysanthemum,
Fire King,
Harlequin,
Jewell, or Ball,
Comet,
Large Flowering Rose,
New Surprise,
Pompon Crown,
Peony Flowering Globe,
Quilled Aster,
Schiller,
Snowball, or Princess,
New Triumph,

Betteridges Sulphur Yellow,
Cocordeau, or Crown,
Imbricated Pyramidal,
New Hopewallern,
Goliath,
Japanese Tasseled,
Lady in White,
Mignon,
New Ray Aster,
Peony Flowered Perfection,
Pyramidal Globe,
Queen of the Market,
St John's Day,
Single Giants,
Victoria,

Chrysanthemum Fl'w'd,
New Giant Comet,
New Giant Globe,
Emperor,
Ladies' Jewel,
Imbricated Pompon,
Lilliput,
Meteor,
Ostrich Feather,
Prince of Wales,
Perfection Needle,
Queen of Early,
Semple's Branching,
Shakespeare,
White Queen.

Each packet will contain 300 seeds, and will be filled from an equal mixture of the above forty-five named varieties. From no other Seedsmen can you procure so complete an assortment of Asters in one packet.

Price, 10 cents per packet; 3 packets for 25 cents; 1-4 ounce 50 cents; ounce $1.75.

---

SEEDS OF OLD-FASHIONED FLOWERS.

In the rage for new and rare flowers the old favorites that our grandmothers loved to grow, have too often been pushed to one side and forgotten. We are pleased to see that they are again coming into favor, and in order to induce a more general cultivation of these grand old favorites, we have prepared a collection each of annuals, or those varieties that will bloom the first season from seed, and Hardy Perennials, which do not flower until the second season.

Collection of OLD-FASHIONED ANNUALS.

This collection will contain one packet each of Blue Bottle, or Ragged Sailor, Ladies' Slippers, or Balsam, Four O'clocks, Larkspurs, Love in a mist, Mignonette, Marigolds, Poppies, Snapdragons, Mourning Bride, or Scabiosa, "Johnny Jump Up," or Pansy, Youth and Old Age, or Zinnias.

THE COLLECTION OF 12 VARIETIES, ONE PACKET OF EACH FOR ONLY 35 CENTS.

Collection of Old-Fashioned Perennials.

This collection will contain twelve varieties of Old-Fashioned Perennials, which, when once established, will remain for years and require little attention. It will contain one packet each of Calionsis, Columbine, Canterbury Bells, Forget-me-not, Foxglove, Hollyhocks, Larkspur, Garden Pinks, Hardy Phlox, Perennial Sweet Peas, Sweet Rocket and Sweet William.

THE COLLECTION OF 12 VARIETIES, ONE PACKET OF EACH FOR ONLY 35 CENTS.

THE TWO COLLECTIONS FOR 65 CENTS.
We are devoting special attention to this department this season both in the growing and selection of varieties and in prices. We believe we are furnishing more good, honest seeds and in greater variety for the money than any other seedmen in the country. We find it is almost the universal desire of the purchaser to procure the greatest possible variety in each packet. In order to more fully meet this demand we purchase and grow the different varieties separately and mix them ourselves so that we know just what each packet contains. For example, our Prize Aster seed contains a mixture of almost all the known varieties. Our Sweet Pea mixture comprises one hundred varieties, etc., etc. From no other seedmen can you procure so great a variety in each packet.

**ABRONIA.** (Umbellata.)

Pretty trailing annuals, closely resembling the Verbena. Flowers rosy lilac; very fragrant and produced freely throughout the season. Pkt., 50 seeds, 3 cents.

**ABUTILON.** (Flowering Maple.)

A very popular perennial shrub with bell-shaped flowers. Sometimes called Bell Flower. Easily grown from seed and a fine winter blooming pot plant. Universally admired. Pkt., 20 seeds, 5 cents.

**ADONIS.** (Pheasant's Eye.)

A pretty annual, having fine foliage among which grows its brilliant violet flowers, producing a delicate and charming effect. Succeeds best in a partial shade. Pkt., 50 seeds, 3 cents.

**ACROSTEMMA.** (Rose of Heaven.)

**ADLUMIA.** (Allegheny Vine.)

Very handsome climbing vine, with fine foliage and clusters of pretty pink flowers. Hardly perennial. Packet, 50 seeds, 10 cents.

**ACROCLINUM.** (Everlasting.)

One of the most desirable of all the Everlastings, called by some "Straw Pink," "Pink Daisies," &c.

Unsurpassed for winter bouquets, and of very easy culture. Finest double and single varieties mixed. Packet, 50 seeds, 3 cents.

**ARABIS ALPINA.**

The earliest, prettiest spring flower. Perfectly hardy, literally covering itself with pretty pure white flowers. Very showy. Pkt., 100 seeds, 3 cents.

**ALYSSUM.**

Sweet. Very pretty pure white, lovely, fragrant flowers. Indispensable for bouquets etc. Of easy culture and spread in every flower garden. Packet, 250 seeds, 3 cents.

**LITTLE GEM ALYSSUM.**

Forms compact plants 1½ to 3½ inches in diameter, liberally covered with its pretty pure white flowers. Fine for pots, graves, etc. Packet, 200 seeds, 6 cents.

WE ARE ALSO OFFERING THE FOLLOWING:

**AQUILEIA.**

"Columbine." Popular showy perennials, growing from one to two feet high, carrying little or more blooms. They are of very easy culture and producing their novel flowers in great profusion. We offer a mixture of Alpina, blue; Bicolor, two-colors; Canadensis, scarlet and yellow; Chrysantha, fine golden-yellow; Mix, cream-colored; Stellata, striped; Cardula, purple, etc., etc.

Price of the above mixture, packet 200 seeds 3 cents.

**ANCHUSIA, or Cape-Forget-Me-Not.**

A hardy annual of more than ordinary beauty. Grows about two feet high, bearing freely and bearing a profusion of lovely blue flowers with white eye. Similar in all respects to the popular Forget-me-not. Although the flowers are much larger and more showy. Blooms continually. Pkt., 100 seeds, 3 cents.

**ANTIRRHINUM.**

(Snapdragon.)

New Giant Mixed. A choice mixture including several new Giant varieties. Pkt., 200 seeds, 5 cents.

Snapdragon Mixed. Including a mixture of all the popular tall and dwarf common varieties. Will make a fine display. Pkt., 200 seeds, 3 cents.

**ABRUS, or Crab's Eye Vine.**

A most beautiful climbing vine for pot culture or for the garden in summer. Bears clusters of bright yellow flowers followed by pods which burst open disclosing brilliant red seeds with black eye; used for beads and other ornamental purposes. Also called "Prayer Bean." Packet, 15 seeds, 5 cents.

**ACANTHUS.**

A plant that blooms continually all summer in the garden, and if potted will bloom freely throughout the winter. Very desirable for bouquets, etc. We offer seed of Imperial Dwarf, Blue and White, Little Dorset, Swanley Blue, &c. Packet, 100 seeds, 3 cents.

**PRICES OF ALL FLOWER SEEDS ARE NET. WE ALLOW NO DISCOUNT.**
PERFECTION ASTERS.

One of the most perfect and deservedly the most popular of all Asters. Very large, double flowers with incurved petals. Height fifteen to twenty inches. Cholcolate mixed, including many colors and shades. Packet, 100 seeds, 4 cents.

**Perfection, Snow White, Pink Ball and Crimson Ball.** Each color, 100 seeds, 5 cents.

**FIRE KING ASTER.**

The most brilliant Aster ever introduced. All dwarf, compact habit, with large beautifully incurved petals. Color intense glowing red, almost scarlet. A very pleasing variety. Try it. Packet, 100 seeds, 5 cents.

**SEMPL'S NEW BRANCHING ASTER.**

Strong, robust, bushy plants twenty inches to two feet high, bearing profusely on long stems handsome, large Chrysanthemum-like flowers four to five inches in diameter. Must be seen to be appreciated. Pure, mixed colors, 25 seeds, 10 cents. Semples's Branching Pure White Flowers. Packet, 100 seeds, 6 cents.

**VICTORIA ASTERS.**

Magnificent flowers, massive and showy with regular overlapping petals. Plant pyramid in form and about eighteen inches in height. Flowers three to four inches across. Over twenty colors mixed. Packet, 100 seeds, 5 cents.

**MICRON ASTERS.**

A fine new class. The plants surpass double, bearing 40 to 60 beautifully shaped, very double flowers with deeply incurved petals. Mixed. Packet, 100 seeds, 5 cents.

**Our Prize Mixed Asters.**

For a number of years we have been offering a complete mixture of all the known varieties of Asters, which has ever since been kept on our list and procured so complete a mixture. Each packet will contain a mixture of all the above varieties also and Bitters & fern, Coocéeu, or Crown, China, Dwarf Green, Dwarf Emperor, Golden, German Emperor, Globe, Harlequin, Imbricated Pompon, Lilliput, Pompon Crown, Pyramidal, Pompons or Needle, Queen of Market, Schiller, Spinaker, etc., etc. Price of all the above choice mixed varieties, packet, 200 seeds, 10 cents; 3 packets, 25 cents.

**AMARANTHUS.** (Fountain Plant.)

Remarkably handsome foliage and graceful flowering panicles of flowers are very effect. are for autumn decoration. Several varieties mixed, including "Fountain Plant." Jospeo's Giant, "Princess Perleb.," "Punicea," "Holland," etc. Packet, 100 seeds, 3 cents.

**BACHYCOMB.** (Swan River Daisies.)

A free flowering, dwarf growing annual, producing throughout the entire season a profusion of Daisy-like flowers. Fine for edging. Packet, 200 seeds, 3 cents.

**BRYONOPSIS.** (Japanese Gourd.)

A wonderfully attractive climbing free growth. Of rapid growth and easy culture. Bears a profusion of odd, attractive small fruit. Seeds with white stripe when ripe. Adapted for rockeries, verandah, etc. Packet, 20 seeds, 3 cents.

**BUTTERFLY FLOWER (Schizanthus.)**

A very satisfactory plant. Covered at all times with hundreds of pretty Butterfly-like flowers. May be taken up in autumn and treated as a pot plant. A very desirable plant, and one that should be in every flower garden. Packet, 100 seeds, 3 cents.
BALSAMS.

Balsams or Ladies Slippers are easily grown from seed planted in the open ground. Their flowers are of the most delicate waxy texture and beautiful form and colors imaginable, including all shades of white, fresh pink, rose, scarlet, crimson and purple spotted and striped. It is difficult to describe anything more beautiful than a shallow dish or plate filled with Balsam flowers. Our assortment is unsurpassed, including Improved Rose-flowered, Ruffled Siskiyou, Victorian, Solferino Spotted, Sanguineum &c. Price, all the above mixed. Packet, 50 seeds, 5 cents.

BELLIS PERENNIS. (Double Daisy.)

Snow-ball. The finest of all the Daisies. Flowers are large, pure white and perfectly double; four stems, making them desirable for bouquets. Pkt., 100 seeds, 10c.

Double Mixed Daisies. Including all the best double white, double red, etc., mixed. Pkt., 100 seeds, 5 cts.

BLUE DAISY. (Againa Celestis.)

Pretty simple sky-blue Daisy-like flowers, that are indispensable for bouquets. Of easy growth and fine for the garden or for pot culture. Pkt., 100 seeds, 5 cts.

BACHELOR'S BUTTONS. (Centauras.)

New Centaurea Margurite. A beautiful new annual and the handsomest known. Should be in every garden. Grows fifteen to twenty inches high. Flowers pure white, exquisitely fragrant and beautifully fringed. Pkt., 50 seeds, 10c.

Bachelor's Button, Core Flower, Blue Bells, &c. Poplar old favorites flowering freely in almost any situation. Mixed. 50 seeds, 3c.

New Double Bachelor's Button. Many new and novel colors of large and double flowers. Cheersest varieties mixed. Packet, 50 seeds, 3c.

CENTAUREA, (Dusty Miller.)

A valuable silver white, ornamental leafed plant. Much used for borders and ribbon bedding. Of very easy culture. Packet, 50 seeds, 5 cents.

CALLIOPSIS, (or Coreopsis.)

A good plan is to make out a list of your wants with a column for the prices of each catalogue you wish to compare. Then foot up each column you can readily tell what your order will cost from each dealer. Remember we Guarantee Satisfaction.
EVERYBODY KNOWS

That Sweet Peas are the sweetest and prettiest flower that grows and we want everybody to know that we are making them a specialty, and are offering the Most Complete Assortment Ever Offered.

We take it for granted that our patrons want the greatest possible assortment of Varieties at the least expense. Realizing this, we last season procured from the most noted grower's stock seed of

**One Hundred Choice Named Varieties.**

We have contracted with a practical seed grower, living in North-western Washington, on the strait of Juan de Fuca, and in south of British Columbia, to grow us **A TON OF SWEET PEAS** from the one hundred named varieties which we furnished him. Our reason for having them grow in this extreme Northern locality was because the delightful cool and moist atmosphere is particularly adapted to their culture. The grandest Sweet Peas we ever saw were in this locality. The hot, dry climate of Southern California where they are mostly grown cannot be compared with Northern Washington for growing choice Sweet Peas.

If you want to grow the finest Sweet Peas in your neighborhood, you will make no mistake by ordering our **100 Varieties Mixed.** You cannot procure as complete an assortment from any other seedsmen in the country.

For the convenience of those wishing to order in separate colors and shades, we have them put up in separate shades; each shade or color comprising a mixture of several varieties. We will not devote several pages to the description of all the varieties we offer.

100 NAMED VARIETIES.  
Each packet will contain 100 seeds—one seed each of the complete list of 100 Varieties. This packet of seed will produce a grand display. Price, 10 cts. per pkt.; 3 for 25 cts.; 7 for 50 cts.

100 VARIETIES MIXED.  
Each packet will be filled from an equal mixture of the one hundred named varieties. Positively the most complete mixture of Sweet Peas ever offered. We have a ton of these and will offer them at choice as ordinary mixed can be procured elsewhere. Pkt. 5c.; 3 for 10c.; oz.

**RED, WHITE & BLUE.**  
An equal mixture of Invincible Scarlet, brilliant red, Emily Henderson, pure white, and Winter Blue. Show your patriotism by ordering a packet. Price, 5 cents per packet; 10 cents per ounce.

**PINK VARIETIES.**  
A complete assortment of all delicate pink, blush and rose colored varieties, including the popular Blanche Ferry. Very desirable.

**RED VARIETIES.**  
All the best varieties of scarlet, crimson, carmine, claret, etc.

**PURÉE WHITE VARIETIES.**  
Comprising all the best pure white varieties mixed.

**LIGHT BLUE VARIETIES.**  
Including all light blue, azure blue, lavender, mave, etc.

**BLUE & PURPLE.**  
Comprising dark blue, purple, maroon, indigo, etc.

**STRIPE SORTS.**  
Several choice striped, streaked and spotted varieties mixed.

Price of above 6 varieties, packet 5 cents; ounce 8 cents; 1/4 pound 15 cents; pound 45 cents.

**ORDINARY MIXED.**  
Good mixture as usually sold by other seedmen. Pkt. 2 cts.; oz. 5 cts.; 1/4 lb. 12 cts.; lb. 30 cts.

**DWARF CUPID.**

**DOUBLE SWEET PEAS.**

These Sweet Peas do not always come double. They usually produce about thirty per cent. of double flowers and you can have some idea of its value. We offer two varieties: White Cupid and Pink Cupid. Price 3 cents per packet. 10 cents per ounce.

**PERENNIAL PEAS.**

A perfectly hardy and very desirable class of Sweet Peas that die to the ground each autumn and start again the following spring. They grow eight to ten feet high blooming freely throughout the summer. Very desirable. Red, Rose and White mixed. Price, 3 cents per packet.

"Our Sweet Peas were eleven feet high. Thousands of flowers cut every other day was hardly missed."

Mrs. C. W. Roger, Roseman, Montana.

"The finest Sweet Peas we ever raised were grown last season from your special mixture."

Chas. C. Pitch, West Groton, N. Y.

For our Grape Vine collection, we offer the most complete mixture of Zinnias ever offered by any firm, including all the above varieties, also Darwin, King, Percy, Pimms, Hungarian, etc., in almost endless variety. Pkt., 50 seeds, 3 cents.
We want everybody who receives this Catalogue to test our seeds to this end we make the following unprecedented offer—an offer that has never before been equaled by any seedsmen in the country. We have prepared a collection containing

**TWENTY-FIVE LEADING VARIETIES OF FLOWER SEED.**

This collection will contain only the most popular and desirable varieties that are of easy culture and will bloom freely in any dower garden with little care. New don't imagine that the seed will be old and worthless. On the contrary they are all fresh and reliable. As we are making this offer for the express purpose of introducing our seeds where they are not already known, we should not afford to send out poor seed, as it would injure our trade instead of building it up. We guarantee them first class in every respect. We have named it our "Surprise Collection" because everybody who receives it will be surprised at the quantity and quality of the seed it contains. There is but little profit to us in this collection, but if it is the means of indoctrinating you with the value of our seeds, then a trial will be worth its cost.

**CHOICE FLOWER SEED AT ONLY ONE CENT PER PACKET.**

Each collection will contain one packet each of the following 25 standard varieties. Choose mixed colors of each variety. Full description of each variety will be found on page as given.

**Flowers.**
- **Mornig Glory (Papaver rhoeas).** Finest mixed colors. Page 22. Pkt. 40 cents.
- **French Sunflowers.** Finest mixed colors. Page 42. Pkt. 50 cents.
- **Pansies.** Our popular success or strains include many varieties of them to allow the most. Page 26. 100 cents.
- **Poppies.** Brilliant, dainty, showy annuals of easy culture. Special mixture, see page 36. Packet 200 cents.
- **Petunias.** The most popular of all now annuals. Finest mixed. Page 5. 200 cents.
- **Phlox Drummondii.** Should be in every garden. Superb. Page 25. 100 cents.
- **Poppy.** Brilliant, dazzling, showy annuals of easy culture. Special mixture, see page 36. Packet 200 cents.

**Special Offer.** We want your neighborhood as well as yourself to test our Seeds, and will make it so object to you to interest them, secure seeds from your friends for four (4) Surprise Collections and remit us $1.00, and we will mail you an extra collection for your trouble. If seeds are not as represented, return to us and we will refund money.

**SPECIAL MIXTURES OF CHOICE FLOWER SEED.**

The following collections are put up for the accommodation of those who wish to procure as great a variety as possible for the least expense. They are carefully prepared from our choicest fresh seeds, and cannot fail to give satisfaction. These packets are large and well filled and in no other manner can so many seeds and so great a variety be obtained for so little cost. They have become very popular. Each packet of mixtures will contain more than one thousand seeds.

**BEDDING MIXTURE.**

This mixture is prepared especially for those who want a bright look in the yard or garden throughout the season. It will include such varieties as are suitable for bedding, the following: the following: helichrysum, ammobium, camphor, chrysanthemum, and many other varieties. Price, large packet, 10 cents each; 3 for 25 cents.

**BOUQUET MIXTURE.**

In this mixture we will include only such varieties as are most suitable for cut-flower work, such as asters, althea, candelabra, etc. Price, large packet, 10 cents each; 3 for 25 cents.

**PERENNIAL MIXTURE.**

Every garden should contain an assortment of hardy perennial flowering plants, and in no other way can you procure them so easily. Each packet will contain a mixture of all the standard varieties of hardy perennials. They are among our most attractive and showy flowers. Price, 10 cents per packet.

There are indispensable for working into winter bouquets, as they retain their forms and colors for years. The flowers should be cut before fully open, tied in small bunches and hung in a dark room to dry, being careful to hang that the stems will be straight when dry. They make beautiful holiday presents when made into bouquets. Our seeds are put up in large packets, each packet containing mixed seeds of the following choice varieties: acrinicum, ammobium, camphor, chrysanthemum, helichrysum, helipterum, rhodanthis and xeranthemum.
OUR POPULAR

FIVE CENTS LIST.

Choice Plants By Mail, Postpaid, For Only 5 Cents Each.

This is decidedly the most interesting page in the entire catalogue, if we may judge by the number of orders received from a similar page in former catalogues. We call it "Our Popular Five Cent List," because of its great popularity. Many people care little or nothing for names and labels on their plants. If they know what colored flowers they will produce. This list is prepared for just such persons. It will be found to contain a very complete list of all the leading standard varieties. They are not cuttings or worthless trash, but some may think, but are all strong, well rooted, established plants, that have been grown in pots, and include many of our choicest varieties.

HOW TO ORDER.

In making out orders from this list the following rules must be complied with.

1st. No order will be accepted from this list for a less amount than 25 cents unless other plants are ordered that will together amount to 25 cents or more. See "Size of Orders" on first inside cover page.

2nd. You may state how many Roses, Geraniums, Carnations, etc., etc. you want, and name the colors you wish, but we reserve the right to select the varieties. Persons wishing special named varieties, must select them from descriptive catalogue at the prices therein given.

3rd. No discount or premium whatever will be allowed, the prices are net, 5 cents each.

4th. Persons ordering 50 plants or more, who are willing to pay the express charges may select plants on same conditions as above at 4 cents each. Such orders will be carefully packed in light boxes or huckets, and forwarded by express, purchaser to pay charges. We can usually send much larger plants in this manner, and, as the soil is mostly allowed to remain on the roots, they always reach their destination in better condition. We always add Extras to be positive.

5th. We cannot agree to label any plants in this list at 5 cents each. For 6 cents each, all plants will be named with neat printed label, but please note that the selection of varieties must be left to us.

THE FOLLOWING IS THE LIST OF VARIETIES TO SELECT FROM.

Abutilons. Several varieties.

Achrysanthes. Bright foliage. Three varieties.

Achillea. Hardy. Double white flowers.

Ageratum. A two varieties, blue and white.

Alternantheras. Dwarf foliage plants. 2 sorts.

Begonias. A fine assortment, including several new varieties. Rex Begonias not included.

Begonias. Single tuberous-rooted. Four colors.

Bryophyllum. Curious air plant.

Calia Lilly. Popular old house plant.

Spotted Calla. Pretty spotted foliage.

Canna. Choice mixed seedlings.

Centaurea. Dusty Miller.

Cinnamon Vines. Pretty hardy climbers.

Chrysanthemums. About fifty of the best standard show varieties.

Colesus. Beautiful foliage plants. 20 varieties.

Crab Cactus. Pretty little Cacti; bright red flowers.

Cyperus Alternifolia. Umbrella grass.

Cupheas. Ladies cigar plant.

Daisies. (Marguerite) White and yellow.

Drosena Indivisa. Fine vase plant.

Dutchman's Pipe. (Aristolochia Elegans.)

Feverfew. (Little Gem) Double white.

Geraniums. Double and Single, Double Ivy, Gold Bronze and Scented. A most complete assortment.

Gladiolus. A superb strain. No two alike.

Hardy Sweet Pinks. Several fine varieties. They are very desirable for the garden.

Heliotrope. Three choice varieties.

Please Remember that the plants offered in this list will be well rooted, healthy stock, that with proper care will bloom freely this season. But please don't ask us to send you special named varieties as we positively cannot do it. Persons wishing special varieties must order them at prices given in catalogue.

NOTE. When ordering plants from this page, please state that you order from "Five Cent List."

Postage Paid, Safe Arrival and Satisfaction Guaranteed.

L. TEMPLIN & SONS, CALLA, OHIO.
ABUTILONS, or Flowering Maple.

A very popular class of flowering shrubs with large drooping bell shape flowers. A fine pot plant that grows from two to four feet high and produces their beautiful flowers during the entire year. It may also be grown in the garden and wintered in the cellar.

**Eclipse.** The beautiful weeping Abutilon. Foliate mottled with yellow; flower yellow with crimson tuft. Extra fine for vases. A very fine variety for very particular. Price 6 cents each.

**Golden Belle.** Completely covers itself with large golden-yellow bell-shaped flowers. Price 6 cents each.

**Indian Chief.** Deep salmon pink. Fine habit. 6 cents each.

**Snowstorm.** Of fine habit; flower large pure snow white. A very desirable variety in every respect. Price, 8 cents each.

**Sour de Bonn.** The New Silver Eared Abutilon. Leaves deep green, regularly bordered with pure white. A grand decorative plant. Price 8 cents each.

**Achania Malvaviscus.** (Crystal Maple.)

Similar to the Abutilon in habit. Flower intense glowing scarlet, the most brilliant color imaginable. It blooms continually throughout the year. Price, 4 cents each.

**ACALYPHAS.**

Remarkably bright colored foliage plants of the easiest culture. Very desirable for pot culture, also fine for bedding. A grand centre piece for vases.

**Marigolda.** Pretty large metallic foliage, distinctly margined with red. Very showy. 8c.

**Macdonna.** Large leaves rivaling the Coleus in brilliancy of color. A grand plant. 10c.

**NEW ACERATUM.**

Princesse Pauline. A novel variety of dwarf habit; quite distinct in color, the body of the flower being white, while the stamens form an entire ring of sky blue, giving it a novel appearance. Valuable for both winter blooming and for bedding. Price, 8 cents.

**NEW ROCHILLER, The Pearl.**

One of the most useful hardy bedding plants. Largely used for cemetery planting as it produces an abundance of perfectly double pure white flowers throughout the summer and autumn. Will grow and bloom in any soil or situation. 6 cts. each; 5 for 25 cts.

**ACHYRANTHUS.**

Begonia leaved foliage plant related to the Coleus family. They are of very easy culture retaining their bright colors throughout the hottest summer weather. Price, 5 cents each.

**ANEMONE, WHIRLWIND.**

A new semi-double form of the autumn blooming white Anemone Flowers, two inches more or less in diameter, with several rows of large waxy white petals. Perfectly hardy, withstanding our most severe winters. Price, 5 cents each.

**ALTERNANTHERAS.**

This is the plant so largely used in the public parks for carpet bedding, designs, etc. Very dwarf compact habit. We grow two best sorts, red and yellow. 5 cents each. 3.00 per 100.

**ALOYSSIA.** (Lemon Verbena.)

A well known plant highly prized for the delightful fragrance of its foliage. It is a universal favorite of the easiest culture. The leaves when dried retain their fragrance. Fine for handkerchief boxes, etc. Price only 6 cents each.

**ARALACRIA EXCELSA.**

Arabian Palm. Double pure white. Price 75 cents each; 3 for $2.90; the set for $5.50.

**ALAMANDA, Williamsonii.**

Handsome compact plants with beautiful golden yellow flowers at the top of each leaf. The flowers are two inches or more in diameter, and quite fragrant. 15 cents.

**ARALACRIA EXCELSA.** (Norfolk Island Pines.)

Various names have been suggested for this grand plant to properly convey to the mind the appearance of it. Some have called it the "Christmas Tree Palm" from its resemblance to a Christmas tree, others the "Pine Palm," because the leaves are arranged to form a perfect circle, but no descriptive name can give any idea of its beauty. It has deep green, feathery foliage, arranged in whorls, rising one above the other at regular distances; its symmetry of form, grace and beauty of foliage are unequalled in the vegetable kingdom. It is easily grown in the house and is highly ornamental.

**Chinese Azaleas.** (Azalea Indica)

These decorative plants are becoming more popular each year. A well grown specimen when in bloom has no equal. Pen cannot describe their rare beauty, they are now largely used for Easter and Christmas decoration. They are of the easiest culture. We offer strong husky plants with 10 to 20 branches or more, each branch set with flowers. Must be sent by express. For large lots we reduce.

**Prof. Waiters.** Pink bordered white. Simon Mardner. Dbl. velvety rose.

**Mad. Van der Cruyseen.** Crimson. Charless Enke, Salmon, white margined. Price 75 cents each; 3 for $2.90; the set for $5.50.

**HARDY AZALERS.** (Mollis.)

Natives of Japan and undoubtedly one of the most beautiful of all flowering shrubs. The flowers are large and produced in such great profusion as to entirely cover the plant. In color they comprise all the shades of rose, red, salmon, orange, etc. We offer them in mixed colors, extra strong dormant plants with 50 to 80 branches, well set with buds. Must be sent by express. 50 cts.; 3 for $1.00.
FLOWERING BEGONIAS

This is one of the most popular and interesting classes of plants. The beauty of the foliage combined with their graceful drooping flowers, continues through the summer and fall, making them one of our most desirable classes of flowers. Owing to limited space we give only a brief description of each variety.

Bertha de Chatemaccher. Strong grower, coral red flowers in great profusion throughout the entire year. Price, 8 cents each.

Bouganvella. (Coompa) Bright green longwing shaped leaves, with silvery veins, under surface crimson. Very desirable. 8 cents.

ROBUSTA. Strong upright habit: coral red flowers in great profusion. A very desirable variety in every respect. Price, 6 cents each.

RUBRA. One of the most popular glossy green shield-like foliage. The flowers are bright scarlet rose. Price, 6 cents each.

Sanguietina. Very showy, large, glossy rich olive green, leathery-like foliage, under side bright crimson. Very desirable. Price, 8 cents.

Sandersonii. (Corall Beagio.) Coral red drooping flowers: glossy deep green leaves. Always in bloom. Price, 6 cents each.

Thurstonii. A grand Begonia. Large metallic green foliage with darker veins; flowers beautiful shell pink. Price, 12 cents each.

Vulcan. All in the style of Vulcan but having a profusion of blood red flowers throughout the season. Price, 4 cents.

Weltoniensis Rosa. Very popular. Delicate pink flowers in the greatest profusion. The plants are of the largest form. Price, 6 cents each.

This class of Begonias are grown exclusively for the beauty of their foliage, which is very large and remarkable for its rich and varied colors and markings, some of which are truly wonderful. They are most useful for pot culture or as border or background plants. They delight in a rich soil and shade. They dislike bright sunshine and a dry atmosphere; hence should be grown in a moist, shady situation during our hot weather.

Our stock comprises all the best new and old varieties. Owing to the limited space we cannot give a description of each variety. Impossibility to describe its endless forms and styles. Price according to size and variety. 10 to 20c. each; 5 distinct varieties 50c.

TUBEROUS ROOTED BEGONIAS.

No class of plants attracts so much attention at present as Tuberous Begonias. They have long been considered one of the most valuable classes of flowering plants. They are the most ornamental and picturesque of all British plants. The flowers are of enormous size, sometimes exceeding six inches in diameter. In substance and richness in color of flowers they have no superiors. The plants will bloom from September 20th to the close of the season, when the bulbs should be taken up, dried and kept in dry sand where they will not freeze during winter.

We have imported in large stocks of bulbs direct from the grower in Belgium. We believe them at a low price and will give our customers the benefit thereof by offering them at the lowest price ever offered in this country.

If you want nothing else in this catalogue, you cannot afford to miss the opportunity of securing these lovely Tuberous Begonias.

PRICE. We offer only strictly first-class blooming bulbs one inch or more in diameter in separate colors as follows: Bright Red, White, Pink and Yellow. Single Varieties, 8c. each; the set of 4 colors, 25c.; doz., 60c.; $4.00 per 100.

Double in separate colors as above, 12c. each; the set of 4 colors, 40c.

BOUGANVILLA GLABRA SANDERIANA.

Chinese Paper Plant. It gives us great pleasure to offer this new and most useful flowering plant. We have grown this new Bougainvillea in the greenhouse where it has been in continuous bloom for the past year. It attracts more attention than anything we have ever grown, and everyone wants to know what it is. We continually eat bunches of flowers, and the more we cut the more it blooms. It is a wonderfully vigorous, rapid grower with dark glossy foliage and great panicles of peculiar but showy flowers. Their beauty lies in their showy bright rosy crimson colored bracts enclosing small cream white flowers. It does so well in the colder sections of this country that it will be a favorite market plant, as it produces so freely its bright rosy-crimson flowers lasting so long in perfection and produce in such wonderful profusion. You will make no mistake by adding this plant to your collection. Nice plants, 10c.; 3 for 25c.

Those Interested in raising poultry should write for our 32 page illustrated Poultry Catalogue.
COLEUS.

Very beautiful and popular plant. High
ly prized for the brilliance and beauty of
their foliage. Suitable for pot culture or
bedding. We offer about twenty choice
varieties some of which are among the
beauties in the variety and richness of
their colorings. They require a very warm
room to succeed in winter. Being somewhat
tender they should not be ordered until
warm weather or after all danger of frost
is past. They should have very rich soil.
Price, 6 cts. each; 60 cts. per dozen.

CYPERUS ALTERNIFOLIA.

(Alpinum Umbrella Plant) A splendid
plant of the Rush family, throwing up
stems about two feet high furnished
with a sheath of leaves like an umbrella.
An excellent pot plant, also desirable for
the aquarium. Fine for the center of vases
and hanging baskets. Of very easy culture.
Price, 6 cents.

CALLA LILY.

A universal favorite everywhere and deservedly
so, for with its large green foliage and pure ivory-
white, pitcher-like flowers, it certainly has no
superior. A house plant. We offer strong Califor-
nia grown blooming bulbs that cannot fail to give
satisfaction.
Price, according to size, 15 to 25 cents
each; 6 cts. each; 3 for 10 cents.

CRAPE MYRTLE.

A favorite half hardy shrub requiring
the same treatment as Hy-
drangea. If desired it may be
planted out in the garden in the
spring and will bloom profuse-
dy during midsummer. Plant in box or tub and
winter in a cool cellar. Perfectly hardy in the
South whereas it is one of the most curious and
handsome shrubs.
Price, 8 cents.

CYCLAMEN PERSICUM.

Grandiflora. We know of no plant that
will produce more flowers and attract more
attention than a well grown Cyclamen.
They are specially desirable for winter blooming as
they will bloom more freely than in summer
covering themselves with flowers.
We offer nice small flowering plants for
next spring.
Price only 10 cents each.

CESTRUM.

Night Blooming Jasmine. Producing small, in-
comparably, very fragrant flowers in great profusion.
A single plant will perfume a whole garden in 6 cts.

CRON. 

Aurea Maculata. An elegant foliage plant
for pot culture, of easy culture, suiting best
in hot sun-shine. Forms neat, well shaped plant
with long, narrow green foliage, gorgeously
spotted with golden yellow.
Very showy. Should be included in every collection.
10 cents.

Clerodendron Balfouri.

A tree growing climber of great beauty. The
flowers, when in bloom, are contained in a
bush-like calyx of pure white. When trained on
a trellis the drooping branches have a rich and
elegant appearance. Never before offered so
cheap.
Price, 6 cents.

Fruit Choice Grape: Vines for only 50 cents. For full particulars see inside cover page.
Autumn Glory. A beautiful pink of the largest size. The exact shade is reddish salmon, which gradually changes to a soft pink shrimp. It is entirely distinct from all other varieties in color, and has attracted great attention wherever shown. 10 cents.

Black Hawk. The largest and most beautiful dark crimson scarlet yet introduced. Looks like crimson velvet; the very shade so much desired in Chrysanthemums. Flowers of immense size on fine stiff stems. Price, 15 cents each.

Golden Wonder. A grand variety of dwarf, sturdy habit. Flowers very large, broad reflexed petals; color, rich old gold yellow, shaded deep yellow at centre. Price, 5 cents each.

Major Bonnaffon. Bright clear yellow; the yellow for all purposes. Produces flowers six to seven inches across on straight stiff stems of good length. An ideal Chrysanthemum, show worthy, should be included in every collection. Price, 6 cents each.

Maud Dean. A beautiful large pink, which has been universally accepted as the standard of excellence for all pink varieties. It is a splendid shade of pink, almost rose. Distinct and valuable. 6 cents.

The above set of ten choice exhibition varieties, postpaid, for only 65 cents.

The Best Three
Extra Early "Mums."

Most varieties of "Mums" are too late to bloom successfully in the open ground in the North. The following varieties are extremely early, hence valuable for outdoor planting, as they bloom early in the season before being damaged by frost.

Glory of the Pacific. The very best pink yet introduced for early autumn flowering in the open ground. Of magnificent size and depth, with broad petals which finely reflex, showing the clear pink color to advantage. Of sturdy, vigorous, compact habit, producing its flowers on stiff upright stems. Truly a grand novelty that should be included in every order. Price, 10 cents each.

Lady Fitzwigram. Unquestionably the largest pure white Chrysanthemum grown, blooming the last of September. Flowers of good size, outer petals reflexed and incurved slightly incurved. Color, purest snow-white; of dwarf habit. Largely grown for cut flowers, as it is the first in market. 10 cents.

Yellow Monarch. A first-class new variety. Valuable on account of its extreme earliness; of dwarf but vigorous habit, flowers medium large, color, rich golden-yellow. A fine companion to the preceding varieties. Price, 10 cents each.

The above set of Early Pink, White, and Yellow Chrysanthemums for 25 cents.
Standard List of Chrysanthemums.

The following list will be found to contain the most desirable new and old varieties. We have selected them with the view of having as great a variety in style and color as possible. In growing so many varieties we frequently find two or more too near alike in such cases we rejected the one which was useless to grow so many varieties. Our list is entirely to discard.

Admiral Dewey. Pure deep crimson yellow. Japanese reflexed petals; very easy, healthier growth. A grand new variety and one that will give satisfaction. 10 cents each.

Dawn. Very large, double flowers; color delicate soft pink. Florence Fullman. Very large, pure white; of deep build and good breadth. Among the finest varieties of the same color. The growth is one of the finest and fullest. 10 cents each.

Frank Hardy. An ideal white flower of great depth; of the incurved-petal Japanese type. A remarkably strong, healthy grower. Very highly praised wherever exhibited. 8 cents.

Golden Trophy. Incurved, high button flowers; has been cultivated in many parts. 4 cents each.

Ivory. Dwarf habit; large globular flowers. The most popular early white variety.

Mrs. W. H. Flippin. Pure white, petals incurved and interlaced into silky-like appearance. 10 cents each.

A small, pure white, interlacing, petals, outer petals recurving close to the stem.

Herons Plume. Pure white, petals curled and interlaced into silky-like appearance. 4 cents each.

Ivory. Dwarf habit; large globular flowers. The most popular early white variety.

Mrs. W. H. Flippin. Pure white, petals incurved and interlaced into silky-like appearance. 10 cents each.

A small, pure white, interlacing, petals, outer petals recurving close to the stem.

Mistakes. Dendriform the same yellow yet introduced. Color. rich dark yellow, large, hairy, perfectly round balls. A grand flower in every respect; especially desirable for exhibition use.

Mrs. Craig Lippincott. A grand yellow flower eight inches or more across. By many this is considered the best yellow.

Nivius. A grand white "Mum." Easy to grow and very satisfactory in every respect.

Miss Minnie Wannamaker. Creamy white, of very large size, and so much incurved as to resemble a white ball.

Mrs. Henry Robinson. One of the finest white varieties of medium size. 8 cents each.

One of the finest of its class in cultivation.

Louis Buhmer. Delicate soft pink; petals finely incurved and well covered with hairy-matted, a strong type, forming large, perfect flowers. 8 cents.

Mrs. Zieglbomhauer. Of enormous size, bright pink, with broad, incurving cupped petals well covered with hairs. The largest of its class, growing ten to twelve inches or more in diameter. A very pleasing variety. 6 cents.

White Elegance. White variety, being a sport from Louis Buhmer. An elegant variety. 6 cents.

White Swan. Closely incurved, high, well covered, petals, producing large, perfect flowers. 8 cents.

Price, 8 cents.

The set of six Ostrich Plumes for only 35 cents.

Hardy Pompon Chrysanthemums.

Fred Feno. Crimson, tipped with gold. Very fine. 1 cent each.

Golden Fleece. Clear golden-yellow. Of the best. 1 cent each.

Mrs. Bateman. A lovely orange brown. 1 cent each.

Nellie Ramford. Distinct but, Try it. 1 cent each.

Rosianzante. Delicate blush rose. 1 cent each.

Price of Pompon Chrysanthemums, 6 cents each; 5 for 25 cents.

Ostrich Plume Chrysanthemums.

The peculiarity in this class consists of a covering of short glandular hairs on the root of the petals. These varieties are mostly of the large recurved class, showing the hairy growth to advantage. No collection is complete without a few of this class. All who try them are pleased with the results.

Louis Buhmer. Delicate flesh pink; petals finely incurved and well covered with hairy-matted, a strong type, forming large, perfect flowers. 8 cents.

Mr. Zieglerhau. Of enormous size, bright pink, with broad, incurving cupped petals well covered with hairs. The largest of its class, growing ten to twelve inches or more in diameter. A very pleasing variety. 6 cents.

White Elegance. White variety, being a sport from Louis Buhmer. An elegant variety. 6 cents.

White Swan. Closely incurved, high, well covered, petals, producing large, perfect flowers. 8 cents.

Price, 8 cents.

Price, except where noted, purchaser's selection, named, 6 cents each; not named, 5 cents.

Our selection, not named, 7 for 25 cents; 15 for 50 cents.

REMEMBER THERE IS NOT A POOR VARIETY IN THE ENTIRE COLLECTION.

DON'T Blame us if you do not have a collection of choice Chrysanthemums next autumn. We are prepared to furnish you with the best of these varieties, and are offering them at a price that is so low that we must induce everybody to grow them. There is not an inferior variety in the entire list. It costs so much to grow a good variety as a poor one. Churches, Aid Societies, &c. should write for special prices in quantities for shows. Our prices will surprise you.
The Carnation is the sweetest and most beautiful flower (except perhaps the rose), in cultivation. Too much cannot be said to induce people to plant them. The flowers are fragrant and are borne in the greatest profusion. Their deliciously rich fragrance, in conjunction with the brilliant colors and good outline of flowers, make them very desirable. The everblooming cultivars are admirably adapted for winter bloom in the house, and are the main dependence of florists in the construction of floral designs in the winter. Carnations should be planted in the open ground early in the spring. A little frost will not injure them, and if planted for winter blooming, they should be pinched back and not allowed to bloom until September, when they should be taken up before frost, and will bloom profusely all winter with little care.

The following list comprises the very best varieties to date:

- **Helen Keller** This fine new Carnation created a sensation when first exhibited. Color pure waxy-white, delicately edged and penciled with carmine. Compact, upright habit, and a remarkably free bloomer.
- **Jacqueminot** Rich velvety crimson resembling the popular Jacqueminot Rose in color. A desirable variety in every respect, being quite distinct in color. **Price, 8 cents**
- **Lizzie McDowell** This popular variety is a cross between January White and Peter Henderson. Of healthy growth habit and one of the most remarkably free bloomers grown. The flowers are quite large, pure white and fragrant. **Price, 6 cents**
- **Minnie Cook** A very pretty new Carnation of fine habit, color purest white delicately penciled with carmine of compact habit, producing its flowers freely on stiff upright stems. **Price, 6 cents**
- **Mayor Pingree** A fine new Carnation very strong and vigorous grower. Flowers very large and double, color lemon-yellow, occasionally striped and penciled with pink. Probably the best yellow to date. **Price, 8 cents**
- **Postia** Intense brilliant scarlet of vigorous constitution and still considered one of the best varieties. **Price, 5 cents**
- **Starlight** Creamy-white with canary-yellow shadings. A fine healthy grower, producing flowers of good size in great profusion, exquisitely fragrant. **Price, 5 cents**
- **Wm. Scott** Still claimed to be by many to be the best pink variety. Of vigorous habit, flowers very large and double color. **Price, 10 cents**

**SPECIAL LOW PRICES.** Purchaser's selection, except where priced, labeled, 6 cts; 5 for 25 cts; 12 for 50 cts.

Our selection, not named, 7 for 25 cents: 13 for 50 cents.

Night Blooming Cactus.

**Cereus McDonald**. These are curious plants belonging to the Cactus family. Of climbing habit, producing enormous large bell-shaped flowers of rare beauty and exquisite fragrance, creamy-yellow in color. Flowrets open in the evening and close again before morning. Probably nothing in the flower kingdom attracts more attention than these, being one of these plants when in bloom. It is not uncommon for hundreds of people to call and see them. **Price, strong plants, 9 cts each; cuttings, 1 rooted, 8 cts.**

**CRAB CACTUS.**

A very desirable and attractive small growing Cactus, that produces up to 12 large bright red flowers in the greatest profusion during autumn and early winter. A well grown specimen will produce hundreds of flowers, literally covering the plant. It is of very easy culture requiring but little attention. **Price, 6 cts each**.
CHOICE DAHLIAS.

"Old friends are best." So we find the Dahlia again becoming popular, and why should they not as they are among our most popular annual flowers. Nothing can be more showy than a bouquet of Dahlias. We offer only a few desirable varieties.

DAYS ROOTS of most varieties can be supplied for early express shipments. All dwarf pot grown plants will be supplied. Pot grown plants will bloom just as satisfactorily as dry roots.

Apple Blossom, A pretty new Dahlia that combines all the shades of apple blossoms. Flowers quite large and double. Price, 15 cents each.

Blumenfalter. Rich light pink, densely pulvill and very double. 10c.

Catherine. The best pure yellow pompon, full to the centre, and perfect in every respect. A grand variety in every sense of the word. 15 cents.

Floral Park Jewell. Flowers of many colors, from rich maroon to blush white including beautiful folted and variegated forms, all on the same plant. 15 cents.

Gum. Deep crimson maroon; very double and a good bloomer. 10 cents.

Guinea Hen. Fine pompon. Solid crimson, white tipped pompon and pure pink flowers often appearing on the same plant. A fine bloomer, 10 cents.

Mignon. Very dark violet maroon pompon. Sometimes all black. 10 cents.

Mid Bond. Medium size, very double, clear canary yellow. A remarkably free bloomer. 10 cents.

Nymphea. One of the most beautiful Dahlias grown. Medium to large, always full to the centre. Color, clear light shrimp pink. Price, 15 cents.

Purity. Very large, pure white. A fine Dahlia in every respect. 15 cts.

Queen of Yellows. Medium size, clear golden-yellow. A remarkable bloomer. 10.

Storm King. (Blizzar,) Unquestionably the most valuable pure white Dahlia ever introduced. The flowers are show white, medium size, perfect form and full to the centre. In the most profuse bloomer on our grounds, literally covering itself with flowers throughout the season. Grand for cut flowers. Strong plants, 15 cts.

Terra-cotta. A magnificent little Dahlia, entirely distinct in color, being a peculiar terra-cotta shade of old rosi, of sat in habit, and a remarkably free bloomer. 10 cents.

Price of Dahlias. our selection, not labeled. 10 cents. Strong young plants, 3 for 25 cents; 7 for 50 cents.

Cuphea.

Cigar Plant. A very popular flowery pot plant, and found throughout the year an abundance of pretty scarlet tube-like flowers tipped white. Valuable for window boxes, baskets, vases, etc.

Centaurea.

Dusty Miller. Pretty ornamental white foliaceous plants. Unexcelled for borders, and very effective when grown singly or in conjunction with other varieties. Also desirable for center of vases, baskets, etc. 6 cts.; 5 for 25 cts.; doz. 50 cts.

Cobea Scandens.

A rapid growing climbing plant; grows from 30 to 75 feet high and bears beautiful deep blue bell-shaped flowers. For evergreen porches, etc. It has no equal. 10 cents.

DAY LILY, OR FUNKIA.

A handsome genus of hardy herbaceous plants introduced from Japan. They are remarkable for their neat habit, the fine character of their foliage and their beautiful, fragrant, white lily-like flowers. As a permanent plant in the garden, it is chiefly valued for its hardiness and beauty of color. Price, 6 cts.

Medio Variegata. Handsomely variegated green and white foliage. Very showy and attractive. 20 cts.

Dutchman's Pipe.

A very rapid summer climbing vine, bearing profusely, even on small vines its very odd but attractive flowers. Very hardy and attractive. Price, 10 cts.

Eunymous Japonica Aurea.

Japanese Golden Box. Very handsome evergreen decorative shrubs, which are very desirable for growing in pots or tubs as specimen plants. The foliage is a rich golden-yellow, and produce in abundance lovely yellow flowers. Any one wishing a fine foliaged plant will make no mistake in ordering this one. Strong plants, 10 cts.; 3 for 25 cts.

Eight Choice Grape Vines for only 50 cents. For full particulars see inside cover page.
Ferns are fast growing into favor and deservedly so, as nothing beautifies a room more than a few choice Ferns. We offer a few of the more easily grown varieties, all of which will thrive with ordinary care. They succeed best in a warm moist, shady situation, but will succeed admirably in the ordinary living room. The plants we offer are extra strong plants that will give satisfaction.

**THE FAMOUS BOSTON SWORD FERN.**

*Nephrolepis Excelsata Bostoniensis.* One of the most graceful and handsome Ferns. For single-specimen pot plants it has no equal. Its handsome green fronds often attain a length of four feet, and these arch and droop over so grace fully that the tendency is to call it the "Fountain Fern." 25 cts.

**DWARF SWORD FERN.**

*Nephrolepis Cordata Compacta.* This in our estimation, is one of the finest Ferns for house culture. Of compact habit with just sufficient arch to make them graceful. A single plant will soon fill a large pot with its beautiful fronds. Price, strong young plants, 10 cts. each; extra strong, 25 cts.

*Nephrolepis Davallioideae.* A very pretty dwarf variety of *N. semirotata* with beautiful fronds, each bearing little ferns. Some make fine specimen plants about the foot. Very ornamental. 15 cts.

**Pteris Arypnea.** (Silver Fern.) A very showy strong growing Fern. Fronds light green with a broad band of silver white down the centre of each. A very pretty variety, the white bands giving it an odd appearance. 15 cts.

**Pteris Alta Lineata.** A very pretty and useful Fern, especially for hanging baskets, vases, etc. Narrow green fronds with white band. Price, 10 cts.

**FUCHSIAS. Ladies Eardrops.**

Fuchsias are certainly one of the most graceful and interesting classes of plants grown. They are especially desirable for pot culture. They delight in a light, even soil, and a shady situation. Our collection contains the most desirable old and new varieties in cultivation.

**Arabella** is an old and very desirable variety. Tube and sepals white, corolla single rose. One of the best Fuchsias grown. Price, 6 cts.

**Avalanche.** A popular old variety and one of the best. Flowers golden-yellow. Tube and sepals, bright red; corolla large, double rich purple. 8 cts.

**Black Prince.** Tube and sepals large and broad, color, bright waxy-carmine, tipped green. In large single open pale pink corolla; of symmetrical habit and one of the very best in the list. 6 cts.

**Cari Halt.** Wavy white tube and sepals; corolla, distinctly striped white and red. Price, 8 cts.

**Dolly Varden** flowers globular, dark red tube and sepals, with rich dark blue corolla. 6 cts. each.

**Eim City.** An excellent old sort with immense double purpurea; sepals bright red. A very satisfactory variety. Price, 6 cts.

**Gloire de Marechi.** A fine new Fuchsia of excellent habit. Flowers very large, sepals red; corolla very large and double white. A variety that should give perfect satisfaction. Price, 10 cts.

**Jupiter.** The best mammoth double purple variety. Tube and sepals bright scarlet; corolla violet purple. Fine habit. Price, 8 cts.

**Lively.** Tube and sepals white; corolla single, brilliant crimson, tinted magenta. Price, 6 cts.

**Madam Brunant.** This is a novel and distinct Fuchsia, entirely different in color from any other variety. The flower is very large and double. A fine, large and uniform corolla with strongly recurved sepals. The corolla is of delicate long-trope color, outlined with rose, slightly marked and veined with crimson sepals. Price, 8 cts.

**Rose of Castle.** Bushy white tube and sepals; corolla single dark purple. Of upright habit. A very fine bloomer. 8 cts.

**Speciosum.** A grand old favorite, and unsurpassed for indoor blooming. Tube and sepals rose pink; corolla single bright crimson. A strong grower and one that deserves a place in every collection. Price, 6 cts.

**Wave of Life.** Foliage bright golden yellow; tube and sepals bright scarlet; corolla single bright violet, of fine habit and good blooming qualities. Price, 8 cts.

**FICUS ELASTICA.**

This is the India Rubber tree of commerce. It is unquestionably one of the most satisfactory decorative plants grown. Its wonderfully thick leathery leaves enable it to withstand the hot, dry atmosphere of the living rooms while its deep glossy green color always presents a cheerful aspect. It is particularly adapted to pot culture; may also be planted in the garden or pot sunk in the lawn during summer. The usual price is 20 to 75 cents each, but having an immense stock we will offer nice young plants by mail at 20 cents each. Larger plants by express, 35, 50 and 75 cents.

**FEVERFEW, Little Gem.**

This variety is valued very highly, surpassing the old sorts in every way. It is quite dwarf, attaining a height of about twelve inches. The flowers are large, perfectly double and of the purest snow white. Selected for all kinds of flower work. Price, 8 cts. each.

**FARFUGIUM GRANDE.**

**Leopard Plant.** Immense ever bright green leather-like leaves, irregularly blotched and spotted with golden-yellow. A very useful decorative pot plant. (See cut.) Price, 25 cents.

**GENISTA CANARIENSIS.**

A beautiful flowering greenhouse shrub, that flowers so freely as to cover the plant with its rich golden-yellow flowers. A well grown specimen of this plant when in full bloom is a sight that will not soon be forgotten. Price only & cts. each.
GLOXINIA HYBRIDA.

A most charming class of summer flowering bulbs that are easily grown and cared for as most of our common flowers. They will commence to bloom in six or eight weeks after planting the dry bulbs, and continue in bloom for two to three months. Their usual time of blooming is from June to September. They should be grown in a moderately shady situation as they dislike the bright sunlight. They are certainly the most magnificent pot plant grown. Their large, velvety green leaves completely cover the pot and are surmounted by clusters of lovely trumpet-shaped flowers of the most exquisite coloring.

Start the bulbs in a warm place in early spring, and when through blooming in autumn they should be dried up again and wintered in dry and dark place in a warm room.

The accompanying illustration is from a photograph received from a gentleman in Vermont which illustrates his success with bulbs purchased from us in March. What he has done, you can do. Indeed there is nothing we offer that gives better satisfaction.

The bulbs we offer are grown for us by an extensive grower in Belgium. We import annually large quantities of these bulbs, and almost invariably the supply runs out before the season is over. Everybody wants them at our popular price. Our bulbs are first class.

Price of Gloxinias.

We offer only varietal true-class bulbs one each for each size in diameter in the following four separate colors: Brilliant Red, Pure White, Rich Blue & Spotted.

Price only 5 cents each; the set of 4 for 25 cents; 60 cents per dozen; $4.50 per 100.

Ordinary Mixed Varieties, 5c. each; doz. 50 cents.

EUNYOUTH JAPONICA AUREA.

A splendid fern-leaved evergreen plant which should be grown by everybody, as it makes a magnificent pot plant for all sorts of decorative purposes, possessing a peculiar air of gracefulness not found in any other plant. The dust, heat, and gas of living rooms have no visible effect on it, and no collection of plants is complete without it. It is as effective as a Palm, cheap as a Geranium and makes a fine specimen in one season. It may be planted in the open ground in the South where it will grow to a large size and produce a profusion of pretty yellow flowers. In the North where it is not hardly its great value is as a decorative plant for which it has no superior.

Price, 8 cents, 4 for 25 cents.

GREVISSA ROBUSTA.

(AUSTRALIAN SILK OAK.)

Japanese Golden Box. A very handsome evergreen decorative shrub, which are very desirable for growing in pots or tubs as specimen plants. The foliage is a rich golden color in the centre with a thin dark green margin. They are perfectly hardy south of the Ohio River, and make fine specimens for the lawn. Price, strong young plants, 10 cents; 3 for 25 cents.

IVIES.

German or Parlor Ivy. A very rapid climbing variety, with smooth glossy light green leaves and yellow flowers. Unsurpassed for window decoration. 6c.

English Ivy. The well known and popular evergreen ivy but it is not nearly so commonly grown in England. Leaves are much used for cut-flowers work. 8 cents.

BRASILIAN PLUME PLANT.

Justicia carnea. A very interesting plant recently introduced from Brazil. A single-stemmed, light growing producing the pleionea-like pink flowers, the entire leaf drop cleanly in a characteristic manner. It is a plant with graceful habit and covered with plumes. Under side of leaves a beautiful metallic purple, making a very pretty pot culture or bedding. Price, 10 cents each.

THE TEMPLEN & SONS, GALLIA, OHIO.

SEEDS, PLANTS & BULBS, BY MAIL.

"O NEED A" packet of our choice.

Sweet Peas.

100 Named Varieties, one each of each, for 10 cents.

See Page 27.

W. cannot emphasize too strongly the desirability of these magnificent flowers.

If people realize the great value of this beautiful class of summer flowering bulbs as they should, there would be ten times as many planted. When we consider with what ease they are grown, how easily they may be had in bloom throughout the summer and autumn, how readily their vigor, how rapidly they multiply, what little trouble it is to care for the bulbs through the winter months, and last but not least, how cheap they are, we must admit their value. They are unsurpassed for value, etc., on the spikes will continue in bloom for a week or more after being cut. They are grown at our expense, in a large greenhouse, and put up in such quantity that should anybody read this to order a dozen or more. There is nothing offered in this or any other catalogue that will give more pleasure for the cost than a few of these flowers.

The bulbs we offer are grown on our own grounds from the best strains of French Gandevous and Lemoines Hybrid seed. The former are noted for the large size and fine form and colors of the flowers and trusses. The latter differs from them being earlier and having a large distinct blotch on each lower petal, giving them an Orchid-like appearance. The larger flowers in the above illustration is a very good representation of the Lemoine type.

We offer them only in our Superior Mixed varieties, comprising all colors from blush white through all the shades of pink, salmon, rose, yellow, striped, red and crimson. This grand mixture is sure to give satisfaction in every instance.

PRICE. 1st size blooming bulbs, 4 cents each; 5 for 10 cents; 12 for 30 cents. By express, $1.75 per 100.

2nd size all blooming bulbs, 2 cents each; 12 for 20 cents; 35 for 50 cents; 100 for $1.10, postpaid.

3rd size most of which will bloom this season. 1 cent each; 70 cents per 100, postpaid.
**GRANIMUMS** are the most popular bedding plants in cultivation. Everybody knows them and knows how to get along without them. Who would think of planting a flower garden, or even a bed without geraniums? There are millions of geraniums planted every year, and the demand for the increase. Geraniums are one of our specialties. We are better prepared this season than ever before to supply the demand. Those who will leave the selection to us can depend on receiving a fine assortment

### STANDARD DOUBLE GERANIUMS.

**Alpine Beauty.** A desirable new double pure white variety of excellent habit and a very free bloomer. Price, 6 cents.

**Beau Potievine.** Monstrous large, semi-double flowers, borne in immense trusses, very free blooming. Price, 15 cents.

**Contraste.** Flowers and trusses very large, color, brilliant orange carmine. A wonderfully free bloomer, and one of the most satisfactory varieties. 8 cents.

**Emilie de Girardin.** Immense trusses of clear rose pink flowers. A splendid variety of vigorous habit and a free bloomer. 66 cents.

**Firebrand.** Dazzling flame scarlet. One of the finest double scarlet bedder varieties in the entire list. 6 cents.

**Francis Perkin's.** In our estimation this is one of the best double pink Geraniums for bedding, an extra strong grower, with tall spikes of large, well formed flowers, color, brilhant pink, upper petals marked white, a noble variety.

**Golden Dawn.** There is no real yellow Geranium in existence. This variety constitutes the nearest. A bright orange scarlet with a distinct golden shading. A first-class Geranium. 10 cents.

**Grand Duchess Olga.** An entirely new and distinct combination of colors, rosy pink color, each flower covered, splash- ed and motted with rosy Carmine. Very fine. 15 cents.

**Grand Chancelor.** Dark soft velvety red shaded maroon. A grand variety that would be in every collection. 10 cents.

**Heterarch.** Dazzling scarlet, a remarkably robust grower and free bloomer. Much larger grow as a scarlet bedder than any other variety. A grand variety. Price, 6 cents.

**John Doyle.** Has all the requirements of a first-class bedding Geranium. Plant is dense and compact, blooms in large round clusters of brilliant scarlet, semi-double. 8 cents.

**La Favorite.** Still the most popular double pure white Geranium. Tough and free blooming and perfect. 8 cents.

**Mad Jowin.** One of the finest double Geraniums introduced in many years. Remarkably large variety of flowers and trusses, centres of flowers clear pink, bordered pure white. For freshness and beauty this variety has not been surpassed either for bedding or pot culturing. 10 cents.

**Mrs. Hayes.** One of the most popular double pink Geraniums; a remarkably free bloomer, and perfect in habit. 5 cents.

**Our Pet.** A new fine Geranium of dwarf, compact habit; always covered with flowers. Color, Light salmon. 6 cents.

**Pots de Foie.** Grown from the finest single pink white bedders. Nicely shaped florets and large trusses very freely produced. 6 cents.

**Madam Brount.** A brand new Geranium, and one of the most beautiful and robust varieties ever introduced. Color, white, veined and splashed carmine lake, each petal bordered with bright suggestion: a remarkably free bloomer. Always attracts attention. Price, 10 cents each; 3 for 25 cents.

**Mrs. J. Shaw.** Very deep pink Geranium. It is dwarf, compact habit and a profuse bloomer, producing a quantity of flowers completely filling the foliage, which is of a deep green color, with a dark crimson shade. Flowers are single color, a deep salmon rose at the centre, changing to white on the edge. Price, 15 cents.

**Standard.** Very fine blooming, and a profuse bloomer. Each flower is a rosy crimson, shaded crimson. Price, 10 cents each; 3 for 25 cents.

**STANDARD SINGLE VARIETIES.**

**Athlete.** The brightest invariable scarlet, large, nicely shaped flowers two inches in diameter. Extra choice variety. 10 cents.

**Bauer's Delight.** Very large, individual florets perfect. A remarkable free blooming habit; color, white with dark er veins and streaked and marbled white. One of the best. 10 cents.

**Cooper's Grand Duke.** Utterly distinct from any other variety of rosy carmine, changing to bright salmon at base of petals, a very not-so-fine color. Price, 8 cents.

**Countess de Lott.** Immense trusses of bright white flowers, with bright rosy-salmon centre. Remarkably free bloomer and has no superior for pot culture or bedding. 10 cents.

**Dryden.** New and rare. Bright rose-carminne with large white blotches on upper petals and smaller blots on lower petals. A free bloomer, standing sun and storm remarkably well. Very free bloomer and one that will stand in favor. 10 cents.

**Electric Licht.** Flowers very large, bright yellow and very brilliant velvety scarlet with distinct white eye. Always popular. Price, 6 cents.

**Favorite.** Flowers large and perfect in form, color, beautiful light rose-scarlet. Price, 6 cents.

**Gen. Sherman.** An exceptionally fine old scarlet bedder; flowers lack smallest truss of immense size and a free bloomer. 6 cents.

**G. W. Earle.** Flowers large, rose white with deep crimson shading at base; color very well distributed with crimson, a markedly free bloomer. 6 cents.

**La Venta.** In this variety we have a large flowered, pure white Geranium that does not turn pink in the sun. First class in every respect. 6 cents.

**Madam Sampson.** One of the best. Flowers and truss of immense size; color, bronze, shaded with carmine. Price, 8 cents.

**Mrs Anthony.** Color, deep crimson, bearing large, free blooming flowers. Color, very deep crimson. Price, 6 cents.

**Mrs. J. Shaw.** Very deep pink Geranium. It is dwarf, compact habit and a profuse bloomer, producing a quantity of flowers completely filling the foliage, which is of a deep green color, with a dark crimson shade. Flowers are single color, a deep salmon rose at the centre, changing to white on the edge. Price, 15 cents.

**Our Pet.** A new fine Geranium of dwarf, compact habit; always covered with flowers. Color, Light salmon. 6 cents.

**Sensation.** (New.) Color, clear light salmon, distinctity and deeply stippled white. One of the most perfect striped Geraniums we have yet seen. Very free bloomer. 10 cents.

**Theodore.** One of the most remarkable of our most free flowering and saltiest Geraniums. Flowers are large, perfect and freely produced with in dwarf and compact, throwing out numerous spikes of fine shaped flowers up to the fullest degree. Price, 10 cents each; 3 for 25 cents.

**Universe.** A magnificent large, ovoid, velvety scarlet Geranium. We can never grow enough to supply the demands. 10 cents.

**Van Beneden.** Fine large flowers of deep purple with white centre. Flowers bordered with scarlet, upper petals crimson, very free blooming. Price, 10 cents each; 3 for 25 cents.

### PRICE, our selection of Geraniums, labeled, 20 for $1.00. Not labeled, 25 for $1.00, by mail, postpaid.
**DOUBLE IVY-LEAF GERANIUMS.**

HIS is certainly a splendid class of climbing or trailing Geraniums, adapted to hanging baskets and to being trained on trellises or over porches. They have fine, thick, glossy foliage, which of itself would be of sufficient beauty to warrant their cultivation. They bloom with the greatest freedom during the spring and summer. They are very desirable.

**August Barlow.** A magnificent crimson scarlet Ivy Geranium. Flowers very large and perfectly double. 10c.

**Chatrain.** A charming shade of rosy pink. Fine double flowers. 8c. Chas. Turner. One of the best. Color, light scarlet with soft rose tint. 6c.

**FANCY LEAF GERANIUMS.**

L Elegant. This is the popular old variegated Ivy Geranium. Foliage regularly ordered with rose flowers. A very fine plant for vases or baskets. Flowers are simple, and a beautiful pink in color. Price, 8 cents.

**SCENTED GERANIUMS.**

Highly prized for their delightfully fragrant foliage. Much used in button hole bouquets and other cut-dower work.

**Balm.** Very large, fragrant foliage.

**Lemon.** Foliage small; very pleasing fragrance.

**Nutmeg.** Very fragrant, resembling the Apple Geranium in growth and fragrance.

**Heliotropes.**

These are well known and popular plants grown for the exquisite fragrance of their flowers, which are indis-pensable for bouquets and designs. They are admirably adapted for bedding in the summer or for pot culture, as they will bloom quite freely all winter if given plenty of heat.

**Heliotrope.** A new French variety of great beauty. Foliage beautifully variegated and mottled with bright gold, yellow and green. Flowers rich carmine which contrasts admirably with the variegated foliage. Price, 8 cents.

**Mad. Brant.** Unquestionably the finest variety we have ever seen. Plant of dwarf habit, though a strong and vigorous grower. It produces the largest truss of flowers of any variety we have ever grown. The flowers are large, purple with a large white eye. 6 cents.

**Snow Wreath.** The nearest approach to pure white yet attained. A fine bloomer, with large clusters of fragrant white flowers sometimes tinted with blue. Foliage is very broad and large. One of the very best varieties. 8 cents.

**Brazilian Plume Plant.**

A very interesting plant recently introduced from Brazil. A strong, upright grower, producing fine plume-like flowers, the end of each petal drooping in a charming manner. Laid in the fall, young plants are literallly covered with plumes. Suitable for pot culture or bedding. 10 cents.

**JASMINES.**

Very popular and desirable flowering shrubs. Highly prized in the South where they are perfectly hardy; also valuable in the North when grown in pots or tubs and wintered in the cellar. No collection is complete without a few Jasmines.

**Catalianum.** Semidouble; the popular old favorite, of simple habit. Pure white, star-shaped, fragrant flowers; commonly in bloom. One of the finest Jasmines grown. 8 cents.

**Grezellum.** A new Japanese variety. Beautiful pure white, semidouble, fragrant flowers; borne in clusters. 15 cents.

**Nudiflorum.** Perfectly hardy. Pretty golden-yellow flowers in early spring before the leaves appear. 6 cents.

HYDRANGEAS.

All the many varieties of flowers we grow have certain qualities that will stand more neglect, and in the same time more attractive than the Hydrangea. Can you name anything prettier than a well grown specimen in a tub on the front porch? The old Hortensia is the variety generally grown, but we want to tell you that there are several new and distinct varieties. If you wish to possess one of the most showy and distinctive things in the way of flowering plants in your neighborhood, plant a tub with several of the new varieties together, set it on your front porch, and your word for it. Your neighbors will all wish for a tub of Hydrangeas when they see yours in bloom.

NEW RED BRANCHED.

Ramis Pictus. Unquestionably one of the best Hydrangeas ever introduced. The new growth of wood and flower stems are of a bright deep purple color, giving it a very attractive appearance. It produces immense tresses of bright rose colored flowers, sometimes shading towards blue. Were we to grow only one variety it would be the New Red Branched, or Cynoacris as it is sometimes called. 8 cents.

Hortensia. A splendid variety that will always be a favorite. Its growth is strong and upright, forming excellent specimen plants. Flowers pink. 6c.

Otaka Monetosa. An improvement on the well known Otaka, having much larger flowers, produced on enormous tresses. Color, intense pink. A grand specimen plant for the porch or lawn. In bloom all season. 15 cents.

Stellata Pimbriata. This grand new Hydrangea is a strong, healthy grower, like all other Japanese varieties and is almost hardy, requiring but slight protection; this fact alone makes it one of our most desirable specimen plants. It produces immense tresses of pure white flowers in the greatest profusion. The petals are beautifully fringed, or notched. Price, 80 cents.

Thos. Fogg. A valuable variety introduced from Japan. Pure snow-white flowers, produced in immense tresses. Very desirable variety. 60 cents.

CHINESE HIBISCUS.

A MAGNIFICENT class of greenhouse shrubs introduced from China. They have handsome glossy foliage and very large, showy flowers often measuring four or more inches in diameter. Very valuable for pot culture or if kept from year to year in large tubs they will become quite large trees and bloom profusely. They will also bloom admirably if bedded out in the summer. They can be easily wintered in the cellar. The accompanying illustration is a good representation of double and single varieties. The Hibiscus is unin-It

Cooperi: Tricolor. This beautiful Hibiscus is one of rare beauty and is unsurpassed by any other plant in brilliancy of foliage; the leaves being beautifully variegated with olive green, pink and white, with beautiful single crimson flowers. One of the most desirable varieties. 8 cents.

Decorus. Foliage very large; flowers large on long stems, of a beautiful rosy carmine color. The stamens and petals are very showy. 8 cents.

Gon. do Courtigia. A very large, grand, single, light scarlet flower that always attracts attention. Try this noble variety. 6 cents.

Grandiflora. Rich glossy green foliage, blooming profusely throughout the summer, covering the plant with large, crimson-scarlet, single flowers. 6c.

Peachblow. New, double pink. For description see "Novelties." 15 cents.

Rubra. A magnificent, large, perfectly double, dark red variety. 8 cents.

Versicolor. Large, single flowers combining several colors, being hand- Some tired crimson, buff, rose and white. Price, 10 cents.

Can furnish large, well branched four-inch pot plants (except Peachblow) at 20 cents each.

IPOMEA, or

MOONFLOWER.

Grandiflora. A plant that grows and blooms well for every one. If planted out in rich ground where it has full exposure to the sun, it will attain a height of forty feet by the middle of October, blooming abundantly the entire season. The flowers are pure white, from 5 to 6 inches in diameter, emitting a rich jasmine odor at night. They begin to open about sundown, and close before noon the following day. 10 cents each; 3 for 25 cents.

IMPATIENS SULTANA.

Sultan's Balsam. A valuable pot plant; always in bloom, very showy and brilliant. Should be in every collection. Price, nice young plants, 10 cents each.

Learni, or Blue Moonflower. A magnificent companion to Grandiflora, bearing pretty, large,azure blue flowers 4 to 6 inches in diameter, which are usually produced in clusters of from 3 to 4. Unlike Grandiflora it remains open the greatest part of the day. 10 cents; 3 for 25 cents.

TWO GRAND IVIES.

German, or Parlour Ivy. A very rapid climbing variety with smooth, glossy light green leaves and yellow flowers. Fine for window decoration. 6 cents.

English Ivy. The well known and popular evergreen Ivy that is so largely grown in England. Leaves are much used for cut flower work. 6 cents.
NEW EVERBLOOMING WEEPING LANTANA.

After another season's experience we do not hesitate to restate our former statement, that this is unquestionably one of the most satisfactory vase or basket plants we have ever grown. It is the easiest culture of rapid growth and remarkably persistent in blossoms. Literally covering itself with flowers throughout the season, provided it has proper treatment. The young shoots are of slender upright growth, but as they increase in length and droop gracefully over the sides of the basket as shown in the illustration, we frequently count 60 to 100 clusters of flowers on a basket at one time. The flowers are of a purpleish rosy lilac color. We have sold over fifty thousand of this variety during the last two seasons. To produce the best results they require plenty of root room. Price 5 cts., 6 for 25c.

Lantana, or Shrubby Verbena.

The brilliant colors, robust growth and profuse blooming habits of the Lantana, render it one of the finest bedding plants that grow. The flowers embrace all the most delicate shades of orange, yellow, creamy-white, etc., changing from one distinct color to another as they increase in age and develop. The varieties described give a wide range of colors, and include the most distinct and profuse blooming varieties. They do well when grown in pots and may be trained in almost any desired form. They are easily wintered in any light dry cellar. Originally introduced from the West Indies in 1842. We offer the following varieties:

Alba Perfecta. Large, pure white flowers. Of dwarf compact habit and an abundant bloomer. 6 cents each.

Gold Cup. Pale cream-yellow flowers with bright golden center. Old reliable yellow. 6 cents each.

Harbor's Perfection. Foliage dark green, marbled and blotched with yellowish. Flowers buff and pink. 6 cents.

Innocence. Pure white with delicate lemon-yellow center, often pure white. 6c.

Med. Mail. Flowers but changing to lime, center of flower orange. A strong grower. Price, 6 cents each.

Michu Schmidt. Brilliant yellow, passing to pure vermillion. Flowers quite large. One of the best. Price, 10 cents each.

Papilion. White with lemon center, changing to delicate pink. Very pretty. 6c.

Versicolor. Golden yellow, changing to bright rose; dwarf habit; very fine. 6c.

THREE BEST HARDY LILIES.

We have neither the space or desire to offer a long list of varieties, many of which will not prove satisfactory. The following we consider the most beautiful and at the same time the easiest grown. Likewise the proper culture of them is one of the simplest and most satisfactory.

Auratum. The “Gold Banded Lily” of Japan. Unquestionably the best Lily known. A good bulb will produce from two to twenty flowers, each flower being from eight to ten inches in diameter. Color, pure white with a golden-yellow stripe through the center of each petal, and heavily dotted with brownish crimson spots. The bulbs we offer are imported direct from Japan. Price, 25 cts. each; 4 for 63c. Monster bulbs 10 to 12 inches in circumference, 35 cts. each; 3 for $1.00.

Lancifolium Rubrum. This is one of the most beautiful Lilies grown. The flowers are waxy, lily-white, beautifully spotted and splashed with carmine, delightfully fragrant varieties. Perfectly hardy and one of the easiest culture. Price, 15 cents each; 2 for 25 cents.

Speciosum Monstrum Album. Pure white variety with broad, flat stems and immense heads of flowers, often fifty flowers in a cluster. A very desirable variety in every respect. Price, 15 cents; 2 for 25 cents.

THE SET OF 3 VARIETIES, LARGE BLOOMING BULBS, 40c.

Lily of the Valley.

This beautiful little plant is very extensively grown for forcing in the winter and early spring months. The pellucid grace and beauty of its spikes of pure white flowers are very much admired in the construction of the most valuable baskets and bouquets. It is perfectly hardy, preferring a slightly shaded situation. Wherever planted the roots should not be disturbed for years, if at all. (See cut opposite.) Price, 5 cts.; 50 cts. per doz.

Lilium Triphyllum.

A winter-blooming plant of great beauty, producing in the greatest profusion very large and showy blooms of a bright yellow color. The plant is a complete mass of bloom for a long time during winter, and is one of the most beautiful winter bloomers it is possible to have. The flowers look as if the size of the showy Morning Glory, and no matter how small the plant is it will bloom profusely, and each year as it grows in size it becomes more beautiful. Price, 10 cents each.

MARANTA MASSANGANEA.

Maranta is a most beautiful ornamental plant, suitable for growing in pots for table decoration, etc., also valuable for window cases, etc. It has broad, bright green foliage, beautifully striped with dark red veins, the underside of foliage is metallic green. Of easy culture. One of the most showy plants in our greenhouse. Price, nice young plants. 15 cts.; 2 for 25 cts.

MONTBRETIA.

Crocosmia floribunda. This extremely brilliant and graceful summer flowering bulb throws up several flower stalks, which are loaded with splendid drooping spikes of blossoms from five to seven flowers long, also with numerous side spikes, the whole making a lovely display of color. The flowers are trumpet-shaped with six petals well turned back; the color is intense orange, the trumpet makes a very showy effect; also used as a piece in a vase or basket, it will attract great attention and praise from all who see it. Price, 5 cts. each; 10 for 50c., doz. 35c.

The Mexican Primrose.

A plant for everybody and one that will thrive in rich or poor, wet or dry soil, or in sun or shade and bloom profusely the year round. This plant is of trailing habit, drooping over the sides of the pot or vase. Its large, single, rich, pink flowers are very showy. 10 cts.
OXALIS ORTGESI.

Few new plants will give better satisfaction than this, as it is a perpetual bloomer in every sense of the word. It is in full bloom every day in the year, when grown in a pot of good soil and with ordinary care. It grows as freely as a Geranium in any situation. It is a shrubby plant like a Geranium or Pothos, in which respect it differs from other Oxalis. It grows twelve to eighteen inches in height, branching freely and loaded at all times with clusters of bright, golden, star-shaped flowers, which do not close at night like other Oxalis. Beautiful as the flowers are, it is still a splendid plant without them, on account of its highly ornamental foliage. The leaves are three-lobed, dark olive-green above and a beautiful shining metallic crimson-purple underneath, and wine colored stems. This makes a truly novel plant, as well as a very beautiful one, and should receive the attention of all flower lovers. Price, 10 cents.

PLUMBAGO.

Capensis. A plant worthy of more general cultivation producing large trusses of delicate azure blue flowers.

Capensis Alba. This is equally as desirable as Plumbago Capensis and identical in every respect except that it is not so beautiful and is a cream white. Price, 8 cents each; the two for 15 cents.

Passion Vines.

One of our most rapid climbing vines. Admirably adapted for glass windows, etc. They have peculiar shaped flowers that are much admired.

Constance Elliott. Pure white. A fine new variety. 6 cents.

Pfordi. Large, beautiful blue flowers. Very showy. 8 cents.

Chinese Dwarf, or Otaheite Orange.

This valuable and distinct variety of the Orange family is a dwarf, compact grower with glossy deep green foliage, which has a decided odor of the orange tree of Florida and is exceedingly bonerous, producing a wonderful profusion of pure white flowers of the most delicious fragrance, identical with the much sought for blooms of the Southern orange groves. Otaheite fruits immediately after flowering, bearing fruit about one-half the size of the ordinary orange, retaining in a marked degree their sweetness. This unique Orange cannot be equalled as a winter-hanging pot plant for house culture. Requires but little sunlight, and flowers and fruits when put to fifteen inches high. As a pot plant this dwarf Orange is one of the most novel and beautiful that can be grown. With a couple of plants of it you can have an abundance of the favorite delicate and fragrant Orange blossoms. We have grown a large stock of clean, virus-free plants that will bloom and fruit as soon, or this beautiful Orange. We recommend it to our friends as a novelty of sterling worth and merit. Price, 10 cents each; large, large plants, ready to bloom and bear fruit profusely at once, 25 and 40 each.

LEMON OF SICILY.

A handsome companion for the dwarf Orange as it bears fruit when quite small. The flowers are as fragrant as the Orange blossom: fruit larger than the Otaheite Orange but of fine quality. Price, 18 cents; large, strong plants, 50 cents.

OLEANDERS.

As tub plants they have no rivals. In October very profusely they or put in which it does not freeze. All the improved varieties bloom from May can be kept over winter in any kind of cellar. They love plenty of water and rich, well-manured soil. If the plants get too large, cut them in the open ground and out down to two or three feet and hundreds of young shoots will come up forming nice bushy plants.

Double White. Very large pure white double flowers. These, when produced in large numbers, they usually come semi-double on young plants. 15 to 20 pairs, according to size.

Double Pink. The well known variety with beautiful bright pink double flowers. Price, 10 cents.

Double Yellow. Large, semi-double, yellow flowers produced in large clusters. Price, 20 cents each.

THE 3 VARIETIES FOR 35 CENTS.

PANSIES.

Everybody knows what Pansies are, but everybody does not know that we grow the finest strain that can be found. Small plants, 25 cents perdoz; larger plants, 5 cents each.

Hardy Sweet May Pinks.

These are among our most desirable garden plants. They are entirely hardy and of dwarf, compact growth, making them very desirable for edges and borders, even as edgings for gravel paths. The flowers are the greatest profusion, perfectly double, double-scented and very sweet. Their exquisite fragrance should make them a classic in every garden.

Abbottsdorf. Color, deep crimson, marooned white. A strong grower and blooms in great profusion.

Her Majesty. Flowers remarkably large and double pure white, fragrant and beautifully fringed. One of the best.

Juliette. Bright every red center, variegated and laced with white. A fine variety.

Old Fashioned. The popular old variety of our grandmothers gardens. Color, deep rose-pink, beautifully fringed.

Souv. de Sale. Color, delicate soft pink, almost white. A fine new variety that should be in every garden.

White Witch. New white. (See Novelties) 10 cents. Price, 6 cents each. The set of 7 varieties for 30 cents.

**CHINESE FAN PALM.**

*Latania Barbonica.* This is the typical Palm and is more largely grown than all other varieties combined, (excepting the Kentias.) Its strong, healthy habit, large glossy green, fan-like leaves commend it to all. Nothing is more satisfactory as a decorative plant than a well-grown specimen of Latania. We grow this variety in large quantities, now having a large house full of them. We offer strong 2-year-old plants, from 3 inch pots, commencing to show characteristic leaves, at 25 cents each; larger 4 inch pot plants, 35 to 50 cents. Fine specimens, with 3 or 4 characteristic leaves, $1.00.

**KENTIAS.**

Another grand Palm that is becoming very popular. It differs from the Latania in being of a more upright, graceful habit. There are two varieties—*Balmoreana* and *Fosteriana,* in habit of growth differing slightly. Their graceful arching foliage render them unsurpassed for table decoration. Nice young plants, 15 to 25 cents each; larger plants, 12 to 18 inches high, 50 cents. Fine specimens, 15 to 18 inches, by express, $1. Larger specimens two or more feet high, $2.00 to $2.50 each.

**Seafortilia Elegans.**

Another very graceful Palm somewhat in the style of the Kentias, but of more rapid growth. Its graceful arching foliage making it desirable for table decoration. Fine plants, 12 to 15 inches high, 25 cents.

**Special Palm Offer.**

For only 50 cents we will forward by mail, postpaid, 3 choice Palms, including 1 Latania, 1 Kentia, & 1 Seafortilia, all strong 3-in. pot plants.

**FICUS ELASTICA.**

This is the India Rubber Tree of commerce. It is unquestionably one of the most satisfactory decorative plants grown. Its thick leathery leaves enable it to withstand the hot, dry atmosphere of the living room, while its deep glossy green color always presents a cheerful aspect. It is particularly adapted to pot culture, may also be planted in the garden or pots in the parlors during summer. Price, 25 to 50 cents each, according to size.

**MUSA ENSETE.**

(Abyssinian Banana.)

We know of no other plant that produces so striking an effect as a well-grown Musa. It is of remarkably rapid growth, a small plant attaining the height of 8 to 10 feet in season. If you want to astonish your neighbors order a Musa. Plant it about June 1st in a sheltered position, protected from strong wind and where it will have plenty of sunshine. The fewer and neater the soil the better it will be the result. Water freely in dry weather. Should be included in every collection. Strong young plants, 20 cents each. Larger plants ready in May, 50 cents to $1.50.

**Pandanus Utilis.**

Screw Pine. So called owing to the spiral arrangement of its foliage. Canna foliage one of our most desirable decorative plants. Of very easy culture, will becoming to a marked degree to the hot, dry atmosphere of our living rooms. Its dark, glossy green, gracefully arched, serrated foliage renders it unique. Excellent as a decorative plant. Strong plants 6 in. high, 10c; 3-in. pot plants, 25 cents each.

**Pandanus Veitchii.**

**Phrynium Variegatum.**

An elegant foliage plant somewhat resembling the Canna in habit of growth. The leaves being borne on erect stems a foot or more high, are 8 to 10 in. long. They are a bright pale green irregularly variegated white. In some leaves the whole area is white, while in others one half and again in others there are only a few irregular stripes. Strong tubers, 10c; 2 for 25c; 5 for 50 cts.

You should not fail to take advantage of our "Special Palm Offer" as given above.
New Parti-Colored Rose, BARONNE BERG.

We recommend this beautiful Rose as one of the best in the entire list of new varieties for general purposes. The flowers are medium to large size and produced in large numbers. The plant commences blossoming when quite young and continues throughout the season. The color is exceptionally fine and unique—a vivid rose, with bright yellow in the centre, which is altogether remarkable in a Rose. The foliage is clean and healthy. It is a vigorous and thirly grower, and will smartly take a place among the best Roses. Price, 10 cents each; two-year-old plants, 20 cents.

New Tea Rose, ENCHANTRESS.

This variety belongs among the leaders. It blooms with astonishing freedom, bearing its large, globular, double flowers in immense clusters. It is as freely blossoming as any Rose in our catalog. The color is creamy white, slightly tinged with pink in the centre. Of vigorous growth, fine foliage and highly valuable both in pots for late autumn and winter blooming, as well as for general planting in open ground during summer. Price, 10 cents each; 2-year-old plants, 25 cents.

American Beauty Rose.

Many of our friends know all about this grand Rose and value it accordingly. To others we would say that it is well known as one of the best and most valuable Roses, both for garden and home culture. Color rose crimson, exquisites shaded, and very handsome. Extra large, full flowers, exceedingly sweet, makes magnificent buds. A constant bloomer. Price, young plants, 20 cents each; two-year-old plants, 25 cents.

NEW HARDY EVERBLOOMING ROSE, BURBANK.

A perfectly hardy, free flowering everblooming Rose, raised by Mr. Luther Burbank, known the world over as the “Wizard of Horticulture.” The only Rose which he is willing should bear his name. Perfectly hardy, free flowering, everblooming Rose. The Burbank is without exception the freest flowering Rose in cultivation. The flowers are double, of fine form, nearly three inches across. The color is a deep rose pink, shading to a beautiful soft rose at the centre. The petals are well incurved, so that the centre is hidden. In September and October the outer petals change to a deep rich crimson. Delicately fragrant. Price, nice young plants, 10 cents each; two-year-old plants, 25 cents.

NEW HARDY, EVERBLOOMING CRIMSON ROSE, CLIMBING WOOTON.

To our minds this is one of the best Roses in this book, for these reasons: It is hardy, has no weak points, grows with wonderful vigor, blooms continually throughout the growing season, produces flowers that are putting less than superb, both in beauty and fragrance. These we think are points that make a good Rose; and in this variety we have one. It is a sport from the famous Rose, Sou de Wooton, and is identical with it, except that it is a strong rampant climber, growing in one season to a height of 20 to 30 feet, and possesses the wonderful profusion of its superbly formed flowers, which are bright in passing to violet crimson, really shaded. Price, nice young plants, 10 cents each; two-year-old plants, 25 cents.

Double White Hardy Climbing Rose, ROYAL CLUSTER.

Undoubtedly the most handsome Double White Hardy Climbing Rose yet introduced. Blooms in immense clusters. The name Royal Cluster has been given it because of the great size and beauty of its clusters. One hundred and nineteenth flowers and buds have been counted in one cluster at one time. The flowers are full, medium size, quite double, and beautifully formed. Color, white, sometimes faintly tinged blush. Has a delicious spicy fragrance. A hardy, vigorous climber and a producer of immense quantity of flowers, and being far superior in every way to all other hardy Climbers up to date. It does not mildew, and is remarkably free from insects and disease. Has no equal in its class as a forcing Rose for Easter decoration. Price, nice young plants, 10 cents each; two-year-old plants, 30 cents.
BRIDESMAID.
The pink sport from Catherine Mermet. It is a stronger grower than its parent, has handsome foliage, is shorter pointed and the flowers are a much livelier pink. A grand variety and the most popular pink Rose ever introduced, and the best seller. **Price, 10 cts. each; 2-yo-old plants, 25 cts.**

A GRAND OLD BEDDING ROSE, MALMAISON.

This grand old variety when used as a bedding Rose in summer has no equal as it produces the most perfect flowers. In the hottest weather Its rich flesh-colored flowers are of immense size double to the centre, and produced in abundance; and have the exquisite form and substance to withstand our hot dry summers. Very fragrant. **Price, 10 cts. each: 2-yo-old plants, 25 cts.**

MARQUISE DE VIVENS.

Here we have a beauty indeed. The flowers have a great depth and substance and are of fine globular form, with broad thick petals and large finely shaded buds. The color is a bright carmine at the edge of the petals, soon graduating into light rose and becoming last in the pale yellow of the centre. A brunt and showy Rose of the French section, very highly colored and blooming without reservation; it would be difficult to imagine a more lovely Rose. **Price, 8 cts. each; 2-yo-old, 25 cts.**

PAPA GONTIER.
The blooms are large and long, with thick broad petals of dark crimson crimson. The inner petals are a bright rose carmine and light up well at night Among the best in cultivation. **Price, 10 cts. each; 2-yo-old, 25 cts.**

ROBERT E. LEE.

A valuable new Tea Rose Color rich orange yellow; a good grower, has elegant long pointed buds on long stems which are produced in the greatest profusion. Its peculiar rich color is entirely distinct and attractive. **Price, 10 cts. each; 2-yo-old, 25 cts.**

A POPULAR OLD ROSE. SOMBREULL.

This magnificent variety has immense, finely formed flowers of beautiful white tinged with delicate rose; buds large and full blooming in clusters. A grand and beautiful Rose when in full bloom. **Price, 10 cts. each; 2-yo-old, 25 cts.**

MARECHAL NEIL.
Very large full, double, rich golden-yellow fragrant flowers. Decidedly the finest yellow Rose in cultivation when well grown. A grand rater Rose for the greenhouse or for outside culture in the South where more than a thousand and flowers have been counted on a single plant. Unfortunately it is not very satisfactory for the cultivation in the North. **Price, 12 cts.; 2-yo-old, 30 cts.**

POPULAR BEDDING ROSE. SANGUINEA.

A popular little bedding Rose. Foliage small, flowers intense glowing crimson and produced in the greatest profusion throughout the entire season. **Price, 6 cts. each; 2-yo-old, 25 cts.**

A LOVELY NEW TEA ROSE. GOLDEN GATE.

This magnificent Tea Rose is a cross between the two popular old Roses—Cornelia Cook and Safrano, and while combining the good qualities of both, is vastly more beautiful than either. A strong, healthy grower of rather slender habit, producing monstrous long pointed buds that open out to large double flowers: color, creamy white, blushed and bordered with rose, soft yellow at base of petals. **Price, 8 cts. each; 2-yo-old plants, 25 cts.**

NEW CRIMSON TEA ROSE. JOSEPH METRAL.

A fine new Tea Rose of special merit. A strong healthy grower; flowers large and of good form; odor, deep crimson red, shaded with purple, entirely distinct in color. A fine bloomer and first class in every respect. **Price, 10 cts. each; 2-yo-old plants, 25 cts.**

COUNTESS BRETEL.

Of strong, compact habit, with heavy dark green foliage. Flowers quite large and double; color, delicate apricot with rich orange shading, deepening toward the centre; of rich fragrance. A fine Rose. **Price, 8 cts. each; 2-yo-old plants, 25 cts.**

PAULINE LA BOUTE.

A pretty Tea Rose that will always give satisfaction owing to its easy culture and free blooming qualities; pretty delicate pointed buds, color, delicate rose, tinted salmon and fawn. We do not hesitate to recommend this Rose. **Price, 8 cts. each; 2-yo-old, 25 cts.**

MADAM SCIPION COCHET.

Colors a soft primrose yellow with rose shading. Deliciously sweet scented, and very unique in the size and shape of its buds. Well worthy a place in every collection, being entirely distinct and very pretty. **Price, 8 cents each; 2-yo-old plants, 25 cts.**

MADAM JOSEPH SCHWARTZ.

A most useful variety for pot culture, and in every way desirable for market purposes. Good peddler: color, white, beautifully flushed with pink. A noble Rose and one that should be included in every collection. **Price, 8 cents each; 2-yo-old plants, 25 cts.**

Striped Rose, RAINBOW.

A very useful and handsome Striped variety of strong, vigorous habit of growth. It makes fine buds and flowers of a beautiful shade of pink, distinctly striped and matched with bright crimson, shaded and toned rich amber yellow. **Price, 10 cts. each; 2-yo-old plants, 25 cts.**

Countesse Riza du Parc.

A splendid Tea Rose of robust, healthy habit and free blooming qualities. Is the style of the popular Brabant. Color, a very rich rose, shaded violet crimson. **Price, 8 cts. each; 2-yo-old plants, 25 cts.**
TEA ROSE.

Mdlle. Franciska Kruger.

The striking color of this handsome Rose places it at once in the front rank, and produces it in the open air. It is closely allied to Catherine Mermet and re-embodies it in every shade. Its flowers are extra large, very double and full, and are deliciously scented. The color is pale canary-yellow, passing to rich creamy-white shaded with pale rose. It grows strong and sturdy, blooms constantly and with great freedom.

Price, 8 cents each; 2-year-old, 25 cents.

MURIEL GRAHAM.

This superb Rose is from that favorite variety, Catherine Mermet, and is perfectly distinct in color from anything extant, which is a pure cream, faintly flushed rose. The habit of growth is similar to its parent. Sps out to Alexander & Sons, Belfast, Ireland, who consider it one of their best introductions. Well worth our recommendation.

Price, 15 cents each; 2-year-old, 30 cents.

Marie Van Houtte.

Duchess de Brabant.

Few Roses equal this in freedom of flowering. None surpass it in fragrance or vigor. The flowers are rather loose when fully open, but are beautiful in bud and are rich and peculiar in color. Color, light amber and salmon.

Price, 6 cents each; two-year-old, 20 cents.

THE PEARLS OF THE JARDINS.

The Pearls of the Garden. Canary or golden yellow, flowers large and beautifully formed. Handsome in every stage of development, from the smallest to the bud. One of the most popular yellow Roses. Price, 10 cents each; two-year-old, 25 cents.

MAD. MARTHA DU BOURGE.

THE POPULAR OLD ROSE, HERMOSA.

It would be a waste of words to write a lengthy description of Hermosa. It is too well known and too great a favorite. It is always in bloom and always beautiful. The color is a most pleasing shade of pink, very fragrant. A grand Rose for bedding or pot culture.

Price, 8 cents each; two-year-old, 25 cents.

JULES FINGER.

A magnificent Tea Rose of fine form and fragrance. Color, bright rosy scarlet, beautifully shaded with intense crimson. Very easy culture and always in bloom.

Price, 6 cents each; 2-year-old, 20 cents.

THE YELLOW HERMOSA.

Coquette de Lyon.

This is a most charming yellow Tea Rose, a grand grower, but a little borne. It is so free in flower as to be called the Yellow Hermosa. This is the best blooming pure Yellow Rose in our catalogue. It is a Rose that will please all who see it.

Price, 8 cents each; two-year-old, 25 cents.

LA PACTOLE.

A pretty little Tea Rose of easy culture and a remarkably free bloomer. Elegant pointed buds; color, clear sulphur yellow.

A little dandy for button hole bouquets. Price, 6 cents each; 2-year-old, 25 cents.

MARIE GUILLOT.

ONE OF OUR BEST.

This beautiful Tea Rose continues in popular favor, and still maintains its position as one of the best. White Rose. Price, 8 cents each; 2-year-old, 25 cents.

FINE CEMETERY ROSE.

CAROLINE MARNIESSE.

A finely etched, beading Rose that deserves more than ordinary attention. The flowers are medium size, pure white, very double and borne in clusters.

Price, 8 cents each; 2-year-old, 25 cents.

PRINCESS BONNIE.

This grand new Tea Rose is a cross between the well-known Bon Sente and Van François Bennett and has all the good qualities of both.

Price, 8 cents each; 2-year-old, 25 cents.

Maman Cochet.

It is a vigorous grower with beautiful foliage. In bud it resembles the Mermot family, being long and slender, borne on long, stiff stems. You can get an idea of the exquisite flower from the engraving. It is of the largest size and, as you will notice, the flower is built of rounds, and very double. The full, firm, rounded buds are long and elegantly pointed. As they expand the petals show great depth and richness, sometimes measuring two and one-half inches from base to tip. Shell-shaped, waxed, thick and shining, and overlap each other in folds of silver-pink, deepening to bright rose in the circle of unconspicuous stamens. Tips and reverse of petals show pearl-pink glints and shadings of rosy mauve at their base. Rich, full center has a glow of soft champagne orange. A perpetual rose.

Price, 6 cents; 2-year-old, 25 cents.
New Tea Rose

SNOW FLAKE, or WHITE HERMOSA.

It is a lovely new white Tea—the freest flowering Rose we have ever seen. The Rose was introduced by C. Strauss & Co., of Washington, D. C., and by them grown in large quantities for cut flowers, they claim it the most profitable white Rose they grow; that they have counted one hundred and fifty-three buds and flowers on one plant in a single day, and the plant less than a year old. Price, 8 cts. each; larger plants, 25 cents each.

MADAM CAMILLE.

A magnificent Tea Rose of extra large size; immense buds and double flowers. Color, delicate rose flesh, changing to salmon rose, flushed with carmine. Of remarkably easy culture. Price, 6 cents each; 2-yr-old plants, 20 cents.

BON SILENE.

Grown by every florist for its finely colored buds. Color, dark crimson rose, often changing to crimson. This fine Rose is equally valuable for bedding or pot culture. Price, 6 cents each; 2-yr-old plants, 20 cents.

Madame de Wattenville.

Color, a beautiful creamy yellow, tinged with rosy blush; large shell like petals, having bright crimson shaded border. If you want something fine try this. 10 cts.; 2-yr-old, 25 cts.

BON SILENE.

Grown by every florist for its finely colored buds. Color, dark crimson rose, often changing to crimson. This fine Rose is equally valuable for bedding or pot culture. Price, 6 cents each; 2-yr-old plants, 20 cents.

J. B. VARONNE.

Color, a soft China rose, changing to bright deep carmine of even shading. An extra good Rose and very sweet. Give its place in your collection of Roses. 10 cts.; 2-yr-old, 25 cts.

Mad. Welch.

An extra fine Rose, large double flowers of perfect form; the color is apricot-yellow, shaded toward the centre with orange, variable at times, sometimes coming bush, with deep centre. Certainly one of the finest in cultivation. Price, 8 cents each; 2-yr-old, 25 cts.

AGRIPPINA.

One of the best popular old Roses grown. Color, rich velvety crimson; of very easy culture and always in bloom. Unscented for bedding. If you want a first-class crimson Rose, you will make no mistake by ordering Agrippina. 6 cents each; 2-yr-old, 20 cts.

SAFRANO.

Bright apricot-yellow, changing to orange and fawn, sometimes tinged with rose. Valued highly for its beautiful buds: fragrant and a rampant grower; exceedingly profuse in bloom, and deliciously tea-scented. Should be in every collection. Price, 6 cents each; 2-yr-old plants, 20 cts.

Henry M. Stanley.

The color is a rare shade of amber rose, distinctly tinged with apricot yellow, towards the centre. Reverse of petals clear buff rose. The flowers are of good substance, extra large, finely formed, and very useful and fragrant. 8 cts.; 2-yr-old, 25 cts.

The Favorite Rose, Yellow Queen.

One of the finest yellow Tea Roses for outdoor planting, and one of the hardest of the Tea section. It blooms very freely and every flower is a prim. very large and fully double. Color, deep chrome yellow. Price, 8 cts.; 2-yr-old, 25 cts.
**The Beautiful New**

**WHITE TEA ROSE**

**WHITE MAMAN COCHET.**

The first Rose of the year, like its parents the growth is vigorous with rich, healthy foliage, producing large flowers or the purest white. In fact it is an exact counterpart of the beautiful Mamam Coch. We have named it in honor of this magnificent flower. It is one of the finest blooms of the season.

**Hardy Everblooming Rose.**

**Champion of the World.**

A very fine blooming, hardy Bourbon Rose of great merit introduced recently. Flowers very double and of large size, color lovely deep rose-pink. One of the few Roses that blooms continuously throughout the season that perfectly hardy.

**New Crimson Rose.**

**PRINCESS SAGAN.**

Flowers of this variety are the neatest crimson of any Rose in our entire collection. A single bud or blossom will catch the eye at a great distance, so brilliant is the color. Indeed, it is unmatched in its velvety richness, could well be termed "The Velvet Rose." It is as free in blooming as Don Silene.

**MME. WAGRAM.**

(Climbing Paul Neyron.)

A very rampant grower with very large full flowers of magnificent satin-rose color extremely beautiful when fully open. It is likewise, an everblooming Rose. We have designated the variety for the far West and South. Lake Paul Neyron in form. Extra good rose essential units.

**New Crimson Bedding Rose.**

**MARION DINGEE.**

Marion Dingee promises to be of extraordinary value. It is a strong, vigorous grower, making a handsome, stately bush, with large Hicks, deep green leaves. The flowers are large, beautifully cup-shaped. It is a deep blaze of crimson, one of the darkest, if not the very darkest and richest Tea Rose in existence.

**Everblooming Climbing Roses.**

**ALISTER STELLA GRAY.**

(GOLDEN RAMBLER.)

This is a new climbing Rose of distinctly merit, and is classed by many as belonging to the Rambler section of Roses. We know it to be a grand Rose, but have not tested its hardiness. You will make no mistake in buying it, as you will have a grand flowerer from which to choose. The flowers are a peculiar bloom, laden with bunches of Primrose-like buds of orange-yellow. Price, 8 cents; two-year-old, 25 cents.

**EMPERESS OF CHINA.**

(APPLE BLOSSOM ROSE.)

This is a new Climbing Rose of the greatest excellence. It commences to bloom in May and is loaded with its elegant blooms until December. There is no other Rose like it that will bloom for so long a time. It is simply wonderful. When it first opens the flowers are a beautiful red, but soon turn to a lovely light pink and it blooms so profusely that it almost hides the plant. Said to be perfectly hardy. 8 cents; two-year-old, 25 cents.

**CAROLINE GOODRICH,** or Running Gen. Jacqueminot.

This Hardy Climbing Rose has freely formed flowers, very double, and its fragrance is delicious. The color is the same as the well-known Jacqueminot, a bright crimson-scarlet. It makes a growth of from twelve to fifteen feet in a season. Flowers freely till fall. Price, 8 cents; two-year-old, 25 cents.

**REINE MARIE HENRIETTE.**

Flowers large, full of fine form, color, beautiful cherry-red, a pure shade, very double and sweet. An extra fine sort, sometimes called red flowering "Gloire de Dijon." Quite hardy. Price, 8 cents; two-year-old, 25 cents.

**MARY WASHINGTON.**

Its flowers are of medium size, pure white, perfectly double to the centre. Sweet, and borne in endless numbers all summer. It is a vigorous and rapid grower, and must at once become a general favorite. It makes a great profusion of fine buds, which become on long stems and usually in large clusters. One plant of this will produce more flowers than a dozen ordinary Roses. 8 cents, 2-year-old, 25 cents.

**CLOTH OF GOLD.**

**FORTUNE'S YELLOW.**

A rapid climber very vigorous, healthy habit, flowers in clusters, color, rich copper-yellow. Entirely distinct. Price, 8 cents; two-year-old, 25 cents.

**LA MARQUE.**

Very large, full fragrant flowers borne in immense clusters. Color, white with sulphur center; sometimes pure white. A grand Rose for the South. Price, 8 cents; two-year-old, 25 cents.
LA FRANCE Set
EVERBLOOMING
HARDY, ROSES.

We are often asked for Roses that are both hardy and everblooming. The Hybrid Teas of which the following are a typical example are just filling the bill. They originated by crossing the Tea Roses with the Hardy Hybrid Perpetuals, the result being a class that is almost entirely hardy, and at the same time con- tinual bloomers. Some of our very best Tea and French Roses are found in this class. A covering in winter will be found beneficial, although some varieties would winter over without. The following collection contains the best of the class.

PINK LA FRANCE.

We have always given this the first place—the Queen of Roses. Accounts come to us from all parts every year describing the great proflou of its bloom from June until frost, and extolling its fragrance and im- mense size. It is of superb form, and double as a Rose can be. No variety can surpass it in delicate coloring—silver Rose, shaded with pink. It has a satiny rich, hardy nature, and is the most useful of Roses, for it is hardly beyond question. 10 cts.; 2-yr-old, 25 cts.

THE RED LA FRANCE.

(OR DUCHESS OF ALBANY.)

We have no hesitancy in saying to our customers that this Rose stands at the head of all Roses, excepting La France. What we wish to impress is the fact that as a Rose for pot culture, it is identical with La France, excepting in three points. These are: A more vigorous growth in a larger and more expanded flower, and a deep, even pink in color: not shaded but what is called a solid color. 10 cts.; 2-yr-old, 25 cts.

WHITE LA FRANCE.

(AUGUSTINE GUINDOISEAU.)

Perhaps the best that could be said of this beautiful free flowering Rose is that it is a white La France, with just a tint of blush clouding its broad petals. The flowers are extra large, very full and finely formed, free growing, and makes a rich free bloomer and a Rose that one who grows Roses should miss. Price, 8 cents; two-year-old plants, 25 cts.

STRIPED LA FRANCE.

(MADAME ANGELIQUE VESSSET.)

Everybody knows the beautiful La France—a Rose that has always had such a ready sale that the demand has never been fully met. Striped La France combines all the good qualities of La France in growth, fragrance, shape of bud and flower: in fact differs from its color, being distinctly striped bright rose on a satin pink ground. 8 cents; 2-yr-old, 25 cts.

Souv. De Wootton.

Bright magenta-red, passing at base to fine violet crimson, richly shaded, flowers are large, full and round, with thin leathery petals and delicious tea scent, makes beautiful buds, and is excellent both for open ground and conservatory. Price, 10 cents each; two-year-old plants, 25 cts.

PERNET'S TRIUMPH.

Originated and sent out by Jean Pernet, one of the most celebrated Rose growers of France, who consider this the triumph of his life: one of the very finest of the Hybrid Tea class. The flowers are extra large, having broad, tissed petals, and long, tapering buds, with delicious Tea fragrance. Color, a fine clear magenta red, sometimes passing to a bright crimson. Price, 8 cents; two-year-old, 25 cts.

Kaiserin Augusta Victoria.

A beautiful Rose with elegant, large pointed buds and very large, full, double flowers; color, delicate creamy white, deliciously fragrant. The plant is a strong vigorous grower and constant bloomer. The flowers are on long still stems with rich, glossy foliage, making a fine Rose for cut flowers. Price, 75 cents; 2-yr-old, 25 cts.

The set of above 7 varieties for 50 cts. 2-yr-old plants, set for $1.00.

THE FAMOUS HERMOSA BEDDING QUARTETTE.

The old favorite Hermosa has always been held in high esteem as a valuable bedding Rose, being a remarkably free bloomer and of the easiest culture. The four varieties in this collection are all remarkably free bloomers throughout the season.

Pink Hermosa.

Everybody knows this famous variety. As hardy as an oak and always covered with its elegant clear pink bloom. There is not a shade of any color to mar its beauty. We doubt if any Rose ever grown will take its place. 8 cts.; 2-yr-old, 20 cts.

Yellow Hermosa.

Coquette de Lyon: This is a most charming yellow Tea Rose, a grand grower, has elegant buds, and is so free in flower as to be called Yellow Hermosa. This is the best blooming rose yet for outdoor culture, fine for pots. 8 cts.; 2-yr-old plants, 20 cts.

White Hermosa.

Snowflake. Pure white. It has been called the White Hermosa, and it resembles Hermosa in form and freedom of bloom, and is quite as valuable. For those who claim has been made for it as a fancy Rose, its persistence in bloom will make it a very popular variety for bedding or for pots. 8 cts.; 2-yr-old, 20 cts.

Crimson Hermosa.

Agripina. Beautiful dark crimson maroon, full and fragrant; very dole: a constant and profuse bloomer, extra good for outdoor culture, fine for pots. 8 cts.; 2-yr-old, 20 cts.
The Famous Pair of Soupert Roses.

Best for Pot Culture, Unequaled for Bedding.

If you want Roses that will give absolute satisfaction from the day you plant them, plant the famous "Soupert Rose." They are the Rose for the millions. Small plants quickly grow into large bushes, producing immense quantities of the most lovely flowers and buds throughout the entire season. They are hardy, but a protection in severe winters is beneficial. If we were confined to two varieties of Roses, they would certainly be the two Soupters.

Clothilde Soupert.

So famous has this superb variety become that it is almost unnecessary to describe it. Rose loves the world ever know it to be one of the best Roses. It is a strong, dwarf grower and a truly wonderful bloomer, producing clusters after cluster of finest formed flowers, in form they are distinct, large, round and flat, with beautifully iminated petals; perfectly full and double and deliciously sweet. The coloring effect is grand—ivory white shading toward the center to silvery rose. Whether growing in the open ground or in pots, the bush, through-out the growing season, is literally loaded down with its large, handsome flowers. For outdoor planting this Rose has no superior. Perfectly hardy if protected. *(Price, 8 cents each; two-year-old plants, 25 cents.)*

New Yellow Soupert-Mosella.

This splendid novelty comes from Germany, and like the famous Clothilde Soupert it is a Hybrid Polyantha, being a cross between a Polyantha and a Tea Rose. It is fully as hardy, equally as free blooming and of the same strong, bushy habit; flowers are perfectly double, produced in immense clusters and of the same Camellia-like form; buds exceedingly dainty and attractive: the color is creamy white, on beautiful light yellow ground which deepens to rich orange-yellow at centre. If you want a generally satisfactory Rose try this one. *(8 cts; 2-y.-old, 25c.)*

Japanese Polanths or Fairy Roses.

This is certainly the most desirable class of Roses ever introduced. They are what we would call everybody's Rose. They are exceedingly beautiful, and by far the most constant and profuse bloomer grown. You can depend on getting fully ten flowers to where you can get one from other varieties. The flowers are produced in clusters; often fifty or more buds and flowers in one cluster. They are of dwarf compact habit and of the easiest culture. They are almost hardy and can be wintered over anywhere with good protection.

ETOILE DE MAI.

This charming little Rose is of recent introduction. It is certainly one of the most profuse bloomers of the class: the plants being literally covered with nice double well formed flowers. Color, rich creamy white, darker at the center, changing to pure white with age. One of the most satisfactory Roses we grow either for pot culture or bedding 6 cts.

MIGNONETTE.

One of the most beautiful miniature Roses imaginable. The flowers are full and regular, perfectly double, borne in clusters, often thirty to forty leaves each. Color, clear pink, changing to white, tinged with pale rose. A constant and profuse bloomer. 6 cts.

MAD. CECILE BRUNER.

Of strong vigorous habit, producing its pretty little buds and flowers in greatest profusion. Color delicate salmon pink; very delicately formed buds. One of the best *(Price, 8 cents.)*

PARQUERETTE.

The flowers are pure white, about one inch in diameter. Very full, prettily formed, recalling blossoms of the double flowering cherry, and fully equals the double white Primrose in profuse blooming during the winter *(Price, 6 cents.)*

PERLE DE OR.

Entirely distinct; color old gold, changing to fawn and salmon; very double and like all of this class a remarkably free bloomer. A very desirable variety *(Price, 8 cents.)*

THE SET of six Polanths, all carefully labeled and forwarded by mail, postpaid, to any address in the United States, for only 35 cts. Two-year-old, the set for $1.

The Cherokee Rose.

A beautiful shrub much esteemed in the South. Deep glossy green foliage and large pure white, single roses in great profusion. Hardy in the South but requires protection in the North *(Price, 8 cents each.)*

George Pernet.

A strong growing dwarf variety, forming a perfectly round bush. It is continually in bloom. Color, bright rose with touches of yellow, and passes to peach-blow with silvery white shadings. The flowers are quite large for this class and produced in such great profusion as to literally cover the plant, producing a fine effect. *(6 cts.*

Myrophilla Rose.

Small glossy green foliage, evergreen in habit. Flowers semi-double, very pretty and sweet. Suitable for cemeteries, old walls, rock work etc. It is hardy in the South. Two varieties, red and white. *(9 cents each.)*
New Rambler Roses.

This is perhaps the most remarkable group of Roses introduced in many years. They are known as Rambler Roses, or Climbing Roses, and are of extraordinary value, especially the Crimson and Yellow Rambler. They are unquestionably the most valuable of all climbers, being perfectly hardy everywhere. There is nothing like them after they once become established in their strong, luxuriant growth, freedom of bloom and bright colors. Don't fail to try them.

The Popular CRIMSON RAMBLER. It is truly a remarkably beautiful and unfor-tunately for a novelty among hardy climbing Roses. It is a vigorous, rapid grower, making shoots 10 to 20 feet high in one season. When planted or grown as a bush it is equally desirable, producing in marvelous profusion innumerable clusters of flowers, in quantity and size, and in color a rich glowing crimson—an effect so strikingly beautiful as to baffie description. When in full bloom it forms a mass of luxuriant flowers, and in its native land it is known as the "Crimson Rose," so bright is its flowers. Grown as a perenniel on a trellis, it is extremely valuable. Price, $10 each; two-year-old, 30 cents.

The Yellow Rambler. This variety is grown in our own state by Mr. V. C. Price, and is of the same blood. What is said of White Rambler applies equally to this except the color of the flowers is pure yellow rose—the partially open buds being height, light earmine, this producing a strong and pleasing contrast. The numerous yellow stamens lend an additional charm to the flower. Price, 10 cents.

New Hardy Climbing Rose, HELENE. SEEDLING OF CRIM. RAMBLER. This valuable new Rose originated in Germany and is represented as being a great improvement over the popular Crimson Rambler. It is a seedling of Crimson Rambler of more robust growth and is wonderful in bloom. It sends up shoots in a single season to the height of twelve to fifteen feet. Flowers larger than Crimson Rambler, nearly double, and borne in clusters of 8 to 10 flowers, the double flowers, soft rose, violet-tinted, and yellowish white at base of petals, while the numerous anthers and plaid are pure yellow, rising boldly from the flower. We have grown a fine stock and offer it at reasonable prices. Price, only 10 cents: 2 for 25 cents. 2-year-old, 30 cents.

White Memorial Rose, ROSA WICHURAiana.

This is a new and distinct class of trailing Rose, making a perfect carpet with its creeping habit. It is very useful in permanent planting in cemetery plots, or in slopes of rockeries, as it is entirely hardy and produces its charming white flowers in the greatest profusion during the entire season being a favorite to stay, and in absence of question, a decided acquisition. There are several colors distinct from this one that will be offered the coming season. Price, 2-year-old, 25 cents.

Evergreen Hybrid Memorial Roses.

Baltimore Belle. Pale blush, variegated carmine, rose and white. Very double flowers, in beautiful clusters; the whole plant appearing a perfect mass of bloom. One of the two best of the type. Price, 8 cents; two-year-old, 25 cents.

Greville, or Seven Sisters. Flowers in large clusters and vary in color from white to crimson. Price, 8 cents each; two-year-old, 20 cents.

Prarie Green. Flowers very large and in very peculiar globular form: bright rosy-red, changing to lighter as the flowers open. Price, 8 cents; two-year-old, 20 cents.

Russell's Cottage. Dark velvety-crimson; very double and full. A profuse bloomer and strong grower. Price, 8 cents; two-year-old, 20 cents.

Price, 10 cents each; two-year-old, 25 cents.

Hardy Climbing Prairie Roses.

Baltimore Belle. Pale blush, variegated carmine, rose and white. Very double flowers, in beautiful clusters; the whole plant appearing a perfect mass of bloom. One of the two best of the type. Price, 8 cents; two-year-old, 25 cents.

Greville, or Seven Sisters. Flowers in large clusters and vary in color from white to crimson. Price, 8 cents each; two-year-old, 20 cents.

Prarie Green. Flowers very large and in very peculiar globular form: bright rosy-red, changing to lighter as the flowers open. Price, 8 cents; two-year-old, 20 cents.

Russell's Cottage. Dark velvety-crimson; very double and full. A profuse bloomer and strong grower. Price, 8 cents; two-year-old, 20 cents.

Price, 10 cents each; two-year-old, 25 cents.

The set of above 5 choice Hardy Climbing Roses, by mail, postpaid, for only 35 cents.
HYBRID PERPETUAL ROSES.

This class of Roses is admirably suited for garden culture, for forming permanent Rose beds, hedges, etc., where hardy Roses are needed. They are perfectly hardy, and though not constantly bloomers as the name would imply, they are nevertheless very desirable, as the flowers are of immense size and the rose itself, both in color, varying from pure white to glowing crimson with all the intermediate shades of blush, pink, rose, etc.

ANNI DE DISBACH.

Glory of Paris. Clear brilliant rose: flowers very large and beautifully cupped; of strong and vigorous habit. One of the best Roses in cultivation, and should have a place in every garden. 8 cts., 2-yr-old plants, 25 cts.

ANALEXIS.

This lovely Rose is a strong, compact grower and produces flowers which are very double and full and exceedingly sweet. Noted for their clear bright pink color. Very desirable. Price, 8 cts., 2-yr-old plants, 20 cts.

ALFRED COLOMB.

Extra large, round flower, very double and full; color, bright crimson. Very vigorous. Price, 10 cts each; fine two-year-old plants, 25 cts.

BALL OF SNOW.

It is of large size and perfectly double; color, pure white; quite fragrant. Perfectly hardy; blooms throughout the summer. A fine Rose in every particular. Price, 10 cts each; two-year-old plants, 25 cts.

CLOIS.

One of the finest flesh colored Roses grown. The flowers are simply perfection in form with fine broad cupped petals. Color, delicate satin blush with rose-pink center which soon becomes a strong, healthy crimson. One of the most desirable of all our large, double flowers. Price, 10 cts each; two-year-old plants, 25 cts.

GEN. WASHINGTON.

A magnificent old variety. Color, bright shining crimson. Flowers are large, of fine form and perfectly double. Blooms the first year and almost constantly. A very desirable variety for general purposes. Price, 10 cts each; 2-yr-old plants, 25 cts.

LADY EMILY PEELE.

Medium size, full, regular flowers; very sweet; color, pearl-white, occasionally tinged and shaded with rose blush. A vigorous grower of half climbing habit. 8 cts., 2-yr-old plants, 20 cts.

MAGNIF CHARTA.

A splendid sort. A bright clear pink, flushed with violet crimson and very sweet. The flower is extra large of fine form, double and full. A strong healthy grower and profuse bloomer. Certainly one of the best of its class. Price, 15 cts each; 2-yr-old plants, 25 cts.

MAD. GABRIEL卢IZET.

This is undoubtedly one of the most beautiful of all Roses. It is elegantly formed, very full and double and the color is a very distinct and handsome shade of coral rose beautifully suffused with lavender pearl; delightfully fragrant. 8 cts., 2-yr-old, 20 cts.

MAD. JOSEPH DESBOIS.

Growers of large size and fine form, full and double, color, blush white. A strong, vigorous grower. An excellent Rose in every respect. Price, 8 cts each; two-year-old Plants, 25 cts.

MARCHIONESS OF LORNE.

Flowers large, of an exceedingly rich and fulgent rose color, slightly shaded in the centre with red crimson; very sweet, full and finely capitated; long pointed buds. 8 cts.; 2-yr-old, 20 cts.
SWAINSONIAS.

Swainsonia Alba. A most desirable new everblooming pot plant, and one that we predict will become very popular. It is a decorative plant for the house both winter and summer. It is of the ease culture, succeeding with ordinary treatment; always in bloom. Its pretty green airy foliage and graceful racemes of pure white, pea blossom-like flowers, render it one of the most attractive plants in the greenhouse. Price, 10 cents.

Swainsonia Rosea. A companion for the above: identical with it in every respect except in color, being a bright red. Very showy. Just out and supply limited. 10 cts.

SALVIA.

These are very attractive plants of easy culture. They are highly prized for bedding, as they produce an abundance of beautiful flowers the entire summer.

Splendens. (Scarlet Sage) This is the very popular old variety so well known and grown by almost everybody. A very desirable and popular variety. Include it in your order. 6 cents.

Benfique. A new and improved red variety of scarlet Sabia, literally covered with blazing scarlet flowers all season. 10c.

Mormorata Nana. A sport from Splendens, having flowers borne in clusters and in contrast with scarlet foliage, producing a pleasing effect. A very free blooming variety. 6 cts.

Petens. A beautiful variety with spikes of lovely bright blue flowers. Very fine and desirable. 10 cts.

Sanseveria Zelandica.

There is no decorative plant that is more attractive in habit and foliage than this, and none that will stand as much abuse and neglect. It will grow and flourish in any dark corner and will stand rain and drought or heat. Indeed, the only thing that seems to check it is too much water or frost. The leaves grow to a length of 3 to 4 feet, and are beautifully striped or cleft with broad white variegations on a dark green ground. It has a singular beauty for decorative purposes, which other plants do not possess, and is useful for both summer and winter. See cut. Price, nice young plants, 10 cents each.

SMILAX.

A very graceful climbing vine, much used for decorative purposes. Of very easy culture, and a grand plant for window decoration. 6c.

SAXAFRAGA.

Strawberry Geranium. A well known and popular old plant that is admirably adapted for hanging baskets, vases, etc. A fine plant in every particular. 6 cts.

TRADESCANTIA.

Popular trailing plants, commonly called “Joseph’s Coat,” “Wandering Jew,” etc. Of very easy culture, and unsurpassed for baskets, vases, etc., having beautiful variegated foliage. We grow three varieties. 6 cts.

THrysACANTHUS.

Tritoma Grandiflora.

(RED HOT POKER.)

An attractive summer and autumn flowering plant, producing tall spikes of bright orange red flowers. Commonly known as "Flame Flow- er" or "Red Hot Poker Plant." Should be protected by covering of hoops or litter, during the winter, as it is not entirely hardy in some sections. Price, 10 cts.

TUBEROSES.

Excelsior Pearl. One of the most delightfully fragrant flowers grown. They can be successfully grown by anybody, provided you procure good blooming bulbs to start with. We only offer one grade, being the largest and best procurable. They should be planted during May or June and will bloom during August and September. Flowers pure white, delicately fragrant, and produced on tall spikes. 5 cts. each; 40 cts. per dozen.

Albino, or Orange Colored. A desirable single flowered variety, much earlier than the double sorts. Flowers very fragrant and true large. 6 cts.; 5 for 25 cts.

VARIETIES.}

Foliage distinctly bordered with creamy white; flowers single, very fragrant. A very desirable variety. 6 cts. each; 5 for 25 cts.

TWO CHOICE VINCAS.

We know of nothing more satisfactory for drooping over the edges of baskets, vases, etc. We offer the two varieties as follows.

Lady Hume Campbell. Certainly the most valuable double Violet in cultivation. Of strong, healthy growth and a remarkably free bloomer. Color dark purple. So persistent that it blooms the young plants in 2 inch pots last spring were literally covered with flowers. Price, 6 cts.

Stanley White. Large, perfectly double, pure white, fragrant flowers. Very free bloomer; one of the most desirable varieties, being the only double white variety. 6 cts.

Single Violet, California. A new large, single flowering, dark blue variety from California. Strong grower. 8 cts.

Hardy Russian. Perfectly hardy. Very double and dark in color, very fragrant and a free bloomer. It blooms early in the spring and in remarkable profusion for many weeks, and again at the approach of cool weather in the fall. Entirely free from disease of any kind. 10 cts.
HARDY PERENNIAL PLANTS.

FOR PERMANENT PLANTING.
The following list contains only such varieties as are perfectly hardy; once planted they will increase in size and beauty each year and do not require replanting.

NEW DOUBLE ANEMONE.
WHIRLWIND
Beautiful semi-double form of the autumn blooming white Anemone. In habit the plant is like the old Anemone japonica. Also, the same strong growth and healthy foliage and fully as free a bloomer. The flowers are two and a half to three inches across, with several rows of large white petals. Very durable, lasting much longer than those of the single variety. One of the best hardy plants for cemetery planting and excellent for cut flowers. 8 cts.; 4 for 25 cts.

NEW ACHELLEA.
The Pearl. This is now one of the most popular hardy plants. The plants are of very compact habit, presenting a perfect mass of lovely white flowers. The blooming quality of this splendid novelty is something remarkable, flowering in great profusion throughout the entire summer and autumn. One of the most desirable plants for cemetery planting. Price, 8 cts.; 5 for 25 cts.

Acquilegia, Columbine.

Chrysanthemum. Grows two and a half feet high, forming a bush two to three feet across, which is covered for two months with golden-yellow flowers with long spurs. One of the most distinct of the family. Price, 10 cents.

Coreopsis Lanceolata.
A beautiful, hardy border plant; grows fifteen to eighteen inches high, and produces its bright, golden-yellow flowers in great profusion the entire season. It makes a handsome vase flower when cut, and should be grown in quantity wherever flowers are wanted for table decoration. Price, 8 cents each; 4 for 25 cts.

Day Lily, or Funkia.

Aquilegia, Columbine.

Chrysanthemum. Grows two and a half feet high, forming a bush two to three feet across, which is covered for two months with golden-yellow flowers with long spurs. One of the most distinct of the family. Price, 10 cents.

Coreopsis Lanceolata.
A beautiful, hardy border plant; grows fifteen to eighteen inches high, and produces its bright, golden-yellow flowers in great profusion the entire season. It makes a handsome vase flower when cut, and should be grown in quantity wherever flowers are wanted for table decoration. Price, 8 cents each; 4 for 25 cts.

Day Lily, or Funkia.

Iberis Sempervirens.
Hardy Candytuft. A desirable hardy dwarf, evergreen variety of Candytuft, completely covering itself with pure white flowers in early spring. 10 cts.; 3 for 25c.

Iris Kaempferi.

This magnificent new class of Iris is among the most beautiful and desirable of our hardy summer flowering plants, and will unquestionably become more popular every season. In size of flowers, richness of coloring and beauty, they are indeed grand. The flowers are very large, averaging six inches or more in diameter, each flower comprising several shades and colors. The predominating colors are white and the various shades of blue, violet, purple, etc., with a golden yellow blotch at the base of each petal. An additional peculiarity is that they bloom later in the season than all other Iris. They commence blooming in June and continue in bloom for about three months.

We offer only true Japanese varieties, imported by us directly from the growers in Japan. They should not be confused with the ordinary mixed seedlings as frequently sold. Our field of Japan Iris last season was a grand sight when in bloom, attracting the most attention. We grow about twenty-five distinct varieties, which are grown separately and numbered consecutively, so that when a dozen or more are wanted you are certain to receive no two alike.

Price, strong roots, 15 cents each; 2 for 25 cts; 5 for 50 cts.; 12 for $1.00.

NOTE. We would advise whoever, when a dozen or more Iris are wanted, to have them forwarded by express, as we can send much stronger roots than by mail. We, however, can forward them by mail when so desired.
CHINESE PAEONIES.

Perfectly Hardy Everywhere.

These are certainly one of our most exceedingly showy, effective and attractive plants for the garden. The flowers are large, perfect in outline, and most beautiful; indeed, it would be difficult to produce a more decorative and generally useful plant; rivalling in effect the Rhododendron and possessing the symmetry and fragrance of the Rose. As a cut flower it is of great value, as it remains in perfect condition a long time after being cut. They are perfectly hardy.

Our field of Peonies when in bloom last season was a sight well worthy of seeing, and attracted much attention. Peonies should be ordered early in the season before they start to bloom. We offer them in three varieties as follows:

- Chinese Alba. Fine, large, pure white, double flowers. A very popular variety.

Price of strong roots, 25 cents each; 3 varieties for 60 cents.

PLATYCODON GRANDIFLORA.

(BALLOON FLOWER, OR JAPANESE BELL FLOWER.)

A desirable, perfectly hardy, herbaceous plant that is well worthy a place in every garden. It is of easy culture and continually in bloom from early spring until fall. The flowers are large 2 to 2½ inches in diameter, bell-shaped with five petals. The flower buds before opening are not unlike little balloons, hence the name Balloon Flower. The flowers are very showy, reminding you of the large blooming Clematis, although not so large. We offer them in two colors: Pure White and Dark Blue. Price, 8 cents each; the two varieties for 15 cents.

HARDY PERENNIAL PHLOX.

The Perennial Phlox are among the most useful and desirable of our hardy herbaceous plants and should be planted largely. They succeed in any position and can be used to advantage either in borders or as edging plants in the mixed border or as large clumps or beds in the garden or lawn. Nothing on our grounds attracted more attention last season than a row of large, flowering Perennials. They were in bloom continually from July until frost.

Althis. Pure, large, light salmon. A very pleasing variety.
Amphion. Very deep purplish crimson. Large panicles distinct and fine.
Beranger. White, flushed and shaded toward centre with deep rose.
Cross of Honor. Deep rose, regularly striped with pure white.
Pantheon. Very large, salmon with darker centre. Fine.
The Queen. Pure snow white, dwarf habit and large panicles.
Washington. Pure white with distinct rose eye. An elegant variety.

Price, 8 cents each; 4 for 25 cents. Large two–yr-old clumps, 25 cents each.

PHLOX SUBULATA. (Moss Pink.)

A pretty creeping type with moss-like evergreen foliage, which in early spring is hidden beneath a mass of blooms: one of the very best plants in our collection for the rockery, and indispensable for covering graves or carpeting the ground. We offer two varieties:

Alba. Color of this variety pure snow white. A very pleasing and desirable variety.
Purpurea. Purplish rose colored flowers. Include it in your order. Price, 8 cents.

NEW DOUBLE RUDBECKIA.

"GOLDEN CLOW." A glorious new, perfectly hardy herbaceous plant, and one that will find a place in every garden. Of fine habit, vigorous growth, with very early and continual blooming qualities. It forms a large, well branched plant six feet in height, and completely covers itself with large, perfectly double golden-yellow flowers. A grand plant for the lawn; also excellent for cut flowers. 8 cents each; 6 for 25 cents.

HEMEROCAILLIS FLAVA.

Lemon Lily. A very desirable, perfectly hardy perennial from Southern Europe. The beautiful clear lemon yellow, bell-like flowers are produced in clusters on small stems during July and August in great profusion. Price, 15 cents each; 2 for 25 cents.

Hypericum Moserianum.

Our cut is a very good representation of an individual flower of this beautiful plant. It is perfectly hardy everywhere. The old and dead wood should be trimmed out early in the spring to make room for new growth. Forms a bush 2 to 2½ feet high, of slender, well branched stems. Color, bright golden yellow. Price, 10 cents; 3 for 25 cents.

LYCHNIS.

Nothing in the line of hardy plants will give more satisfaction than the new double varieties of Lycnhs. They should be included in every order. We offer the following varieties:

- Splendor Double Red. (Robin.) For a dense tuft of evergreen foliage, and in June its sends up tall spikes of handsome, double, deep red, flowers of a most exquisite fragrance, and remains in perfection from four to six weeks. Certain a very desirable variety. 15 cents each.
- Semperflora Plicata. This variety begins to flower early in the spring, and continues throughout the entire summer. The flowers, of a beautiful, tender salmon color, and is produced on long bushy spikes. Price, 15 cents each. The two varieties for 25 cents.

NEW MAMMOTH FRINGED HOLLYHOCKS.

A grand new class of Hollyhocks. Flowers very large. 4 to 6 inches in diameter; petals finely curved and fringed; colors ranging from shell pink to dark red. They bloom continually from June until frost. Entirely different from all other Hollyhocks. These are not kept separate, therefore cannot supply any particular color. Price, strong field grown roots, 20 cents; 3 for 50 cents.

NEW MAMMOTH MOSERIANUM.

HYPHYRUM MOSERIANUM.
**New Japanese Clematis, Paniculata.**

*(JAPANESE VIRGINIA BOWER)*

This handsome hardy climber is one of the choicest and most satisfactory climbing flowering plants we grow. The plant is of strong, rapid growth, with small deep yellow blooms, giving it a grace and elegance possessed by no other hardy climber, and even did it not flower at all, it would be one of our most desirable vines. The flowers appear in the greatest profusion during August, and continue late in the fall, are a creamy white color, and most deliciously fragrant. The plant succeeds in almost any position, not only is it well adapted to run up all kinds of supports, but is just as useful for planting among rock work, sloping banks, covering roofs, or in fact, in any position where a graceful vine is desirable.

We have grown an immense stock of this valuable new hardy vine and will offer it at a price within the reach of all.  

*Price, strong one-year-old plants, 10 cents each; 3 for 25 cents.*

**HARDY CHINESE MATRIMONY VINE.**

A most vigorous, hardy climbing plant when trained on a arbor, fastened to a fence, or in any location where a hardy, vigorous climber is desired. It sends out numerous side branches, and every new growth is at once covered with bright purple flowers, which are succeeded by brilliant scarlet berries nearly an inch long, every branch being loaded with them.

*Price, young plants, which will bloom and fruit this year, 10 cents each; 3 for 25 cents.*

**HONEYSUCKLES.**

*Aurea Reticulata.* (Golden-leaved.) A variety with beautiful, variegated foliage of yellow, white and pink. Very fragrant and desirable in every way.  

*Price, 8 cents each.

*Chinese Evergreen.* Blooms early all the season, very fragrant, buff, yellow and white.  

*Price, 25 cents each.

*Scarlet Trumpet, or Red Coral.* A rapid grower, bright red, with trumpet-shaped flowers. 

*Price, 5 cents each.

**BEAUTIFUL CHINESE WISTERIA.**

A very rapid growing, hardy climber that grows fifty feet or more in height, and produces long racemes of light purple flowers. This is unquestionably one of the most beautiful ornamental, hardy flowering climbing vines in cultivation. They will grow and bloom profusely under almost any circumstances. This variety was introduced from China in 1850.  

*Price, 15 cents each.*

Can furnish smaller Clematis at 35 cts. each. The set of 6 for $2.
HARDY ORNAMENTAL SHRUBS.

ALTHEA--Rose of Sharon.

Unsurpassed by anything in the Hardy Shrub line for freedom of bloom or range of color. From mid summer until frost, when few other shrubs are in bloom, the Althea is the most handsome, with its large camellia-like flowers of the most varied and beautiful shades.

- Double White. Pure white with crimson center. Very showy.
- Double Purple. Double bright purple flowers. Fine companion for the above.

Price, 15 cents each. The three for 40 cents.

CYDONIA JAPONICA--Japan Quince.

A beautiful shrub whether in flower or filled with its handsome fruit. Blooms early in the spring with bright scarlet crimson flowers. Can be grown successfully in any soil. Price, 15 cents.

CALYCANTHUS FLORIDUS.

This is the popular old delicately fragrant shrub, with velvety-purple, double flowers. Too well known to need description. 10 cents each; 3 for 25 cents.

DEUTZIAS.

They are among the most desirable hardy shrubs in cultivation. Like many others of our valuable flowering shrubs, they are natives of Japan. The flowers are produced in racemes from four to six inches long, and in the greatest profusion.

- Creatas s. p. Flower double white, in clusters of four to six inches long: one of our finest hardy shrubs. 8 cents each.
- Candidissima. A very valuable variety of strong growth, producing its pure white double flowers in abundance. 8 cents each.
- Weigelis. A grand variety with very large flowers borne in large, loose racemes; robust grower and very hardy. 8 cents each.

Hydrangea Paniculata.

A great favorite and there is nothing finer or more showy, whether for planting in large masses in parks or for specimen plants on the smallest lawn. It blooms profusely from July until frost, in immense white panicled, tinted with pink and then brown in the full matured flower. The plants should be cut back each spring fully one-half of the past season's growth, as the flowers are much finer if the plant is treated in this manner. The flowers are much finer and larger if grown in a good rich soil but the plant is so hardy and easily grown that success is almost certain in any kind of soil and in any situation.

Price, 10 cents each, 3 for 25 cents; 7 for 50 cents. Two-year-old field grown plants, 25 cents.

SPIREAS.

Spireas are hardy deciduous flowering shrubs of the earliest culture, and very desirable for planting in cemeteries or on the lawn. Neat in habit and continual bloomers throughout the season.

Bilcard. The beautiful rose colored flowers are produced in spikes during July and August. Price, 8 cents each.

Pramonia. Flowers like double white Daisies. This is a very early and prolific bloomer, and deserves a place in every collection. 10 cents.

Van Houtte. A beautiful variety with pure white flowers produced in clusters, and in great profusion. Very fine. Price, 8 cents.

New Crimson Spirea.

Anthony Waterer. A valuable and remarkable new shrub. This is one of those exceptional novelties that occur only at rare intervals, adding richness and beauty to our garden flora. It outshines Spires in brilliancy of color, being of a bright crimson, and a profuse and continuous bloomer, being in bloom the entire summer and fall. This is one of the spireas that cannot be too highly recommended for outdoor planting. Price, 10 to 20 cents, according to size.

SYRINGA GRANDIFLORA--Mock Orange.

The Syringa Grandiflora, Mock Orange, is one of the most desirable of shrubs grown. The fragrance and beauty of its pure white flowers make it a universal favorite. It grows to a height of ten feet and when in full bloom presents a beautiful appearance. They are perfectly hardy and withstand our severe winters without the slightest injury. Price, 10 cents.

SYRINGA AUREA.

Golden Leaved. A very pretty plant of medium size with golden-yellow foliage. It retains its color the entire season, and is valuable for creating pleasing and striking contrasts with both green and purple-leaved shrubs. Price, 10 cents each.

SNOWBALL--Viburnum Opulus.

A well known and favorite shrub, blooming in large clusters of globular white flowers the latter part of May. An excellent shrub, attains a height of eight to twelve feet; its flowers are always valuable for decorating. Price, 15 cents each.

WEIGELIA ROSEA.

Beautiful shrubs that bloom in June and July. The pretty rose colored flowers are produced in profusion as to almost hide the foliage. Very desirable for the border or for screening, also as specimen plants for the lawn. 15c.

Collection

Hardy Shrubs and Vines.

Eight for 50 Cents.

Nothing is more satisfactory for beautifying the lawn or home than a few hardy shrubs and vines. Once planted they require little or no care and will increase in size and beauty each year. We have a fine selection of the leading varieties one year old, six to eight inches high, and as an extra inducement we will forward by mail, postpaid, Eight Choice Varieties, our selection for only 50 Cents. In every collection we will include one Clematis Paniculata. 'Honeymoon.' Deutzia, Hydrangea Paniculata Mock Orange, Spirea and two other choice varieties. (We reserve the right to choose the varieties.)
Hardy Water Lilies

The ease with which Hardy Water Lilies are cultivated, the certainty of their blooming, the endurance of their foliage, and the mildness of their flowers of great variety of form and color, their delicate perfume and the great fascination in growing them, are making them the選擇 of pond owners. All of the varieties may be grown in half-barrels or tubs two-thirds full of well-enriched soil covered with an inch or two of sand. Plant in water and placed in a sunny position in the lawn or a fountain basin, though the cultivator generally becomes so enthusiastic in a season or two that he creates, which is easily done and at small cost. They are of the easiest imagi-
nable culture. Sunshine, Water and Mud meet all their requirements, supply these and they will reward you throughout the season with an abundance of beautiful flowers. We offer only the perfectly hardy varieties that will bloom in any pond. The tender varieties are interesting, but not satisfactory for general culture.

Egyptian Lotus

Nelumbium Speciosum. This is the Sacred Lotus of ancient Egypt. It is a remarkable plant, a sacred American in China and Japan. It is certainly one of the most beautiful and interesting plants grown in this country. The flowers are big, of monstrous dimensions. The leaves are dark green, irregularly blotched with white. One leaves has a delicate and scent unequalled by any other variety. Produced in profusion from early spring until destroyed by frost. Extra strong plants $1.00 each; smaller plants, 50 to 75 cents each, according to size.

Nymphaea Odorata Superba.

The superb Water Lily of the well-known Odorata. It is a remarkable strong, robust water plant, and produces its wonderful large, waxly white, double flowers from June to August. Price, strong roots, 25 to 35 cents.

This superb variety is the grandest of all the Odorata type, and cannot be too highly recom-
mended. The plant is robust and blooms continu-
ously until frost sets in. Leaves are about a foot in diameter, brownish green on the surface and deep red underneath, on long pedestals. The flowers on well-grown specimens are very large, measuring seven inches in diameter, color clear white, the tallest tints at the points and deepening to the centre of the flowers, the golden stamens indicating a lovely salt-
mint tint. Deliciously fragrant. A fine variety of American origin. Price, $1.00 to $1.50.

Nymphaea Alba Candidissima.

A large flowering English variety. Flowers six inches in diameter; petals very broad, pure waxly white. Leaves often measuring 18 to 20 inches in action. The earliest flowering variety, and continues until frost. Perfectly hardy everywhere, but delights in a warm situation. A superb variety, one of the best in cultivation. Price, strong plants, $1.00 each.

Nymphaea Marliacea Carnea.

A great acquisition; cannot be too highly recommended. Very robust and free flowering, producing magnificent flowers of a delicate flesh or blush tints; vanilla scented. A charming variety. Price, strong roots, $1.25 each.

Nymphaea Odorata Sulphurea.

One of the very best. Flowers large, fragrant, beautiful canary-yellow, with deep yellow stamens; the flowers hanging a few inches from the leaves. The leaves are deep green, mottled with reddish-purple or brownish spots. Very frag-
rant and a free bloomer. Price, 50 cents each.

Note: Water Lilies cannot be forwarded before warm weather. From May to Oct., (except Pontederia.)

WATER HYACINTH.

Pondenta. A very interesting water plant that attracts much attention wherever grown. Its unique foliage differs from other plants in having a bulbo-like suck such piled with air, which enables the entire plant to float on the surface of the water, without the water getting mixed with the walls.

WATER POPPY.

Limnocharis. A very pretty aquatic plant from Brazil, producing in great abundance its pretty, single, golden-yellow, poppy-like flowers. Of very easy cul-
ture and quite attractive; should be grown in shallow water. Price, 15 cents.
Our Popular 50-Cent Collections.

The following collections have been arranged for the convenience of those who do not care to take the trouble of making their own selections. We reserve the right in every case to select the varieties, but will in every instance select a good assortment.

In fact, you are very liable to secure the very best varieties for the reason that we always endeavor to grow the best varieties in the house. In many cases these collections are filled from varieties that we have named, and in others otherwise stated. Each plant will be carefully labeled, and all collections carefully packed and forwarded to destination, by mail, postpaid.

No. 1. Everblooming Roses. Thirteen choice named varieties, strictly our selection, no two alike. Price only 50 cents, postpaid.

No. 2. Hardy Perpetual Roses. In No. 2 collection we include only perfectly hardy Roses. Eight choice named varieties, our selection, for 50 cents.

No. 3. Polyantha & other Roses. Five choice varieties of Polyanthas, two Hardy Climbing, two Double Climbing, all beautiful, labeled, for 50 cents.

No. 4. Combination Rose Col. One of the most popular and desirable collections we offer, each collection will contain four Monthly Roses—red, pink, yellow and white; two Polyanthas—plum and white; two Hardy Hybrid Roses—red and pink; one Climbing Rose, and one Rambler Rose, our selection of varieties, all for 50 cents.

No. 5. GERANIUMS. The most popular plants. This collection will contain ten choice named varieties, 5 double and 5 single, all different, and carefully labeled for only 50 cents.

No. 6. Bedding Geraniums. Just what you want for a brilliant bed on the lawn. A grand assortment of single and double varieties, our selection, not labeled. Purchaser may state colors preferred. For 13 for 50 cents, by mail. By express, strong plants. $3.50 per 100.

No. 7. Chrysanthemums. A grand assortment including the best show varieties, by mail, postpaid, our selection, labeled, 12 for 50 cents.

No. 8. CARNATIONS. If there is any one collection that we can recommend as specially fine it is this collection of beautiful fragrant Carnations. By referring to pages 31 and 32 you will note that the collection will contain 10 choice varieties, all labeled, 10 choice labeled varieties, or 13 not named for 50 cents.

No. 9. Carnations & Hardy Pinks. This grand collection contains six beautiful Carnations and six Hardy Sweet May Pinks, all named, for 50 cents.

No. 10. FUCHSIAS. The most graceful flower grown. A grand assortment of double and single varieties, 6 double and 6 single for 50 cents.

No. 11. BECONIAS. Begonias are among our most beautiful and desirable pot plants. Eight beautiful varieties named, or ten not named, 50 cents.

No. 12. Brilliant Coleus. The most popular and showy foliage plants grown. Ten choice varieties, not labeled, for 50 cents.

No. 13. GLADIOLI. Nothing we offer in this catalogue is more satisfactory for bedding than the Gladioli, and nowhere can you procure a finer assortment. 25 choice blooming bulbs for 50 cents.

No. 14. TUBEROSES. These lovely flowers are now so cheap that everybody can afford to grow them and enjoy their delightful fragrance. We offer 15 Exotically Named Purple and White bulbs for 50 cents.

No. 15. GLOXINIAS. Ten blooming bulbs, choice mixed varieties of this lovely flower, postpaid for only 50 cents.

No. 16. Tuberous Begonias. This is one of the most desirable collections in the entire list. Everybody is delighted with them. For full particulars see page 31. Ten strong single blooming bulbs, assorted colors, 50 cents.

No. 17. POT PLANTS. In this collection we select only such plants as are best adapted for culture in the house. Ten choice varieties. 50 cents.

No. 18. BEDDING PLANTS. Comprising an assortment of plants suitable for planting in the garden, or for a bed on the lawn. Ten varieties assorted. 50 cents.

No. 19. BASKET PLANTS. This collection contains plants of a drooping or trailing habit. Just what you want for a choice hanging-basket. Will include one of the celebrated Geranium Species used in this collection. Ten varieties for only 50 cents.

No. 21. Decorative Plants. Comprising 1 Latania Palm, 1 Kentia Palm, 1 Pandanus Utillia, 1 Draena Indivisa, 1 Grevilla, or Australian Silk Oak. 50 cents.

No. 22. Cemetery Collection. 1 Achillea The Pearl, 1 Deutzia gracilis, 1 Hardy Hydrangeas, 1 Clematis Paniculata, 1 White Polyantha Rose, 1 Sweet Pink Rose, White White, 1 Japanese Spring Tulips, 1 for 50 cents.

23. Ornamental Foliage Plants. 2 beautiful Coleus, 2 Alchryphas, 1 Achryphans, 1 Maranta Massangeana, 1 Fairy Leaved Geranium, 1 Euphyon Japonica Aures, all for only 50 cents, postpaid.

No. 24. Climbing Vines. 2 Passion Vines, 1 Dutchman’s Pipe, 1 Parlor Ivey, 1 New Stonbergia Haroldis, 1 Smilax, 1 Asparagus Tenthelmi, 50 cents.

No. 25. Beautiful Ferns. This collection contains six beautiful varieties including the celebrated Sword Fern Silver. Nephrolepis Cordata, &c., of the celebrated Asparagus. 50 cents.

No. 27. PANSIES. Twenty-five plants grown from seed of the finest large show varieties. Twenty-five, by mail, for 50 cents.

Combination Collections.

No. 28.—2 Monthlies, 2 choice Geraniums, 2 beautiful show Chrysanthemums, 2 fragrant Carnations, and 2 graceful Fuchsia. All for 50 cents.

No. 29.—2 beautiful Chinese Hibiscus, 2 Latanaus, or Shrubby Verbenas, 2 fragrant Heliotropes, 2 choice Hydrangeas, white and pink, and 2 Salvias. 50 cents.

No. 30.—2 Double Hydrangeas, 2 Single Geraniums, 2 fragrant Fragrant Geraniums, and 2 Double Ivy Geraniums, all postpaid, for 50 cents.

3. New Climbing Nasturtium, Phloxes.
5. New Ageratum, Princess Paulina.
6. Fragrant Cardamon Plant, (Ammomum.)
7. Australian Silk Oak. (Grevilla.)

$1.00 Potted "DIAMOND" Plant Collection. $1.00

WE WILL FORWARD THE ENTIRE COLLECTION, BY MAIL, POSTPAID, FOR ONLY $1.00
STANDARD BRED POULTRY.

Three years ago in connection with our Seed and Plant business we offered eggs of three or four of the standard breeds of fowls. The demand for eggs was so great that it was impossible to supply the demand. In order to meet the demand we organized the "Poultry Association," consisting of a number of poultrymen representing the various breeds.

We exercise great care to have all breeds kept separate, they being, in most cases, bred on separate farms, thereby insuring purity.

Our Stock is all Standard Bred and has been judged and scored by a competent judge. We believe our eggs will compare favorably with those of other responsible breeders, and our prices are very reasonable.

The following list comprises the different breeds represented in our association, with prices at which we will forward eggs this season. Where two prices are given eggs can be furnished from two grades, the higher price being for show stock.

Can also furnish Cockerels of most of the above breeds. Price according to quality, $1.50 to $3.00 each. All eggs carefully packed and forwarded by Express, purchaser to pay charges. Eggs can be packed and forwarded together with plants if desired.

Send for our 32 page Poultry Catalogue.

How To Make Your Hens Lay.

USE CRUSHED OYSTER SHELLS.

A hen has more difficulty in getting the needed Carbonate of Lime to form the egg shell than any other part of the egg, and frequently do not lay for that reason only. Oyster Shells contain ninety-two per cent. of Carbonate of Lime, and are the best source of supply in the world. Keep the shells in an open box where hens can always have free access to them.

Last season we sold many tons of these shells. They are put up in sacks of 100 pounds each, and we quote them at the following very low prices, shipped from the factory at Baltimore. The freight to points East of the Mississippi River should not exceed 25 to 30 cents per 100 pounds if ordered in lots of 300 pounds or more at one time. Get up a club order among your neighbors and thereby assure a supply for yourself free. Regular price at factory, 60 cents per sack of 100 pounds; in quantity of 5 sacks or more, 45 cents per sack; 10 to 20 sacks at 50 cents per sack.
There is scarcely a yard or garden so small, either in city or country, that room cannot be found for a few Grape Vines. Realizing this, we have for the past two seasons been offering a Special Grape Collection, during which time we have sold over sixty thousand vines.

The collection we offer this season is truly a "Wonder." We receive many testimonials from our patrons, who wonder how we can send eight large Grape Vines for 50 cents.

We contract a year ahead for large quantities, which are grown for us by the largest Grape grower in the world, near Niagara Falls. We, last summer, placed a single order for twenty-five thousand vines, and by ordering large quantities, we secure them at a special price.

We have this season selected what our grower considers the best eight varieties grown for general use, including some of the newest, high-priced varieties. The collection consists of: Black, 2 White, and 2 Red varieties as follows:

**THE WONDERFUL NEW EXTRA EARLY BLACK GRAPE; Campbell's Early.**

This grand new grape is unquestionably the earliest grape grown, ripening early in August. Its strong, hardy, vigorous growth, thick, healthy foliage, extra early ripening, and abundant bearing of large, handsome clusters of large glossy black berries, form a combination equalled by no other grape; quality unsurpassed. Other houses are asking 50 to 70 cents for this variety. Our price for one-year-old vines, 20 cents each; two-year-old 35 cents.

**Concord.** Too well known to need description. We include it in the collection because it is one of the best grapes grown and should be in every garden. Price, 1-year-old 50 cents; 2-year-old 15 cents.

**Diamond.** In vigor of growth, foliage and hardiness it partakes of the nature of its parent, the Concord, while in quality the fruit is equal to the best tender varieties, and ripens two weeks earlier than the Concord. Color, delicate greenish white, tinged with yellow when fully ripe. Fruit about the size of Concord, very juicy and sweet. One of the best. 1-year-old 75 cents; 2-year-old 15 cents.

**Delaware.** Bunches small, compact and shouldered; berries rather small, skin thin, light red; flesh very juicy, sweet and delicious. Probably the sweetest and most delicious table grape grown. Price, 1-year-old 75 cents; 2-year-old 15 cents.

**Brighton.** This variety still remains one of the best red grapes for table use; in fact too much cannot be said in praise of its quality. In color, form and size it closely resembles the grand old Catawba, but ripens fully three weeks earlier. Quality unsurpassed. 1-year-old 10 cents; 2-year-old 20 cents.

**Micro's Early.** A seedling of the Concord, but truly two weeks earlier. Bunch medium, berry large and jet black; very tender and sweet, vigorous, hardy and productive. A No. 1 grape in every respect. Price, 1-year-old 60 cents; 2-year-old 15 cents.

**Niagara.** A grand white grape that was extensively advertised a few years ago and sold at $1.00 to $2.00 each. Very hardy and vigorous in habit; bunches large and compact; berry about the same size as Concord. Color, greenish white, changing to pale yellow, slightly amber in the sun; quality excellent, nothing and sweet. One of the best. Price, 1-year-old 30 cents; 2-year-old 20 cents.

**Worden.** This might be called an Improved Concord, being larger in bunch and berry; similar in color but more handsome; almost two weeks earlier and of better quality. Very vigorous and an enormous cropper. Largely planted both for market and home use. 1-year-old 10 cents; 2-year-old 15 cents.

**ALL FOR 50 CTS.** We will forward the entire collection of eight varieties, including the new Campbell's Early, all strong, one-year-old field grown vines, by mail, postpaid, for only 50 CENTS.

Never before were chives Grape Vines offered so cheap.

**REMEMBER:** They are all strong, dormant, one-year-old, field grown vines with roots two feet or more in length and cannot fail to grow and give entire satisfaction.

**SPECIAL OFFER.** Secure orders among your friends and neighboring farmers, and order three collections, and we will mail you an extra collection free for your trouble; or in other words we will mail you four collections for 75 cents. Last season we had several customers, who, when they received their collection, were so well pleased with them that they secured a number of orders from their friends. One person ordered every thirty collections, and several over a dozen collections each.

**TWO-YEAR-OLD VINES.** We have been frequently asked if we could furnish two-year-old vines. We are therefore prepared this season to furnish the above set in heavy two-year-old vines at $1.00 for the set, by mail, postpaid.

**CAMPBELL'S EARLY.**

**NIAGARA.**

**WORDEN.**

**BRIGHTON.**

**CONCORD.**

**DIAMOND.**

**MOORE'S EARLY.**
RUSSELLIA ELEGANTISSIMA.
SCARLET FOUNTAIN PLANT.
Price, 10 cts.; 3 for 25 cts.
